Evolution of the human life-wave on earth Helena Petrovna Blavatsky, 2017-07-01 A distinctive feature of Philaletheians compilations is that headings and side captions when available function as subtitles when read sequentially they impart the salient points of the entire compilation The value of this feature becomes apparent in long and complex analyses where Contents double as Train of Thoughts In this book pages 2 18 provide an outline of the main points the syllogism of propositions and further elaborations **Compiled Lectures by Rudolf Steiner** Rudolf Steiner, 2006 The New Avatar and the Destiny of the Soul Jirah Dewey Buck, 1911 **Human Evolution** Rudolf Steiner, 2014-12-15 Returning from travels in war torn Europe Steiner gives a stark impression of the conditions of the time encouraging esoteric work as a counter to the world situation Steiner analyses the gulf between contemporary culture and science which he says are characterized by narrow mindedness philistinism and ineptitude and a scientific approach to the spirit The wealth of spiritual thoughts and knowledge in these lectures remain as relevant today as they did when they were first delivered The Origin and Evolution of Primitive Man Albert Churchward, 1912 Anthroposophical Leading Thoughts Rudolf Steiner, 2013-04-02 Anthroposophy is a path of knowledge to guide the Spiritual in the human being to the Spiritual in the universe From the first Leading Thought This key volume contains Rudolf Steiner s so called Leading thoughts and Letters written for members of the Anthroposophical Society In brief paragraphs they succinctly present Rudolf Steiner s science of the spirit Anthroposophy as a modern path of knowledge Invaluable as clear summaries of Rudolf Steiner s fundamental lines of thought they are

intended not as doctrine but as a stimulus and focus for study and discussion Their intention as Rudolf Steiner states is to contribute to a unity and organic wholeness of the work of the Society without there being any question of constraint *The Sociological Review* ,1923 The Occult Movement in the Nineteenth Century and Its Relation to Modern Culture Rudolf Steiner,1973 Ways of thinking and the corresponding spiritual and social structures in any period of time are not accidental but are brought about by certain groups of human beings working systematically for good or evil Steiner gives an account of the activity of these groups working behind the scenes in the 19th century and points out their effects even in our time

The Origin and Evolution of Religion Albert Churchward,2000 Other than Sir James Frazer The Golden Bough Churchward is the only person to have written such a monumental work on religion In it he encompasses the complete evolution of religious ideas over millions of years The first humans from Africa worshipped elemental powers progressed into ancestor worship then finally began to recognize what we could term a Great Spirit Some of our earliest mythological stories are told including tales of Resurrection journeys to the underworld and the first hero stories Also explored are the meanings and true origins of sun worship tree worship phallic worship and serpent worship Ends with something we should all take to heart our religious evolution is definitely not over *The New Avatar and the Destiny of the Soul* Jirah D. The Origin and Evolution of Religion (Routledge Revivals) Albert Churchward,2015-06-03 Churchward s The Origin and Evolution of Religion first published in 1924 explores the history and development of different religions worldwide from the religious cults of magic and fetishism to contemporary religions such as Christianity and Islam This text is ideal for students of theology *Rudolf Steiner Speaks to the British* Rudolf Steiner,2013-11-06 As demonstrated by the contents of this book Rudolf Steiner was able to speak to the British in a very direct and lively way He did not need to give a long introductory build up to his main theme as was expected of him in Germany for instance but could refer immediately to esoteric ideas The intention of this volume is to give a fuller picture of Rudolf Steiner s work in Britain and his approach to esoteric ideas while on British soil Although the major lecture series he gave in Britain have been previously published this book gathers together various lectures addresses question and answer sessions minutes of important meetings and articles a good deal of which has been unavailable in English until now It also features a complete list of all the lectures and addresses Steiner gave in Britain making it a valuable reference book for students of Rudolf Steiner s work Wonders of the World Rudolf Steiner,1996-09
