Selected Essays of Delmore Schwartz Delmore Schwartz, 1975 *Selected Essays of Delmore Schwartz* D. Schwartz, 1970 *Selected Essays of Delmore Schwartz* Delmore Schwartz, 1970 *Selected Poems and Essays of Delmore Schwartz* Delmore Schwartz, 1970 *Selected Essays of D. Schwartz* Delmore Schwartz, Donald A. Dike, 1970 *Studies in Irreversibility* Benjamin Schreier, 2009-10-02

The premise of *Studies in Irreversibility* Texts and Contexts is that there is a big difference between phenomena practices processes and events that are irreversible and those that are reversible and moreover that this difference and its manifold implications remain underappreciated so long as the analysis of culture continues to anchor itself in an emphasis on the capacities of human agency If messianic modes posit a future to justify the present and so interpret the influence of the past the papers in this collection are devoted to examining the present of experience from the perspective of its uncompromising and irreducible past finding in irreversibility a key to an interpretation of futurity Together these papers outline a method of examining experience as something more or at least other than the desire to know it and in so doing they shed light on the powerful role of normativity in the narratives we construct in and about culture Through novel analyses from the disciplines of literature art criticism history philosophy ethnic studies and ethics the contributors to this book address key questions about the nature of irreversibility What differentiates the experience of the irreversible from the experience of the reversible How is irreversibility recognized What happens when we acknowledge something to be irreversible How has society contended with irreversibility and what sorts of tools exist today to interpret its significance Wary of impetuously fixing the meaning of a still elusive concept this volume collects papers that employ a wide array of methodologies mindful that no one critical approach may yet have proved itself Irreversibility is not simply a quality of the texts examined in this volume nor is it strictly speaking a lens through which otherwise coherent or stable texts are examined rather it emerges as a model that brings together texts and the thinking of them By together outlining a method of examining culture that moves beyond reliance on tropes such as functionalism teleology and chance tropes that have dominated twentieth century cultural analysis these papers help to inaugurate a new paradigm in the study of culture

Collected Critical Writings Geoffrey Hill, 2009 The *Collected Critical Writings* gathers more than forty years of Hill's published criticism in a revised final form and also adds much new work It will serve as the canonical volume of criticism by Hill the pre eminent poet critic whom A N Wilson has called probably the best writer alive in verse or in prose In his criticism Hill ranges widely investigating both poets including Jonson Dryden Hopkins Whitman Eliot and Yeats and prose writers such as Tyndale Clarendon Hobbes Burton Emerson and F H Bradley He is also steeped in the historical context political poetic and religious of the writers he studies Most importantly he brings texts and contexts into new and telling relations neither reducing texts to the circumstances of their utterance nor imagining that they can float free of them A number of the essays have already established themselves as essential reading on particular subjects such as his

analysis of Vaughan's *The Night* his discussion of Gurney's poetry and his critical account of *The Oxford English Dictionary* Others confront the problems of language and the nature of value directly as in *Our Word is Our Bond* *Language Suffering and Value* and *Poetry and Value* In all his criticism Hill reveals literature to be an essential arena of civic intelligence **The Shadow in the Garden** James Atlas, 2017-08-22 The biographer so often in the shadows kibitzing casting doubt proving facts comes to the stage in this funny poignant endearing tale of how writers' lives get documented James Atlas the celebrated chronicler of Saul Bellow and Delmore Schwartz takes us back to his own childhood in suburban Chicago where he fell in love with literature and early on found in himself the impulse to study writers' lives We meet Richard Ellmann the great biographer of James Joyce and Atlas's professor during a transformative year at Oxford We get to know Atlas's first subject the self-doomed poet Delmore Schwartz And we are introduced to a bygone cast of intellectuals such as Edmund Wilson and Dwight Macdonald the tall pines as Mary McCarthy once called them cut down now according to Atlas by the merciless pruning of mortality and of course the elusive Bellow a metaphysician of the ordinary Atlas revisits the lives and works of the classical biographers the Renaissance writers of what were then called lives Samuel Johnson and the obsessive Boswell and the Victorian masters Mrs Gaskell and Thomas Carlyle And in what amounts to a pocket history of his own literary generation Atlas celebrates the biographers who hoped to glimpse an image of them as fleeting as a familiar face swallowed up in a crowd With black and white illustrations throughout **The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism** George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction **Ernest Hemingway. Supplement to Ernest Hemingway** Audre Hanneman, 2015-03-08 This supplementary bibliography describes work by and about Ernest Hemingway published between 1966 and 1973 Part One lists publications by Hemingway including six recent books new editions of previously published volumes and work by other authors to which Hemingway contributed Translations and anthologies are entered as are previously unpublished writings and material reprinted in newspapers and periodicals including articles recently attributed to Hemingway The first half of Part Two lists 448 books and pamphlets on or mentioning Hemingway The second half describes work that appeared in newspapers and journals including articles reviews poems critical essays and textual studies Foreign publications are noted throughout Part Two Omissions to the first volume of the bibliography have been entered in each section Originally published in 1975 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
