Selected Essays of Lenin Vladimir Il'ich Lenin, 1970-01-01 *The Selected Essays of Meghanad Desai: Poverty, famine, and economic development* Meghnad Desai, 1995 **Selected Writings on Soviet Law and Marxism** P.I. Stuchka, Robert Sharlet, Peter B. Maggs, Piers Beirne, 2019-07-23 The Latvian born legal theorist P I Stuchka 1865 1932 generally recognized as one of the principal architects of modern Soviet legal theory and the Soviet legal system itself was a prodigious author and editor Twenty essays by Stuchka written between 1917 and 1931 were selected for translation Selected Writings on the State and the Transition to Socialism N. Bukharin, Richard B. Day, Stephen F. Cohen, Ken Coates, 2020-10-14 Underlying current controversies about environmental regulation are shared concerns divided interests and different ways of thinking about the earth and our proper relationship to it This book brings together writings on nature and environment that illuminate thought and action in this realm **Selected Writings on Marxism** Stuart Hall, 2021-03-22 Throughout his career Stuart Hall engaged with Marxism in varying ways actively rethinking it to address the political and cultural exigencies of the moment This collection of Hall s key writings on Marxism surveys the questions central to his interpretations of and investments in Marxist theory and practice It includes Hall s readings of canonical texts by Marx and Engels Gramsci and Althusser his exchanges with other prominent thinkers about Marxism his use of Marxist frameworks to theorize specific cultural phenomena and discourses and some of his later work in which he distanced himself from his earlier attachments to Marxism In addition editor Gregor McLennan s introduction and commentary offer in depth context and fresh interpretations of Hall s thought Selected Writings on Marxism demonstrates that grasping Hall s complex relationship to Marxism is central to understanding the corpus of his work *Alasdair MacIntyre's Engagement with Marxism* Paul Blackledge, Neil Davidson, 2008 This selection of Alasdair MacIntyre TM s early writings on Marxism and ethics aims both to fill a gap in the academic literature on MacIntyre TM s ethical theory and to offer a contribution to more recent debates on the ethics of revolution Russia in World History Mikhail Nikolaevich Pokrovskii, 1970 Lenin Paul Le Blanc, 2023-09-20 A welcome gift Highlighting Lenin s flexibility and cultivation of collective leadership Le Blanc brings out the practical activism and revolutionary patience crucial to organizing the oppressed on a rapidly over heating planet Jodi Dean author of *Comrade Crackling* with intellectual life Lars T Lih author of *Lenin Rediscovered* A wonderful sketch of Lenin s life and times Perhaps the best introduction available in English Michael D Yates author of *Can the Working Class Change the World* Vladimir Lenin lies in a tomb in Moscow s Red Square History has not been kind to this Russian leader his teachings reviled by modern mainstream politics But in today s capitalist society riven by class inequality and imperialist wars perhaps it is worth returning to this communist icon s demand for Peace Land and Bread and his radical understanding of democracy Lenin was wrestling with the question of what is to be done when facing the catastrophes of his own time Against the odds the Bolshevik party succeeded in rejecting both the corrupt and decaying Romanov dynasty as well as the

capitalist economic system which had started to take root in Russia To understand how this happened and what we can learn from him today Paul Le Blanc takes us through Lenin's dynamic revolutionary thought how he worked as part of a larger collective and how he centered the labor movement in Russia and beyond uncovering a powerful form of democracy that could transform our activism today Paul Le Blanc is an activist and acclaimed American historian teaching at La Roche University Pennsylvania He is the author of many books

Politics of Time Leszek Koczanowicz, 2008-08-01 What has really happened in Poland since the election of 2005 After such spectacular events as the practice of lustration and the questioning of solidarity with the European Union one has to ask what is the nature of this newly emerging society As with many of the recent developments in former communist countries that seem to be mysterious and irrational the situation and ensuing problems are complex and the answers neither trivial nor easy This book by the distinguished Polish philosopher addresses these complexities through the role of the communist past in post communist Poland It describes the events that led to the collapse of the Solidarity program and the growing influence of the nationalistic and religious parties in the government The author investigates the nature of social and political temporality and develops a theoretical framework that allows him to apply his conclusions not only to Poland but also to other formerly communist countries

Rethinking Marxist Approaches to Transition Onur Acaroglu, 2020-09-25 In Rethinking Marxist Theories of Transition Onur Acaroglu traces the concept of transition across the tracts of Classical and Western Marxism Rarely directly invoked transition between different societies appears as an imminent social reality and a useful conceptual tool for critical social theory Transitions as qualitative shifts between societies are often considered as eventual historical stages or effaced altogether Theorising transition in a new direction Onur Acaroglu elaborates a theory of temporal dislocation Considering transition through a framework of out of joint temporalities the notion comes through as an undervalued tendency in social reproduction

A Marxist Mosaic Jairus Banaji, 2024-07-01 Historical materialism as Marx understood this was always an integrated conception or field of research not one divided into separate disciplines The essays gathered in this volume are a remarkable example of how this works across a wide range of subjects as diverse as agrarian history capitalism Hegel's influence on Marx and class struggles in India They were written over some fifty years of both activism and academic work embodying Banaji's lifelong engagement with Marxist theory His recent papers on merchant capitalism can also be found here along with a biographical sketch that sets all of his work in context

The State, Identity, and the National Question in China and Japan Germaine A. Hoston, 2021-02-09 The first decades of the twentieth century witnessed an explosion of nationalist sentiment in East Asia as in Europe This comprehensive work explores how radical Chinese and Japanese thinkers committed to social change in this turbulent era

addressed issues concerning national identity social revolution and the role of the national state in achieving socio economic development Focusing on the adaptation of anarchism and then Marxism Leninism to non European contexts Germaine Hoston shows how Chinese and Japanese theorists attempted to reconcile a relatively new appreciation for the nation state with their allegiance to a vision of internationalist socialist revolution culminating in stateless socialism Given the influence of Western experience on Marxism Chinese and Japanese theorists found the Marxian national question to be not merely one of whether the working man has no country but rather the much more fundamental issue of the relative value of Eastern and Western cultures Marxism argues Hoston thus placed native Marxists in tension with their own heritage and national identity The author traces efforts to resolve this tension throughout the first half of the twentieth century and concludes by examining how the tension persists as Chinese and Japanese dissidents seek identity affirming modernity in accordance with the Western democratic model

Socialism Unbound Stephen Bronner, 2019-06-21 Socialism Unbound first appeared in 1990 The Berlin Wall had just fallen and the Soviet Union was in a crisis that soon would turn into its death throes Mikhail Gorbachev was still in power and incredibly it seemed as if his sclerotic communist state might yet make way for a new form of socialism with democratic political foundations Movements committed to liberal constitutionalism whose dynamics still remain theoretically undeveloped were taking to the streets almost everywhere in Eastern Europe Hopes on the left were high In the popular imagination however the final collapse of the Soviet Union in 1991 seemed to vindicate the policies of Ronald Reagan and Margaret Thatcher Laissez faire became the rallying cry for most former dissidents and the new party professionals in Eastern Europe Meanwhile in the West attempts to temper market excesses were condemned as anachronistic Left politics suddenly stood discredited Indeed soon enough the attack on socialism would turn into an attack on welfare liberalism and the values associated with the 1960s
