He calls in for reinforcement to clear his name. When the blast from the past blows through town, the cases against Omega take a drastic turn, leaving Tiara unsure what to believe, who to trust, or what her next move should be. Nothing is what it seems except that Ryder is out to take down his brother. He wants to get out of the street life and live comfortably with the money that he feels like his father owes him. Omega has the money but is not willing to share. This again causes Tiara and her kids to be caught in the crossfire. This time Omega is unavailable and she has no choice but to turn to A Quan. A Quan runs to her aid only to be dissed again. He finds that Omega has her heart and mind on lock. A Quan decides the only way to get his family back is to take out the SAVAGE and his little brother too.

Secrets of Past Lives Wayne Cook, 2018-04-20. A group once counting millions of practitioners successfully uncovered fantastic amounts of information concerning the universe. Discovering anything about the universe outside our small world is an extremely rare event in history. Technically, such depth of information never occurred at any time on Earth, including data recovered by the Magi. This group, Scientology, recovered a profound amount of data, some of which is related within *Secrets of Past Lives*. Millions of practitioners independently acquired this information before evil destroyed them as a group. Before the downfall, hundreds of thousands of people and more recovered much of the secrets contained within this work. As there are no further people recovering in that church, there is no longer a need to keep their secrets from you and from being lost for eternity. For the most part, this book is about you. Your history, your past, and what is in your present. Also, *Secrets* reveals how ability and sanity are at least equal to the sanest person you ever met. This life can once again become your own without the need of that lost church. Sanity turns out to be nothing like most of us were led to believe. This book contains myriad aspects of this universe in its complexity and its utter simplicity, never even suspected, such as what is going on in our world, the solar system, the local group, and the entire universe. Revealed are a few great mysteries of science: secrets of Ancient Egypt, continental drift, why we are here, astronomical oddities, and a vastly greater understanding of life. You will learn of who controls the core of space and why. You will find out why no one is in control of the remainder. You will discover what causes sunspots, variable densities of space, how our atmosphere smells, and why. You will learn why magic does not work well unless it is fun. You will find out why gurus sit on mountaintops. You will find out why and who keep this vital and fascinating data from us. In our past, as we gazed at stars and saw magic and mystery, as we attempted to live on Earth, we fell to sharing opinions of what is reality from those who yelled the loudest. Our world became a twisted, warring, dangerous place no person should endure. This book dedicates to removing millennia of misinformation to set our sights once more on finding reality out of the ranting of Authority. To the chance of fulfilling our greatest desire to discover a way to rejoin better worlds. Although reading these secrets is dangerous, you may key in deeply; you will never look upon life the same again. It is not easy, it is not without risk, but wouldn't you rather know?
