Fisher, 1992 An exploration of human behavior examines the innate aspects of love sex and marriage discussing flirting behavior courting postures the brain chemistry of attraction divorce and adultery in societies around the world and more Reprint *The Prophetic Call to Love and Justice* Arnold H. De Graaff, 2025-06-20 Scripture's compelling message of love and justice is powerfully relevant for today The implications of the Amsterdam way of interpreting Scripture are evident throughout the book It is both a personal and timely way of speaking to our disintegrating society The Prophetic Call to Love and Justice provides a meaningful and radical yet simple way of re-connecting with the Bible As one of the founders of the Amsterdam way of interpretation Karel Deurloo stated The opportunity to learn anew and understand the language of the Bible has been taken away Often the focus is on the assumed origin and history of a text a historical literary approach or a fundamentalist view creating a fragmented moralistic and doctrinaire emphasis which has alienated many from churches Instead Deurloo and others focused on the prophetic meaning that speaks to all of us as the living word of God today This alternative is rooted in the Hebrew Scriptures Its abiding prophetic message of love and justice is reiterated in the Gospels and apostolic letters Hence the choice of subtitle Rediscovering the Old Testament It is a joyful journey of discovery finding new meaning in the Bible for our lives **Love** Diogenes Allen, 2006-12-14 Love is often seen as overwhelming yet fleeting romantic passion between a woman and a man Diogenes Allen leads us to understand our love for families for friends and for God with an equivalent fascination and

intensity Christianity recognizes that every person carries an inalienable value simply by existing Love recognizes this value in other people and allows loved ones to exist freely in their own way Partners in romantic love even though they are hopelessly dependent on one another must struggle to support the other's independence As we struggle to realize our own dependence on others meanwhile recognizing their inherent worth without us our loves human and divine find new depth and passion

Love and Organization Michael Pirson, 2022-06-30 Organizations are not human but they are made up of people Examining the organization functioning growing and developing and moving together as one unit the well being and success of that organization depends on the well being of people that make it up Love in its various forms is the energy that motivates and fuels creativity care innovation progress and well being Traditionally organizational structures have been set up to support compliance and command and control which often discourages love and creates policies against love at the workplace The result has been reduced growth productivity and retention of businesses as well as reduced well being for employees This reduced connectivity between individuals has also at a higher level adversely affected society Without love people are working and performing with reduced energy and at reduced capacity While prior research has been focused on love at the workplace from the viewpoint of psychologists this book explores the impact of love within organizational contexts from various viewpoints including management psychology and philosophy It explores love in the organizational context by looking at how it affects meaning purpose well being motivation faith care spiritual development and how the identity and well being of each person in the organization positively affects retention and the growth and success of that organization It will be of interest to researchers academics and advanced students in the fields of organizational studies leadership and management
