The Adventure Stanley L. Bradley, 2004-06 This book *Land Of The Giants* comes at a time when we need to focus once more on huge and sprawling business concentrations looking currently at this as we enter full speed ahead into the twenty first century The present revelations are alarming with the number and names of giant players seeking mergers and industry consolidations at the ultimate expense of American consumers is somewhat staggering Business behavior and ethics have not improved at all from years past Predatory pricing arrangements outright discrimination secret merger fixes product tying arrangements and a host of other business ills and connivances are still around and going strong while business law enforcement is overwhelmed to the point of losing sight of important goals and producing inconsistent and unfavorable results This book on business giants includes a current and thoughtful analysis of present conditions crossing nearly every industry and including giants with such names as Microsoft American Airlines Office Depot and a host of many more The book also looks back in time to provide meaningful benchmarks for comparisons focusing on such colossal business dynasties as the Rockefeller Oil Empire and the monopolistic meatpackers of bygone years The question is addressed as to whether we as a nation have effectively moved forward in protecting the American consumer and smaller businesses from commercial abuses over the years a sad legacy which unfortunately encompasses much of our nation's business background Finally the largest giant of them all all pervasive government is granted some brief but important recognition including narratives on how deeply entrenched this institution has become Some interesting statistics on the endless size of government are presented plus a few horrifying tidbits concerning the proficiency of government at all levels notably including our friendly IRS Lastly if not more importantly this book is perceived as another wake up call on behalf of American citizens in recognition that power and concentration in anything be that business or government constitutes a successful formula for eventual abuse and the evidence is here For business power and concentration constitute the aggrandizement of wealth in a select few at the sizeable expense of the vast majority

story It s my story of survival *Process and Aesthetics* Ondřej Dadejík, Martin Kaplický, Miloš Ševčík, Vlastimil Zuska, 2021-04-01 While Alfred North Whitehead did not dedicate any books or articles to aesthetics specifically aesthetic motifs permeate his entire philosophical opus Despite this aestheticians have devoted little attention to Whitehead most attempts to reconstruct Whitehead s aesthetics have come from process philosophers and even in that context aesthetics has never occupied a central position In this book four scholars of aesthetics provide another angle from which Whiteheadian aesthetics might be reconstructed Paying special attention to the notion of aesthetic experience the authors analyze abstraction versus concreteness immediacy vs mediation and aesthetic contextualism vs aesthetic isolationism For their interpretation of Whiteheadian aesthetics the concepts of creativity and rhythm are crucial Using these concepts the book interprets the motif of the processes by which experience is harmonized the sensation of the quality of the whole and directedness towards novelty The first chapter introduces Whitehead s philosophical method of descriptive generalization This method assumes that every philosophical system is based on a particular entry point We show that for Whitehead this entry point was aesthetics Chapter Two compares Whitehead and Dewey s philosophies to show that both viewed aesthetic experience in terms of complex rhythms this helps us better understand the differences and the continuities between everyday experience and art Chapter Three compares Whitehead s ideas with those of Henri Bergson showing the way art reveals the form of immediate experience and how the aesthetic experience of art relates to truth The final chapter details the processes that constitute aesthetic experience in a narrower sense analyzing aesthetic experience from the perspective of the types of abstractive processes it involves and the complex types of experience it produces *G. Havel David Gilbreath Barton, 2021-10-05 This is the story of a man who tried to resurrect the spirit of democratic life He was born into a time of chaos and absurdity and he took it as his fate to carry a candle into the night This is his story and the story of many others the writers artists actors and philosophers who took it upon themselves to remember a tradition that had failed so miserably it had almost been forgotten Václav Havel 1936-2011 the famous Czech dissident intellectual and playwright was there when a half million people came to Wenceslas Square to demand an end to Communism in 1989 Many came to hear him call for a free Czechoslovakia for democratic elections and a return to Europe The demonstrators roared when he spoke Havel to the castle they chanted meaning Havel for president And a few weeks later Havel became a most unusual president He was sometimes misunderstood and not always popular but by the time of his death in 2011 the world recognized Havel as one of the most prominent figures of the twentieth century Born into one of the most prominent and wealthy families in Prague Havel was the constant subject of attention and an artistic eccentric in a family of businessmen A young Havel and his family were cast by the Communist takeover as class enemies Havel traveled a dark road that ironically provided the experiences he needed to reconnect not only to his own ground of being but to the traditions of civic society This biography is the story of Havel's inward journey in his underground years and thus the story of how Havel the outsider became the ultimate insider as president of the nation In this intimate and sweeping portrayal of Havel David Barton reveals the eccentricities of the last president of Czechoslovakia and the first president of the Czech Republic Movies and TV:
