Women, Religion, and Space in China Maria Jaschok,Jingjun Shui,2012-10-02 What enables women to hold firm in their beliefs in the face of long years of hostile persecution by the Communist party state How do women withstand daily discrimination and prolonged hardship under a Communist regime which held rejection of religious beliefs and practices as a patriotic duty Through the use of archival and ethnographic sources and of rich life testimonies this book provides a rare glimpse into how women came to find solace and happiness in the flourishing female dominated traditions of local Islamic women s mosques Daoist nunneries and Catholic convents in China These women passionately often against unimaginable odds defended sites of prayer education and congregation as their spiritual home and their promise of heaven but also as their rightful claim to equal entitlements with men A Living Gospel Ellsberg, Robert ,2019-06-06 *Catholicism and Historical Narrative* Kevin Schmiesing,2014-01-30 Stories about the past shape not only the way people think about history but also the way they act in the present Nowhere is this truer than in the area of religion which has been and continues to be a powerful motivating force in the lives of billions around the globe In this volume Catholicism and Historical Narrative A Catholic Engagement with Historical Scholarship contributors explore the way stories are constructed and show how a focus on Catholic figures and concerns challenges common understandings of important historical episodes and eras Editor Kevin Schmiesing has gathered a distinguished group of scholars who in various ways call into question conventional story lines by highlighting previously neglected Catholic ideas and individuals Built on ample evidence and employing keen insight each essay is the result of cutting edge research in fields ranging from historical research on Puritan New England and the antebellum South to the history of abortion to the twentieth century papacy Students and scholars of religious history Catholic historians and anyone interested in the intersection of religion and history will all find here much to interest and maybe even surprise in the chapters arguments concerning the deficiencies of history s dominant narratives The volume s focus on the history of Catholics in the United States makes it essential reading for anyone seeking to understand the place of Catholicism in the American story **Traces of Indiana and Midwestern History** ,2000 **Life and Life-work of Mother Theodore Guerin** Mary Theodosia Mug,1904 **Stirring Waters** Diann L.
