School Year Ending ... with Announcements for the School Year ...** San Jose State College,1972 **Wisdom Literature** Roland E. Murphy,1981-11-24 Murphy sees three of the six books Proverbs Job and Ecclesiastes as being technically wisdom literature The others are either love poems or historical narrative that fit well within the context of the subject presented here In this volume previous form critical work is carefully evaluated and the result is a thorough going form critical treatment of this part of the Old Testament The work is enhanced by bibliographies for each Old Testament book and a glossary of general terms *Israel: the First Hundred Years* Efraim Karsh,2013-11-26 The end of the British mandate in Palestine heralded the birth of the new state of Israel It also marked the end of one of the most tumultuous and momentous chapters in Israeli history But the new state born into a hostile environment and struggling with the manifold demands of sovereignty would have to face many post Independence challenges to its existence not least in the form of armed conflict and confrontation with its Arab neighbours This volume examines the conflicts that from the 1948 until the 1967 Six Day War came to define the Israeli struggle for existence Combat Motivation A. Kellett,2013-11-11 What men will fight for seems to be worth looking into H L Mencken noted shortly after the close of the First World War Prior to that war although many military commanders and theorists had throughout history shown an aptitude for devising maxims concerning esprit de corps fighting spirit morale and the like military organizations had rarely sought either to understand or to promote combat motivation For example an officer who graduated from the Royal Military College Sandhurst at the end of the nineteenth century later commented that the art of leadership was utterly neglected Charlton 1931 p 48 while General Wavell recalled that during his course at the British Staff College at Camberley 1909 1 0 insufficient stress was laid on the factor of morale or how to induce it and maintain it quoted in Connell1964 p 63 The First World War forced commanders and staffs to take account of psychological factors and to anticipate widely varied responses to the combat environment because unlike most previous wars it was not fought by relatively small and homogeneous armies of regulars and trained reservists The mobilization by the belligerents of about 65 million men many of whom were enrolled under duress the evidence of fairly widespread psychiatric breakdown and the postwar disillusion xiii xiv PREFACE amplified in books like C E Montague s *Disenchantment* published in 1922 all tended to dispel assumptions and to provoke questions about motivation and morale
