Postcolonial Vietnam:

Imagining Vietnam and America Mark Bradley, 2000 In this study of the encounter between Vietnam and the United States from 1919 to 1950 Mark Bradley fundamentally reconceptualizes the origins of the Cold War in Vietnam and the place of postcolonial Vietnam in the history of the twentieth century Among the first Americans granted a visa to undertake research in Vietnam since the war Bradley draws on newly available Vietnamese language primary sources and interviews as well as archival materials from France Great Britain and the United States Bradley uses these sources to reveal an imagined America that occupied a central place in Vietnamese political discourse symbolizing the qualities that revolutionaries believed were critical for reshaping their society American policymakers he argues articulated their own imagined Vietnam a deprecating vision informed by the conviction that the country should be remade in America's image Contrary to other historians who focus on the Soviet American rivalry and ignore the policies and perceptions of Vietnamese actors Bradley contends that the global discourse and practices of colonialism race modernism and postcolonial state making were profoundly implicated in_ and ultimately transcended_ the dynamics of the Cold War in shaping Vietnamese American relations

Postcolonial Vietnam Patricia M. Pelley, 2002-11-26 Explores the relation between the precolonial and colonial past to the postcolonial present in the Democratic Republic of Vietnam Literature and Nation-Building in Vietnam Chi P. Pham, 2021-06-17 This book analyzes why Indians have been made invisible in Vietnamese society and historiography It argues that their invisibilization originates in the formulaic metaphor Vietnamese nation makers have used to portray Indians in their quest for national sovereignty and socialism The book presents a complex view on colonial legacies in Vietnam which suggests that Vietnamese nation makers associate Indians with colonialism and capitalism ultimately viewed as non socialist and non hegemonic state structures Furthermore the book demonstrates how Vietnamese nation makers achieve the overriding socialist and independent goal of historically differing Indians from Vietnamese nationalisms whilst simultaneously making them invisible In addition to primary Vietnamese texts which demonstrate the performativity of language and the Vietnamese traditional belief in writing as a sharp weapon for national and class struggles the author utilizes interviews with Indians and Vietnamese authorities in charge of managing the Indian population Bringing to the surface the ways through which Vietnamese intellectuals have invisibilized the Indians for the sake of the visibility of national hegemony and prosperity this book will be of interest to scholars of Southeast Asian Studies and South Asian Studies Vietnam Studies including nation building literature and language The Transformation of Southeast Asia Marc Frey, Ronald W. Pruessen, Tai Yong Tan, Tan Tai Yong, 2015-01-28 This book provides the basis for a reconceptualization of key features in Southeast Asia's history Scholars from Europe America and Asia examine evolutionary patterns of Europe's and Japan's Southeast Asian empires from the late nineteenth century through World War II and offer important insights into the specific events of the 1940s 1950s and 1960s In turn their different perspectives on the political economic and cultural currents of the post colonial era including

Southeast Asia's gradual adjustment to globalizing forces enhance understanding of the dynamics of the decolonization process. Drawing on new and wide ranging research in international relations, economics, anthropology and cultural studies, the book looks at the impact of decolonization and the struggle of the new nation states with issues such as economic development, cultural development, nation building, ideology, race and modernization. The contributors also consider decolonization as a phenomenon within the larger international structure of the Cold War and the post Cold War eras.

Historical Dictionary of Vietnam Bruce M. Lockhart, William J. Duiker, 2006-02-27 Vietnam became part of French Indochina in 1887 and did not regain its independence again until after the Vietnam War. However, despite a relatively peaceful two decades, the country experienced little economic growth because of conservative leadership policies. In an effort to change this stagnation, Vietnamese authorities have committed to economic liberalization and enacted structural reforms needed to modernize the economy and to produce more competitive export driven industries. The third edition of this dictionary focuses on the recent changes and leadership of Vietnam while giving due attention to the earlier kingdoms, the period of French Indochina, the wars for liberation, the Vietnam War and much more. Hundreds of cross referenced A to Z dictionary entries are included on political, economic, social and cultural aspects as well as the major cities and geographic features. This book also contains a chronology and introduction that traces Vietnam's history as well as a bibliography.

The Politics of Vietnamese Craft Jennifer Way, 2019-10-03 Jennifer Way's study *The Politics of Vietnamese Craft* uncovers a little known chapter in the history of American cultural diplomacy in which Vietnamese craft production was encouraged and shaped by the US State Department as an object for consumption by middle class America. Way explores how American business and commerce department, stores, the art world and national museums variously guided the marketing and meanings of Vietnamese craft in order to advance American diplomatic and domestic interests. Conversely, American uses of Vietnamese craft provide an example of how the United States aimed to absorb post colonial South Vietnam into the Free World in a Cold War context of American anxiety about communism spreading throughout Southeast Asia. Way focuses in particular on the part played by the

renowned American designer Russel Wright contracted by the US International Cooperation Administration's aid programs for South Vietnam to survey the craft industry in South Vietnam and manage its production distribution and consumption abroad and at home. Way shows how Wright and his staff brought American ideas about Vietnamese history and culture to bear in managing the making of Vietnamese craft.

Making Sense of the Vietnam Wars Mark Philip Bradley, Marilyn B. Young, 2008-04-30 Making sense of the wars for Vietnam has had a long history. The question why Vietnam dominated American and Vietnamese political life for much of the length of the wars and has continued to be asked in the decades since they ended. This volume brings together the work of eleven scholars to examine the conceptual and methodological shifts that have marked the contested terrain of Vietnam War scholarship. Editors Marilyn Young and Mark Bradley's superb group of renowned contributors spans the generations including those who were active during wartime along with scholars conducting research in Vietnamese sources and uncovering new sources in the United States, former Soviet Union, China, and Eastern and Western Europe. Ranging in format from top-down reconsiderations of critical decision-making moments in Washington, Hanoi, and Saigon to microhistories of the war that explore its meanings from the bottom up, these essays comprise the most up-to-date collection of scholarship on the controversial historiography of the Vietnam Wars.

Building a Republican Nation in Vietnam, 1920-1963 Nu-Anh Tran, Tuong Vu, 2022-12-31 Western observers have long considered communism to be synonymous with Vietnam's modern historical experience. Eager to make sense of the North Vietnamese victory in the Vietnam War, scholars and journalists have spilled much ink on the history of Vietnamese communists. But this preoccupation has obscured the diversity of ideas and experiences that defined Vietnam in the twentieth century, in which communism represented just one of many tendencies. *Building a Republican Nation in Vietnam, 1920-1963* posits that republicanism shaped modern Vietnam no less profoundly than communism. Republicans championed representative government, the universal rights of man, civil liberties, and the primacy of the nation. These ideas infused the thinking of Vietnamese reformers, dissidents, and revolutionaries from the 1900s onward, including many men and women who went on to lead the struggle for independence. Republicanism was also one of the chief inspirations for the establishment of the Republic of Vietnam, also known as South Vietnam, in 1955. This interdisciplinary volume brings together eleven essays by historians, political scientists, literary scholars, and sociologists who make use of fresh sources to study the development of republicanism from the colonial period to the First Republic of Vietnam, 1955-1963. The introduction by coeditors Nu Anh Tran and Tuong Vu critically analyzes the existing scholarship on the First Republic, explains how the concept of republicanism can illuminate developments in the Saigon-based state, and situates the regime in a comparative context with South Korea. Peter Zinoman's chapter reviews the historiography on republicanism and modern Vietnam and heralds the arrival of the republican moment in the field of Vietnam studies. Several chapters by Nguyen L ng H i Kh i, Martina Thucnhi Nguyen, and Yen Vu examine the transformation of republican ideas. Nu Anh Tran and Duy Lap Nguyen explore competing

concepts of democracy and the factional politics of the First Republic The essays by Jason Picard Cindy Nguyen Ho ng Phong Tu n Nguy n Th Minh and Y Thien Nguyen analyze nation and state building efforts in the 1950s and 1960s Collectively the essays give voice to Vietnamese republicans from the ideas they espoused to the institutions they built and the legacies they left behind

Vietnamese Evangelicals and Pentecostalism Vince Le,2018-11-05 This book offers an analysis of the historical theological and social conditions that give rise to the growth of pentecostalism among contemporary Vietnamese evangelicals Emerging from the analysis is an understanding of how underprivileged evangelicals have utilized the pentecostal emphasis on divine intervention in their pursuit of the betterment of life amid religious and ethnic marginalization Within the context of the global growth of pentecostalism Vietnamese Evangelicals and Pentecostalism shows how people at the grassroots marry the deeply local based meaning dictated by the particularity of living context and the profoundly universal truth claims made by a religion aspiring to reach all four corners of the earth to enhance life

Ming China and Vietnam Kathlene Baldanza,2016-03-29 Studies of Sino Viet relations have traditionally focused on Chinese aggression and Vietnamese resistance or have assumed out of date ideas about Sinicization and the tributary system They have limited themselves to national historical traditions doing little to reach beyond the border Ming China and Vietnam by contrast relies on sources and viewpoints from both sides of the border for a truly transnational history of Sino Viet relations Kathlene Baldanza offers a detailed examination of geopolitical and cultural relations between Ming China 1368 1644 and Dai Viet the state that would go on to become Vietnam She highlights the internal debates and external alliances that characterized their diplomatic and military relations in the pre modern period showing especially that Vietnamese patronage of East Asian classical culture posed an ideological threat to Chinese states Baldanza presents an analysis of seven linked biographies of Chinese and Vietnamese border crossers whose lives illustrate the entangled histories of those countries
