**Runaway** Susan Copperfield, 2023-04-19 Upon His Royal Highness of California becoming His Royal Majesty of New York Cassandra Ferran descends into a living nightmare Thanks to a mass exodus of aides it falls on her shoulders to rein in the new heir s life while navigating through a Royal mess of a transition With the stress piling on and no end in sight Cassandra dreams of slipping out of the palace and beginning her midlife crisis as a runaway Instead of a peaceful escape from the palace Cassandra is dumped into the murky waters of political intrigue and a gambit for the throne that will forever change her life and determine the fate of California and its royal family

**Runaway** Rose Epstein, 2010-03-27 Much to Tom s surprise it was Gail who started a conversation he had been rehearsing all day Tom never expected this conversation so soon He figured maybe when they were back at home for a few days so he was taken aback and unready for such serious talk But Gail brought it up Tom I need to tell you how sorry I am for the way I acted the past few days I didn t know what hit me but I had a lot of time to think about it and realize I m jealous Remember how during the summer my dad and mother always took a week off on their boat by themselves Mom always said it was a great time for them It was as though they had run away That s the way I ve been feeling that we should run away once in a while Yes but you ruined that for them one year when they had their boat on Block Island You did get jealous and made believe it was just a day trip to surprise them We took the ferry from the mainland and joined them with the three kids I think it was a shock to them but they really made us feel comfortable and we stayed aboard with them for a few days Tom that was a long time ago and we only had the two boys at the time and my father was always glad to spend time with them Gail we ruined their runaways after that year They never went off without some of their kids relatives or friends with them Tom continued Somehow or other there were always people with them except when they took that cruise for their twenty fifth anniversary Mom was a little disappointed by the ship I think she had a more luxurious type in mind It was February and the weather was awful Just remember what a disaster that cruise turned out to be Yes they could have died when that rogue wave hit the ship they were really lucky But they had a good time anyway In a way I m still jealous We just had our twenty fifth and couldn t get away Too much paperwork to get the boys registered for college and it costs a ton of money Allison s parochial school tuition is not much but she will be graduating soon and we ll have another college kid to worry about I think we ll never be able to afford a real vacation We don t have a real life of our own anymore Remember when we used to go down to Second Beach in Newport spend the days on the rocks and run through the surf We sure didn t have a care in the world How did we get bogged down with all this responsibility Good question answered Gail We were teenagers and now we re grown ups We got married we both worked hard bought our house had kids bought cars made the house bigger the kids got sick from time

to time I had an operation and we had to take care of all those animals And our circle of friends kept getting larger Then there are our families you know how close I am with my sisters and brother You only have your brother who we don t see too often his two children will probably be getting married soon and our extended family will just keep getting larger Gail we are still working hard maybe harder since the boys started college It s not family responsibility that comes between us You re forgetting that your high powered job not only keeps you away from home a lot and you really work more hours a day than I do Also you make so much more money than I do that you are the main breadwinner Not that I m complaining but sometimes it just seems as though it doesn t matter if I work or not Tom you re wrong It s your income that puts us over the top We seem to spend every cent I earn and it s your earnings that give us a really good life I realized how important your income was when you were sick last year and couldn t work for six months Sick I wasn t sick I had a little stroke That is worse than just being sick I don t know if or when it could happen again and it changes the way I think about things Life is so tenuous We never know what will come next Before we know it both our wi      From Adam to Omega A.R.
