Seeds Of Contemplation:

New Seeds of Contemplation Thomas Merton, 2003 A collection of thirty nine short essays in which Thomas Merton examines what true contemplation is and how it can impact one's spirituality

New Seeds of Contemplation Thomas Merton, 2007-10-18 One of the best loved books by one of the great spiritual authors of our time with a new introduction by best selling author Sue Monk Kidd *New Seeds of Contemplation* is one of Thomas Merton's most widely read and best loved books Christians and non Christians alike have joined in praising it as a notable successor in the meditative tradition of St John of the Cross *The Cloud of Unknowing* and the medieval mystics while others have compared Merton's reflections with those of Thoreau *New Seeds of Contemplation* seeks to awaken the dormant inner depths of the spirit so long neglected by Western man to nurture a deeply contemplative and mystical dimension in our lives For Merton Every moment and every event of every man's life on earth plants something in his soul For just as the wind carries thousands of winged seeds so each moment brings with it germs of spiritual vitality that come to rest imperceptibly in the minds and wills of men Most of these unnumbered seeds perish and are lost because men are not prepared to receive them for such seeds as these cannot spring up anywhere except in the soil of freedom spontaneity and love

The Inner Experience Thomas Merton, William H. Shannon, 2012-09-11 Now in paperback revised and redesigned This is Thomas Merton's last book in which he draws on both Eastern and Western traditions to explore the hot topic of contemplation meditation in depth and to show how we can practice true contemplation in everyday life Never before published except as a series of articles one per chapter in an academic journal this book on contemplation was revised by Merton shortly before his untimely death The material bridges Merton's early work on Catholic monasticism mysticism and contemplation with his later writing on Eastern especially Buddhist traditions of meditation and spirituality This book

thus provides a comprehensive understanding of contemplation that draws on the best of Western and Eastern traditions
Merton was still tinkering with this book when he died it was the book he struggled with most during his career as a writer
But now the Merton Legacy Trust and experts have determined that the book makes such a valuable contribution as his
major comprehensive presentation of contemplation that they have allowed its publication
