Seeking The Genesis:

Seeking the Genesis, 2004 **Seeking Truth** Steven Fortney, Marshall Onellion, 2007 A book written out of despair hurt and inner turmoil God allowed my healing to come through pen and paper Filled of passion pain romance and true Godly love You will not be able to put it down Open the pages and start a witness of him My journey in life with God *Seeking Ezekiel* David J. Halperin, 1993-11-19 In *Seeking Ezekiel* David J Halperin argues that the biblical Book of Ezekiel provides substantial information about its author s psychology and reveals his personality in considerable depth Psychoanalytic investigation of the book yields a coherent portrait of its author a marvelously gifted yet profoundly disturbed man tormented by inner conflicts over his sexual longings and fears Ezekiel Halperin argues was dominated by a pathological dread and loathing of female sexuality He expresses this emotional stance in the symbolic language of dreams his vision of a temple polluted by idolatry in a thin disguise of historical allegory his obscenely graphic representations of Israel and Jerusalem as promiscuous wives and in his self described behavior at his wife s death Ezekiel also demonstrates a deeply ambivalent attitude toward a dominant male figure Normally he projects the positive elements of his ambivalence onto his God its negative elements onto other males Yet the reverse can also take place and this does much to explain the disturbing cruelty and arbitrariness of Ezekiel s God Any psychological study of a man dead for 2500 years will run into formidable methodological difficulties Halperin establishes the legitimacy of his approach by arguing that it permits the solution of a wide range of long recognized textual problems The implications of Halperin s study extend far beyond the boundaries of Biblical scholarship The sexual pathology that he attributes to Ezekiel has afflicted humanity for most of its history tainting the relations of men and women the world over Ezekiel s powerful influence on posterity has done its part in strengthening the grip of this pathology By understanding Ezekiel people may come to a better understanding of his sickness within themselves and thus eventually come to find healing **African American Dramatists** Emmanuel S. Nelson, 2004-10-30 Despite their significant contributions to the American theater African American dramatists have received less critical attention than novelists and poets This reference offers thorough critical assessments of the lives and works of African American playwrights from the 19th century to the present The book alphabetically arranges entries on more than 60 dramatists including James Baldwin Arna Bontemps Ossie Davis Zora Neale Hurston and Richard Wright Each entry is written by an expert contributor and includes a biography a discussion of major works and themes a summary of the playwright s critical reception and primary and secondary bibliographies The volume closes with a selected general bibliography African American dramatists have made enormous contributions to the theater and their works are included in numerous editions and anthologies Some of the most popular plays of the 20th century have been written by African Americans and high school students and undergraduates study their works But for all their popularity and influence African American playwrights have received less critical attention than poets and novelists This reference offers thorough critical

assessments of more than 60 African American dramatists from the 19th century to the present *Faith seeking understanding* Nico Vorster, Frederik van Niekerk, 2023-03-01 How did it all begin How do we even start to engage the differences between creation narratives in the Christian Bible and modern scientific theory The authors of this book explore hermeneutic approaches and developments in biblical studies to set the scene for a religious approach This approach is open to the possibility that a literalist approach to Scripture is in fact the most unjustifiable reading of the Bible This may profoundly affect how we view God the cosmos and even ourselves To be able to read the Bible from the perspective of an open present and future paves the way for suppressed uncertainties to be liberated This paves the way for humankind to freely question all things without being enslaved by imposed religious dogma This is not to say that religion has served its purpose but it is far from it With the rise of technological advancements come other social and anthropological problems not to mention the challenge we face on a global scale with climate change et cetera Just as we dare to peek over the edge of a future without religion the authors bring us back to the fundamental teachings of faith traditions Christianity in particular They remind us that the solutions to these challenges are to be found in us becoming better humans Becoming better humans brings us back into the arena of faith traditions When technology may lead to social disconnection and narcissism religion calls for love of self and neighbour Where greed inspired advancements threaten the future of our planet religion teaches us to be in relationship with our environment and to be custodians of it The Open Court ,1928 Mind ,1884 Seek to See Him April DeConick, 2015-12-22 This monograph represents a critical juncture in Thomas studies since it dispels the belief that the Gospel of Thomas originates from gnostic traditions Rather Jewish mystical and Hermetic origins are proposed and examined Following this analysis the anthropogony and soteriology of Thomas are discussed The Thomasites taught that they were the elect children of the Father originating from the Light The human however became unworthy of these luminous beginnings and was separated from the divine when Adam sinned Now he must purify himself by leading an enkratite lifestyle He is to ascend into heaven seeking a visio dei which will transform him into his original immortal state and grant him citizenship in the Kingdom To Find the Path to Eternal Life Ye Must First Seek to Obtain My Word Ivan Kent Richards, 2019-10-18 It is false assumptions and misinformation that lead to false conclusions This book will point out many of the false religious assumptions people frequently make which keep them from finding the path to true eternal life with God Several mysteries of God are unfolded in this book which will bring people to a greater knowledge of God and his works among mankind **FCC Record** United States. From Noah to Israel Carol M. Kaminski,2005-01-01 The primeval blessing Be fruitful and multiply and fill the earth first announced to humankind in Genesis 1 28 is renewed to Noah and his sons after the flood in Genesis 9 1 There is widespread scholarly consensus that the ensuing dispersion in Genesis 10 1 32 and 11 1 9 is the means by which the creation blessing is fulfilled Kaminski argues that the primeval blessing is not fulfilled in the Table of Nations and that Yahweh s scattering Noah s descendants in the Babel story does not contribute positively to the creation theme Rather the creation blessing is being taken up in the primary line of Shem Genesis 11 10 26 which leads directly to Abraham She further suggests that divine grace is not absent after the Babel judgment as is commonly assumed but is at work in the Shemite genealogy She argues that the primeval blessing which is unfulfilled in the primeval history is taken up by Abraham and his descendants by means of a divine promise While the blessing is in the process of being realised in the patriarchal narratives it is not fulfilled The multiplication theme is resumed however in Exodus 1 7 which describes Israel s proliferation in Egypt This is the first indication that the creation blessing is fulfilled Realisation of the primeval blessing progresses after the flood therefore from Noah to Israel Yet God s blessing on Israel is not for their sake alone it is the means through which the divine intention for creation will be restored to the world JSOTS413 **It'S Not Too Late** Al Peverall Jr.,2018-02-26 You might think theres something wrong with you if church doesnt seem exciting and meaningful But the truth is your thoughts and emotions are common in the world of churches today Al Peverall Jr a pastor with over fifty years of experience provides counsel for church leaders to revive their worship and service By learning and appropriating key biblical truths you will serve God lead your flock to walk with Jesus and challenge your members to renew their faith in the Lord Its Not Too Late presents some basic biblical and spiritual principles that will help you to reestablish practices that include the following Making critical decisions to solidify the foundation of your church Experiencing Gods presence power and purpose Embracing Gods mission to the fullest You will discover five pillars of truth that will result in a turnaround resetting your priorities and making you realize that you are not perfect but forgiven reclaiming the fact that you are an ordinary person or church relating to persons in a spirit of love and receiving Gods story as you discover how your story fits into his As churches fight declining membership and a loss of vision theres never been a better time to make an about face Its Not Too Late inspires a fresh perspective on building a healthy church Seek Erin Conner M.Ed.,2019-08-15 Jesus claimed I came that they may have life and have it abundantly John 10 10 ESV Seek provides readers with a critical exploration of Christianity and of biblical principles that lead to a great life Through intelligent authentically written chapters Conner uses a logical tone and an artistic style to show us the power of God s Word in our lives The Entire Endtime Sequence Robert L.

Carlton,2012-08-03 In recent times many people have come to realize that this world is approaching its end Most believe that GOD is in control of how it will end and they are right Not only is GOD in control He has a Master Endtime Plan for this earth and its peoples Moreover in His Holy Word the Bible GOD has described His plan He has described it very clearly and in great detail This book describes the entire Endtime Scenario making it so simple anyone can understand it It reviews the scriptures that describe each major Endtime happening and other scriptures that explicitly define the chronological sequence for those happenings It identifies several calendar timelines within the scriptures that measure the precise times between various Endtime happenings To give confidence in its conclusions it identifies four separate sets of Scriptures that clearly define the sequence for the events that will lead to CHRIST S return and the Christian Rapture Ressurection Everyone even those who are not familiar with either the Bible or the Christian theology should easily understand this book They will understand the entire Endtime Scenario that JESUS CHRIST foretold the major happenings that will take place the sequence in which they will happen and the specific scriptures that describe all these things Moreover they will understand how all of these things relate to GOD S Covenants and His labors of the past 6000 years They will see that all of the Endtime happenings are just the grand finale of those labors Most importantly each reader will not only allow what is going to happen in the Endtimes he or she will know how they can control their own eternal destiny
