tale plays with logic giving the story lasting popularity with adults as well as with children It is considered to be one of the best examples of the literary nonsense genre Its narrative course structure characters and imagery have been enormously influential in both popular culture and literature especially in the fantasy genre Through the Looking Glass and What Alice Found There Alice again enters a fantastical world this time by climbing through a mirror into the world that she can see beyond it There she finds that just like a reflection everything is reversed including logic running helps you remain stationary walking away from something brings you towards it chessmen are alive nursery rhyme characters exist etc *The Grizzly Bear* ,1929 *The Academy and Literature* ,1911 Academy, with which are Incorporated Literature and the English Review ,1911
