Love And Its Meaning In The World Selected Lectures And Writings:

Love and Its Meaning in the World Rudolf Steiner, 1998-11 Rudolf Steiner received The Fifth Gospel unrecorded events from the so called lost years of the life of Jesus obtained by grace and by spiritual research into the akashic record as a sacred obligation to which he experienced a deep sense of responsibility However he never finished the project of unveiling it Had he done so not only Anthroposophy but also Christianity would have received an enormous spiritual gift a concrete soul filled description of the Mystery of Golgotha His deeply moving and often startling lectures in 1913 are thus fragmentary giving the near tragic impression that because those who heard or read them did not take them up with sufficient seriousness and inner dedication humanity has suffered an inestimable loss Steiner traveled through various German cities to give personal summaries of the Fifth Gospel But in each center he encountered the same sleepiness The thorns were already starting to prick he seemed to begin hiding the content rather than disclosing it He was forced to see in all clarity that the Fifth Gospel was not being appropriately received Andrei Bely In this dramatic book Selg tells the story of those lectures He recounts their background and many of the most important episodes He illumines and gives context to the excerpts with a profound yet accessible commentary Most important he offers insights into their importance to both Steiner and the hearts of those who heard and understood even those who felt inadequate to the task Those who has read Steiner s lectures on the Fifth Gospel and wondered about their significance will find here an inspiring guide to further meditation while those who have not yet read them will find many reasons for doing so and discover a new way of understanding Steiner and his mission Those unfamiliar with Steiner but wish to find a meaningful heartfelt way to Jesus Christ and the Christian mystery will discover a new way of understanding a new path to Christ *Homemaking and Personal Development* Veronika Van Duin, 2013-09-10 What decides why things go well one day and badly another The events are the same the homemaker is the same yet on one occasion nothing works out for her and on another everything seems miraculously to fall into place Is there a special ingredient within us that we can tap into and cultivate to generate the longed for equilibrium Veronika van Duin began her career as a homemaker forty years ago Setting out with love enthusiasm and idealism she soon discovered that she had no idea of the magnitude of the task feeling herself to be very very wanting As she writes I felt guilty pressurised and inadequate much of the time I became increasingly conscious of my personal shortcomings I also felt very alone and sometimes lonely too It is from such humbling feelings that van Duin writes offering support and hope for fellow homemakers She reveals the discoveries that have provided her and many others she has taught in workshops and courses with the basic life tools for overcoming personal hindrances In this wonderfully uplifting book van Duin gives exercises for restoring balance maintaining equilibrium discovering understanding creating joy validating feeling maintaining vitality and drive developing insight finding freedom and much more Essays, Lectures, Etc. Lest We Lose Love Scherto Gill, 2023-04-18 Few are aware that since antiquity there has always been the philosophy of love at the core of Western culture It articulates what makes life meaningful and worthwhile and how we can live a good life together through an ethic of love This book fills this significant gap not only reconnecting the reader with such important wisdom and more crucially also reorienting our socio economic institutions and collective actions towards more loving and caring and more concerned with the qualities of our lived experiences By re-discovering the gifts of love we may challenge the existing systemic dehumanisation and draw from knowledge and understanding already present in our culture This is timely because the global crises we are facing are catastrophic especially when it comes to climate change Therefore we must respond from a place of love rather than fear Whether it is reducing the use of fossil fuels lowering greenhouse emission choosing the right food to eat or advocating for structural transformation our concerted endeavours start with an appropriate appreciation of the nature of our well being which includes the planet's well ness This book highlights a clear pathway forward to ensure collective healing and co-flourishing with nature we must practise the art of loving
