Jankowski, 2014-05-20 Eastern Europe is a brief and concise but informative introduction to Eastern Europe and its myriad customs and history When the legendary Romulus killed his brother Remus and founded the city of Rome in 753 BCE Plovdiv today the second largest city in Bulgaria was already thousands of years old Indeed London Paris Berlin Vienna Madrid Brussels Amsterdam are all mere infants compared to Plovdiv This is just one of the paradoxes that haunts and defines the New Europe that part of Europe that was freed from Soviet bondage in 1989 which is at once both much older than the modern Atlantic facing power centers of Western Europe while also being in some ways much younger than them Even those knowledgeable about Western Europe often see Eastern Europe as terra incognita with a sign on the border declaring Here be monsters This book is a gateway to understanding both what unites and separates Eastern Europeans from their Western brethren and how this vital region has been shaped by but has also left its mark on Western Europe Central Asia the Middle

East and North Africa Ideal for students businesspeople and those who simply want to know more about where Grandma or Grandpa came from Eastern Europe is a user friendly guide to a region that is all too often mischaracterized as remote insular and superstitious Illustrations throughout include 40 photos 40 maps and 40 figures tables charts etc From the Trade Paperback edition     A Church Without a Bishop Lyman Coleman, 1844     **The Historical Christ** Fred. C. Conybeare, This little volume was written in the spring of the year 1913 and is intended as a plea for moderation and good sense in dealing with the writings of early Christianity just as my earlier volumes entitled Myth Magic and Morals and A History of New Testament Criticism were pleas for the free use in regard to the origins of that religion of those methods of historical research to which we have learned to subject all records of the past It provides a middle way between traditionalism on the one hand and absurdity on the other and as doing so will certainly be resented by the partisans of each form of excess The comparative method achieved its first great triumph in the field of Indo European philology its second in that of mythology and folk lore It is desirable to allow to it its full rights in the matter of Christian origins But we must be doubly careful in this new and almost unworked region to use it with the same scrupulous care for evidence with the same absence of prejudice and economy of hypothesis to which it owes its conquests in other fields The untrained explorers whom I here criticize discover on almost every page connections in their subject matter where there are and can be none and as regularly miss connections where they exist Parallelisms and analogies of rite conduct and belief between religious systems and cults are often due to other causes than actual contact inter communication and borrowing They may be no more than sporadic and independent manifestations of a common humanity It is not enough therefore for one agent or institution or belief merely to remind us of another Before we assert literary or traditional connection between similar elements in story and myth we must satisfy ourselves that such communication was possible The tale of Sancho Panza and his visions of a happy isle over which he shall hold sway when his romantic lord and master Don Quixote has overcome with his good sword the world and all its evil reminds us of the naïf demand of the sons of Zebedee to be allowed to sit on the right hand and the left of their Lord so soon as he is glorified With equal simplicity Jesus promises that in the day of the regeneration of Israel when the Son of Man takes his seat on his throne of glory Peter and his companions shall also take their seats on twelve thrones to judge the twelve tribes of Israel The projected mise en scène is exactly that of a Persian great king with his magnates on their several cushions of state around him There is again a close analogy psychologically between Dante's devout adoration of Beatrice in heaven and Paul's of the risen Jesus These two parallels are closer than most that Mr Robertson discovers between Christian story and Pagan myth yet no one in his senses would ever suggest that Cervantes drew his inspiration from the Gospels or Dante from the Pauline Epistles In criticizing the Gospels it is all the more necessary to proceed cautiously because the obscurantists are incessantly on the watch for solecisms or howlers as a schoolboy would call them and only too anxious to point to them as of the essence of all free criticism of Christian literature and history     **A Church without a prelate**
