Ishaq Bhatti, 2021-08-11 The development of Islamic banking and finance IBF previously centred around three regions of the world the Middle East Southeast Asia and South Asia However in recent years this has expanded as interest in IBF has gained momentum in Australia the USA and Europe especially in the UK Several Western market

players have established their own Islamic window or subsidiaries to cater to the need of growing Muslim populations in these regions This book examines the recent developments in IBF particularly in the context of Islamic social finance instruments such as Islamic microfinance halal education takaful mutual funds and waqf It covers the religiosity spirituality and tawhid index which promotes social well being and empowerment The book is interdisciplinary and theories practice and key issues are presented simultaneously introducing new ideas and techniques to the IBF community Moreover the book examines topics such as innovation in Islamic social finance instruments advanced techniques of risk mitigation in Islamic capital markets marketing and the halal industry and shari ah compliant instruments which are critical to Islamic finance The book is an essential reference text for academics and research students at the master s and doctorate levels in IBF The Routledge International Handbook of Life and Values Education in Asia John Chi-Kin Lee, Kerry J Kennedy, 2024-06-28 This Handbook provides a comprehensive look at the educational scope of life and values that characterize 21st century Asia as well as those values shared across cultures Some values are deeply resonant with the region s past while others reflect modernity and the new contexts in which Asian societies find themselves Exploring these values of different types and the way they are constructed in Eastern and Western contexts the contributors delve into the diversity of religious moral and social education to promote greater understanding across cultures While a range of values is identified here there is no single set of values that can be applied to all people in all contexts The time has long gone even for single societies when values can be imposed Yet this Handbook emphasizes both the extent and importance of values to individuals and their societies how they respond to these values may provide the key to better and more caring societies and to better lives for all Academics and teachers will find this Handbook resourceful because it raises important theoretical issues related to social values and their formation in distinctive contexts and provides novel insights into the diverse educational landscape in Asia Policymakers and educators will also find this text helpful in learning to think about new ways to improve the quality of people s lives Economics Class - 11 Jharkhand Board Dr Anupam Agrawal ,Mrs. Sharad Agrawal, 2023-04-30 Paper I Statistics for Economics UNIT I Introduction 1 What is Economics 2 Statistics Meaning Scope and Importance UNIT II Collection Organisation and Presentation of Data 3 Collection of Data Primary and Secondary Data 4 Methods of Data Collection Census and Sampling Methods 5 Some Important Sources of Secondary Data Census and N S S O 6 Organisation of Data Classification 7 Presentation of Data Tables 8 Diagrammatic Presentation of Data 9 Graphic Time Series and Frequency Distribution Presentation of Data UNIT III Statistical Tools and Interpretation 10 Measures of Central Tendency Airthmetic Average 11 Measures of Central Tendency Median and Mode 12 Measures of Dispersion 13 Correlation 14 Index Number 15 Some Mathematical Tools Used in Economics Slope of A Line Slope of a Curve and Equation of Line UNIT IV Developing Projects in Economics 16 Formation of Project in Economics Paper II Indian Economic Development UNIT V Development Experience 1947 90 and Economic Regorms sice 1991 1 State of Indian Economy on the Eve of Independence 2
