Bhatia,1979 Pakistan Monograph reviewing economic development and discussing the development policies pursued during the period from 1948 to 1978 and their failure covers agricultural policy industrial policy balance of payments development aid prices and wages and development problems and prospects Bibliography pp 267 to 276 and statistical tables

Black Wave Kim Ghattas,2020-01-28 A New York Times Notable Book of 2020 A sweeping and authoritative history The New York Times Book Review Black Wave is an unprecedented and ambitious examination of how the modern Middle East unraveled and why it started with the pivotal year of 1979 Kim Ghattas seamlessly weaves together history geopolitics and culture to deliver a gripping read of the largely unexplored story of the rivalry between between Saudi Arabia and Iran born from the sparks of the 1979 Iranian revolution and fueled by American policy With vivid story telling extensive historical research and on the ground reporting Ghattas dispels accepted truths about a region she calls home She explores how Sunni Saudi Arabia and Shia Iran once allies and twin pillars of US strategy in the region became mortal enemies after 1979 She shows how they used and distorted religion in a competition that went well beyond geopolitics Feeding intolerance suppressing cultural expression and encouraging sectarian violence from Egypt to Pakistan the war for cultural supremacy led to Iran s fatwa against author Salman Rushdie the assassination of countless intellectuals the birth of groups like

Hezbollah in Lebanon the September 11th terrorist attacks and the rise of ISIS Ghattas introduces us to a riveting cast of characters whose lives were upended by the geopolitical drama over four decades from the Pakistani television anchor who defied her country's dictator to the Egyptian novelist thrown in jail for indecent writings all the way to the murder of journalist Jamal Khashoggi in the Saudi consulate in Istanbul in 2018 *Black Wave* is both an intimate and sweeping history of the region and will significantly alter perceptions of the Middle East

Contemporary Pakistani Fiction in English Cara Cilano, 2013-04-12 Looking at a wide selection of Pakistani novels in English this book explores how literary texts imaginatively probe the past convey the present and project a future in terms that facilitate a sense of collective belonging The novels discussed cover a range of historical movements and developments including pre 20th century Islamic history the 1947 partition the 1971 Pakistani war the Zia years and post 9/11 Pakistan as well as pervasive themes including ethnonationalist tensions the zamindari system and conspiracy thinking The book offers a range of representations of how and whether collective belonging takes shape and illustrates how the Pakistani novel in English often overshadowed by the proliferation of the Indian novel in English complements Pakistani multi lingual literary imaginaries by presenting alternatives to standard versions of history and by highlighting the issues English language literary production bring to the fore in a broader Pakistani context It goes on to look at the literary devices and themes used to portray idea nation and state as a foundation for collective belonging The book illustrates the distinct contributions the Pakistani novel in English makes to the larger fields of postcolonial and South Asian literary and cultural studies

The World After Gaza Pankaj Mishra, 2025-02-11 Courageous and bracing learned and ethical rigorous and mind expanding Naomi Klein This profoundly important and urgent book finds Mishra one of our most intellectually astute and courageous writers at the peak of his powers Hisham Matar A triumphant work of empathy in a polarizing conflict Anand Giridharadas Named a Best Book of the Month by TIME Named a Most Anticipated Book of 2025 by The Guardian Bustle Foreign Policy and Literary Hub From one of our foremost public intellectuals an essential reckoning with the war in Gaza that reframes our understanding of the ongoing conflict its historical roots and the fractured global response The postwar global order was in many ways shaped in response to the Holocaust That event became the benchmark for atrocity and in the Western imagination the paradigmatic genocide Its memory orients so much of our thinking and crucially forms the basic justification for Israel's right first to establish itself and then to defend itself But in many parts of the world ravaged by other conflicts and experiences of mass slaughter the Holocaust's singularity is not always taken for granted even when its hideous atrocity is Outside of the West Pankaj Mishra argues the dominant story of the twentieth century is that of decolonization *The World After Gaza* takes the current war and the polarized reaction to it as the starting point for a broad reevaluation of two competing narratives of the last century the Global North's triumphant account of victory over totalitarianism and the spread of liberal capitalism and the Global South's hopeful vision of racial equality and freedom from colonial rule At a moment when the world's balance of

power is shifting and the Global North no longer commands ultimate authority it is critically important that we understand how and why the two halves of the world are failing to talk to each other As old touchstones and landmarks crumble only a new history with a sharply different emphasis can reorient us to the world and worldviews now emerging into the light In this concise powerful and pointed treatise Mishra reckons with the fundamental questions posed by our present crisis about whether some lives matter more than others how identity is constructed and what the role of the nation state ought to be *The World After Gaza* is an indispensable moral guide to our past present and future Pakistan Economist ,1973 *Pakistan's Economic Development, 1948-1988* B. M. Bhatia,1989 **Pakistan and the Muslim World** Zulfikar Ali Bhutto,1965

The Predator Culture Fred Harrison,2010-06-01 Drawing on case studies of organized violence ranging from territorial wars and colonial conquests to non state variants such as organized crime this record offers a general theory to account for the use of force in both the state and civil sectors of society Challenging the popular views that the dominant forms of violence are due to failings of human nature this volume suggests that the laws and institutions favoring an approach to property rights that encourage rent seeking are responsible Addressing issues such as genocide and the gap between the rich and poor this record proposes policies to dismantle the incentives that nurture the resort to violence by redistributing power to the individual *Legal Pluralism and Governance in South Asia and Diasporas* Livia Holden,2016-04-14 Legal Pluralism and Governance in South Asia and the Diasporas contributes to the already heated debate about legal pluralism and the ontology of law by shifting the attention toward the relationship between what is treated as law and its impact on governance at the fora of dispute resolution This book addresses sensitive issues such as gender rights and alternative dispute resolution in India Hindu and Muslim personal laws in South Asia and in Europe cross border white violence the change to Islamic legal traditions under Western domination women s inheritance in Pakistan and in the disputed territory of Gilgit Baltistan indigenous rights and resistance at the India Bangladesh border and customary laws of nomadic groups in India The authors deploy a variety of views that point at the pros and cons of legal pluralism and also integrates its opponents They show how constructions of identity religion and power have historically informed the conceptualisation of secularism which may be an ideal sometimes able to provide for perceptions of accountable governance but also generating dividing worldviews This book was published as a special issue of the Journal of Legal Pluralism and Official Law

Common Sense about Pakistan A. B. S. Jafri,2001 Pakistan Journal of Agricultural Research ,1990 **Weekly Commentary and Pakistan News Digest** ,1972 *The Herald* ,1991 **Defeat is an Orphan** Myra MacDonald,2017-01-01 When India and Pakistan held nuclear tests in 1998 they restarted the clock on a competition that had begun half a century earlier Nuclear weapons restored strategic parity erasing the advantage of India s much larger size and conventional military superiority Yet in the years that followed Pakistan went on to lose decisively to India It lost any ability to stake a serious claim to Kashmir a region it called its jugular vein Its ability to influence events in Afghanistan

diminished While India's growing economy won it recognition as a rising world power Pakistan became known as a failing state Pakistan had lost to India before but the setbacks since 1998 made this defeat irreversible Defeat is an Orphan follows the rollercoaster ride through post nuclear India Pakistan from bitter conflict in the mountains to military confrontation in the plains from the hijacking of an Indian plane to the assault on Mumbai Nuclear weapons proved to be Pakistan's undoing They encouraged a reckless reliance on militant proxies even as the jihadis spun out of control outside and inside Pakistan By shielding it from retaliation the nuclear weapons also sealed it into its own dysfunction so much so that the Great South Asian War fought on and off since 1947 was not so much won by India as lost by Pakistan **The Pakistan Review** ,1968
