Pakistan Robert Dale Campbell,1957      Area Handbook for Pakistan American University (Washington, D.C.). Foreign Areas Studies Division,1965 General study of Pakistan covers historical and geographical aspects labour force demographic aspects and social structures living conditions education cultural factors tradition religion the system of government foreign policy the economic structure trade unionism trade banking national level defence the armed forces etc Bibliography pp 571 to 607 maps and statistical tables      **Pakistan** Robert D. Campbell,1963      Pakistan's Nuclear Future Henry D. Sokolski,2009 Unfortunately a nuclear terrorist act is only one and hardly the most probable of several frightening security threats Pakistan now faces or poses We know that traditional acts of terrorism and conventional military crises in Southwest Asia have nearly escalated into wars and more recently even threatened Indian and Pakistani nuclear use Certainly the war jitters that attended the recent terrorist attacks against Mumbai highlighted the nexus between conventional terrorism and war For several weeks the key worry in Washington was that India and Pakistan might not be able to avoid war Similar concerns were raised during the Kargil crisis in 1999 and the Indo Pakistani conventional military tensions that arose in 2001 and 2002 crises that most analysts including those who contributed to this volume believe could have escalated into nuclear conflicts The intent of this book is to conduct a significant evaluation of these threats Its companion volume Worries Beyond War published in 2008 focused on the challenges of Pakistani nuclear terrorism These analyses offer a window into what is possible and why Pakistani nuclear terrorism is best seen as a lesser included threat to war and terrorism more generally Could the United States do more with Pakistan to secure Pakistan s nuclear weapons holdings against possible seizure It is unclear This book argues that rather than distracting our policy leaders from taking the steps needed to reduce the threats of nuclear war we would do well to view our worst terrorist nightmares for what they are subordinate threats that will be limited best if the risk of nuclear war is reduced and contained      *Pakistan* R. Democracy and Public Administration in Pakistan Amna Imam, Eazaz A. Dar, 2013-12-14 This book explores the role of the grass roots public administrative institution of DC DM in historical context for Pakistan and its viability for a meaningful democracy and stability of the country The authors contend that Pakistan's democracy to date lacks firm foundation as evidenced by the country's disintegration in 1971 violence and drugs in the 80s crime infested communities in the 90s terrorism in the 2000s and the current volatile situation in Balochistan and FATA as well as high crime rate and lacking sense of security among the communities of Pakistan
