Palatable Poison:

The Cambridge Companion to Gay and Lesbian Writing Hugh Stevens, 2011 In the last two decades lesbian and gay studies have transformed literary studies The Cambridge Companion to Gay and Lesbian Writing introduces readers to important concepts methods and cultural and historical debates relevant to the study of sexuality and literature Censored Matthew Fellion, Katherine Inglis, 2017-09-05 When Henry Vizetelly was imprisoned in 1889 for publishing the novels of mile Zola in English the problem was not just Zola s French candour about sex it was that Vizetelly s books were cheap and ordinary people could read them Censored exposes the role that power plays in censorship In twenty five chapters focusing on a wide range of texts including the Bible slave narratives modernist classics comic books and Chicana o literature Matthew Fellion and Katherine Inglis chart the forces that have driven censorship in the United Kingdom and the United States for over six hundred years from fears of civil unrest and corruptible youth to the oppression of various groups religious and political dissidents same sex lovers the working class immigrants women racialized people and those who have been incarcerated or enslaved The authors also consider the weight of speech and when restraints might be justified Rich with illustrations that bring to life the personalities and the books that feature in its stories Censored takes readers behind the scenes into the courtroom battles legislative debates public campaigns and private exchanges that have shaped the course of literature A vital reminder that the freedom of speech has always been fragile and never enjoyed equally by all Censored offers lessons from the past to guard against threats to literature in a new political era *Symbolism 21* Florian Klaeger, Klaus Stierstorfer, Marlena Tronicke, 2021-10-25 Special Focus Law and Literature This special focus issue of Symbolism takes a look at the theoretical equation of law and literature and its inherent symbolic dimension The authors all approach the subject from the perspective of literary and book studies foregrounding literature s potential to act as supplementary to a very wide variety of laws spread over historical geographical cultural and spatial grounds The theoretical ground laid here thus posits both literature and law in the narrow sense The articles gathered in this special issue analyse Anglophone literatures from the Renaissance to the present day and cover the three major genres narrative drama and poetry The contributions address questions of the law s psychoanalytic subconscious copyright and censorship literary negotiations of colonial and post colonial territorial laws the European refugee debate and migration narratives fictional debates on climate change contemporary feminist drama and classic 19th century legal narratives This volume includes two insightful analyses of poetic texts with a special focus on the fact that poetry has often been neglected within the field of law and literature research Special Focus editor Franziska Quabeck Westf lische Wilhelms Universit t M nster Germany Palatable Poison Laura L. Doan, Jay Prosser, 2001 The Well of Loneliness was released in Britain in 1928 and was immediately controversial This text gathers together classic essays on the book to provide an understanding of how views have changed Lesbian Modernism English Elizabeth English, 2014-11-11 The first book length study to explore the

importance of genre fiction for the body of literature we call lesbian modernism Elizabeth English explores the aesthetic dilemma prompted by the censorship of Radclyffe Hall's novel *The Well of Loneliness* in 1928 Faced with legal and financial reprisals women writers were forced to question how they might represent lesbian identity and desire Modernist experimentation has often been seen as a response to this problem but English breaks new ground by arguing that popular genre fictions offered a creative strategy against the threat of detection and punishment Her study examines a range of responses to this dilemma by offering illuminating close readings of fantasy crime and historical fictions written by both mainstream and modernist authors English introduces hitherto neglected women writers from diverse backgrounds and draws on archival material examined here for the first time to remap the topography of 1920s 1940s lesbian literature and to reevaluate the definition of lesbian modernism

Key Features Rethinks the lesbian modernist project to demonstrate that genre fiction not only influenced modernist writers such as Woolf and Stein but also found its way into their ostensibly highbrow work Brings to light hitherto neglected mainstream writers working in popular genres who contributed to the lesbian modernist aesthetic Situates Katharine Burdekin within the context of lesbian modernism for the first time employing hitherto unseen archive material including letters and manuscripts Divided into three broad multi-author genres fantasy historical and detective fictions the study covers popular fictions such as utopian writing the supernatural historical biography historical romance and the classic country house crime novel

Muckrakers Ann Bausum, 2007 Tells how investigative reporting began with the muckrakers in the early 20th century

Dirt for Art's Sake Elisabeth Ladenson, 2012-09-24 In *Dirt for Art's Sake* Elisabeth Ladenson recounts the most visible of modern obscenity trials involving scandalous books and their authors What she asks do these often colorful legal histories have to tell us about the works themselves and about a changing cultural climate that first treated them as filth and later celebrated them as masterpieces Ladenson's narrative starts with *Madame Bovary* Flaubert was tried in France in 1857 and finishes with *Fanny Hill* written in the eighteenth century put on trial in the United States in 1966 she considers along the way *Les Fleurs du Mal* *Ulysses* *The Well of Loneliness* *Lady Chatterley's Lover* *Tropic of Cancer* *Lolita* and the works of the Marquis de Sade Over the course of roughly a century Ladenson finds two ideas that had been circulating in the form of avant-garde heresy gradually became accepted as truisms and eventually as grounds for legal defense The first is captured in the formula art for art's sake the notion that a work of art exists in a realm independent of conventional morality The second is realism vilified by its critics as dirt for dirt's sake In Ladenson's view the truth of the matter is closer to dirt for art's sake the idea that the work of art may legitimately include the representation of all aspects of life including the unpleasant and the sordid Ladenson also considers cinematic adaptations of these novels among them Vincente Minnelli's *Madame Bovary* Stanley Kubrick's *Lolita* and the 1997 remake directed by Adrian Lyne and various attempts to translate de Sade's works and life into film which faced similar censorship travails Written with a keen awareness of ongoing debates about free speech *Dirt for Art's Sake* traces the legal

and social acceptance of controversial works with critical acumen and delightful wit *Current History*, 1929 **The Public Health Crisis Survival Guide** Joshua M. Sharfstein, 2022-09-27 Before the COVID 19 pandemic I sometimes struggled to convince my students that crises matter Crises are not just distractions from the work of public health I insisted In the blink of an eye crises become the work of public health To aspiring health officials I might add A crisis might determine whether you succeed or fail in your job To future advocates I might point out A crisis might create your most powerful opportunity for change The Muckrakers Louis Filler, 1993 This edition of Louis Filler's classic account carries the muckraking tradition through World War II McCarthyism the civil rights movement Korea Vietnam Ralph Nader and Watergate **Current History and Forum**, 1929 Lost Causes Valerie Rohy, 2015 Lost Causes stages a polemical intervention in the discourse that grounds queer civil rights in etiology that is in the cause of homosexuality whether choice recruitment or biology Homo Psyche Gila Ashtor, 2021-06-01 Winner Alan Bray Memorial Book Award 2022 Lammy Finalist LGBTQ Studies Can queer theory be erotophobic This book proceeds from the perplexing observation that for all of its political agita rhetorical virtuosity and intellectual restlessness queer theory conforms to a model of erotic life that is psychologically conservative and narrow Even after several decades of combative dazzling irreverent queer critical thought the field remains far from grasping that sexuality's radical potential lies in its being understood as exogenous intersubjective and intrusive Laplanche In particular and despite the pervasiveness and popularity of recent calls to deconstruct the ideological foundations of contemporary queer thought no study has as yet considered or in any way investigated the singular role of psychology in shaping the field's conceptual impasses and politico ethical limitations Through close readings of key thinkers in queer theoretical thought Eve Kosofsky Sedgwick Leo Bersani Lee Edelman Judith Butler Lauren Berlant and Jane Gallop Homo Psyche introduces metapsychology as a new dimension of analysis vis vis the theories of French psychoanalyst Jean Laplanche who insisted on new foundations for psychoanalysis that radically departed from existing Freudian and Lacanian models of the mind Staging this intervention Ashtor deepens current debates about the future of queer studies by demonstrating how the field's systematic neglect of metapsychology as a necessary and independent realm of ideology ultimately enforces the complicity of queer studies with psychological conventions that are fundamentally erotophobic and therefore inimical to queer theory's radical and ethical project *The Ladies of Llangollen* Fiona Brideoake, 2017-04-06 The Ladies of Llangollen is the first book length critical study of Lady Eleanor Butler and Miss Sarah Ponsonby whose 1778 elopement and five decades of retirement turned them into eighteenth century celebrities and pivotal figures in the historiography of female same sex desire Debates within the history of sexuality have long foundered over questions of what constitutes proof of past sexual desires and practices and the nature of Butler and Ponsonby's intimacy has been deemed inimical to productive critical consideration In this ground breaking study Fiona Brideoake attends to the archive of their shared life written performed and enacted in the vernacular of the everyday to argue that they embodied an early iteration of

female celebrity in which their queerness registered less as the mark of some specified non normativity than as the effect of their very public very visible resistance to sexual legibility Throughout their lives and afterlives Butler and Ponsonby have been figured as chaste romantic friends prototypical lesbians Bluestockings Romantic domestic archetypes and proleptically feminist modernists The Ladies of Langollen demonstrates that this heterogeneous legacy discloses the queerness of their performatively instantiated identities *Androgyny in Modern Literature* T. Hargreaves, 2004-11-10 Androgyny in Modern Literature engages with the ways in which the trope of androgyny has shifted during the late nineteenth and twentieth centuries Alchemical platonic sexological psychological and decadent representations of androgyny have provided writers with an icon which has been appropriated in diverse ways This fascinating new study traces different revisions of the psychosexual embodied cultural and feminist fantasies and repudiations of this unstable but enduring trope across a broad range of writers from the fin de siècle to the present **Secrecy and Sapphic Modernism** S. Nair, 2011-12-06 Novels by significant Modernist authors can be described as romans clef providing insight into restrictions governing the representation of female homosexuality in the early twentieth century Nair argues that key novels of the period represented same sex desire through the encryption of personal references directed towards coterie audiences *Challenging Lesbian Norms* Angela Pattatucci-Aragon, 2013-02-01 What constitutes lesbian identity The term homonormativity describes current prevailing idealized assumptions about lesbian identity This concept however marginalizes subgroups within the greater lesbian population Challenging Lesbian Norms Intersex Transgender Intersectional and Queer Perspectives dynamically confronts homonormativity in lesbian communities by presenting expert multidisciplinary discussion about what is a definable lesbian identity This text sensitively explores difficult issues about gender policing and the viewpoints in lesbian communities that hold that transgender intersectional and queer individuals are considered to have false consciousness Consequences of lesbian normativity both for lesbian communities and for marginalized groups are examined through literary criticism lesbian feminist and queer theories corporeal philosophy film television cultural criticism personal narratives public health and field research The issue of the authenticity of lesbian identity causes rifts between some lesbian communities and the groups that strive to be included yet are still marginalized Challenging Lesbian Norms directly exposes practices and beliefs within lesbian communities that lead to the assumption of the prototypical lesbian The book courageously reveals the similarities of lesbian normative stances with other views such as Christian conservative rhetoric and reviews the health consequences of being marginalized within the lesbian communities This text actively challenges the foundational notion within lesbian communities that a stable immutable lesbian sex exists Topics in Challenging Lesbian Norms include human physiology the flexibility of sexuality and biologic determinism marginalization within lesbian communities transexualism and Lesbian Theory gender and sexual identity construction partnering practices and issues involving queer identified youth demystification of the gay vibe from a femme queer woman s perspective lesbian feminism gender policing and casting butch

FTM and transgendered subjectivities as false consciousness representations of lesbians in television movies Native American two spirit women teaching transgender and its transformative effect identity modeling inclusion of transgender and intersex individuals within the lesbian communities transgender characters in film Latina lesbians and mental health Challenging Lesbian Norms is stimulating eye opening reading that is perfect for activists educators and students in LGBT and women s studies and public health professionals

English Literary Sexology H. Bauer,2009-04-30 It is well known that much of our modern vocabulary of sex emerged within nineteenth century German sexology But how were the German ideas translated and transmitted into English culture This study provides an examination of the formation of sexual theory between the 1860s and 1930s and its migration across national and disciplinary boundaries

'The World' and other unpublished works of Radclyffe Hall Jana Funke,2016-06-16 This book presents a wide range of previously unpublished works by Radclyffe Hall These new materials significantly broaden and complicate critical views of Hall s writings They demonstrate the stylistic and thematic range of her work and cover diverse topics including outsiderism gender sexuality race class religion the supernatural and the First World War Together these texts shed a new light on unrecognised or misunderstood aspects of Hall s intellectual world The volume also contains a substantial introduction which situates Hall s unpublished writings in the broader context of her life and work Overall the book invites a critical reassessment of Hall s place in early twentieth century literature and culture and offers rich possibilities for teaching and future research It will be of interest to scholars and undergraduate and postgraduate students in the fields of English literature modernism women s writing and gender and sexuality studies and to general readers
