The Scary Mason-Dixon Line Trudier Harris, 2009-06-01 New Yorker James Baldwin once declared that a black man can look at a map of the United States contemplate the area south of the Mason Dixon Line and thus scare himself to death In *The Scary Mason Dixon Line* renowned literary scholar Trudier Harris explores why black writers whether born in Mississippi New York or elsewhere have consistently both loved and hated the South Harris explains that for these authors the South represents not so much a place or even a culture as a rite of passage Not one of them can consider himself or herself a true African American writer without confronting the idea of the South in a decisive way Harris considers native born black southerners Raymond Andrews Ernest J Gaines Edward P Jones Tayari Jones Yusef Komunyakaa Randall Kenan and Phyllis Alesia Perry and nonsouthern writers James Baldwin Sherley Anne Williams and Octavia E Butler The works

Harris examines date from Baldwin's Blues for Mr Charlie 1964 to Edward P Jones's The Known World 2003 By including Komunyakaa's poems and Baldwin's play as well as male and female authors Harris demonstrates that the writers preoccupation with the South cuts across lines of genre and gender Whether their writings focus on slavery migration from the South to the North or violence on southern soil and whether they celebrate the triumph of black southern heritage over repression or castigate the South for its treatment of blacks these authors cannot escape the call of the South Indeed Harris asserts that creative engagement with the South represents a defining characteristic of African American writing A singular work by one of the foremost literary scholars writing today The Scary Mason Dixon Line superbly demonstrates how history and memory continue to figure powerfully in African American literary creativity *Unearthed* Daniel Griffin,2016-07-09

the 1830s of the nineteenth century who all wrote on African enslavement in the West Indies. All four writers adhere to the discourse of white supremacy with three of them ardent supporters of African enslavement and one an ardent anti-slavery abolitionist. This work places specific emphasis on how all four white supremacists constitute, view and react to threats to white supremacy in the West Indies in the period in which they wrote. This specific emphasis then enables an understanding of the manner the discourse of white supremacy in its West Indian genesis and development constitutes and reacts to threats posed by non-white races. So vitally relevant to understanding the hegemonic 21st-century discourse of white supremacy which is driving the response of the North Atlantic to the grave threats to its white hegemony it now perceives.

Documents of the Assembly of the State of New York New York (State). Legislature. Assembly, 1859 Men in War Andreas

Latzko, 2022-09-04 In *Men in War* Andreas Latzko delivers a poignant exploration of the human experience in warfare deftly capturing the psychological turmoil and moral dilemmas faced by soldiers. The book is structured as a series of interconnected stories showcasing Latzko's lyrical prose and acute observations of the physical and emotional scars left by conflict. Written during the aftermath of World War I, this work serves as a powerful commentary on the futility and destructive nature of war, aligning with the modernist literary context that sought to interrogate traditional narratives of heroism and valor. Andreas Latzko, an Austrian author and veteran of the Great War, draws from his own experiences to craft these narratives, reflecting both the disillusionment of a generation and the intimate struggles of those who serve. His background in history and his insights into the human condition enable him to create a profound sense of empathy for his characters, blending autobiographical elements with fiction to dissect the trauma of warfare and its lingering effects on the psyche. For readers seeking a profound meditation on the complexities of war and its impact on humanity, *Men in War* stands as an essential read. Latzko's insightful prose invites readers to contemplate the often grim realities faced by soldiers, making this book not only a compelling literary work but also a vital historical reflection.

White Ethics and Black Power William W. Ellis, 2017-09-29 The disparity between the ideal of a democratic America and the reality of racial oppression and poverty is so great that serious voices among blacks, students and others challenged the ethical foundations of the nation in the 1960s. Local political organizations emerging out of black ghettos led a black revolt asserting a revolutionary black nationalism rather than social reform and integration. For those blacks, white America could no longer dictate right and wrong and certainly could no longer tell blacks

how best to pursue their goals This feeling was so strong among the adherents of the new militant movements formed under the political symbolism of black power that they questioned all white ethical institutions These new movements bargained and contended with whites even worked closely with them for many purposes but always with suspicion and caution White Ethics and Black Power describes racial relations during this period It examines the careers and philosophies of the leadership of a community organization illuminating the complex relationship between white America and the new black power movements between America and its interpretation of itself on the one hand and the experience of black and oppressed peoples in America on the other Redefining social science as a means through education and research of improving the quality of American life William Ellis derides non participatory social science as a hoax and asks the social scientist to make clear his moral commitment to the people he studies or to the establishment that funds him Controversial in its ideology its passion and its scorn of racist America this volume remains the only openly partisan social scientific analysis into the nature of this American crisis Readers may not agree with the views expressed by the author but they cannot ignore this book s relevance to any understanding of black white relationships Unique in the literature White Ethics and Black Power not only explains black power but offers hope for meaningful change

The 36th Infantry United States Colored Troops in the Civil War James K. Bryant, II, 2014-01-02 During the Civil War African American war correspondent Thomas Morris Chester was so inspired by the men of the 36th United States Colored Troops that he declared the group to be a model regiment Composed primarily of former slaves recruited from Union occupied areas of eastern North Carolina and southeastern Virginia the 36th USCT participated in large scale expeditions to liberate slaves guarded Confederate prisoners at major POW camps served in the trenches before Petersburg and Richmond and stood as one of the first units to enter the abandoned Confederate capital on April 3 1865 This volume which includes a complete regimental roster explores the background of these former slaves and their families examines their initial recruitment and chronicles their military contributions throughout the war More than a unit history the story of the 36th USCT offers a vivid portrait of the challenging transition from slavery to freedom

Dear Da-Lê Anh Duong, 2024-09-21 In an intensely revealing memoir written for his Canadian daughter a man breaks a lifetime of silence about the traumas of his childhood in war torn Vietnam and his years as a refugee in revolutionary Iran Spanning decades and generations this heartfelt memoir began as a series of letters from a worried father Anh Duong had witnessed terrible things as a child during the Vietnam War and later as a refugee in Iran during the revolution of the late 1970s But like many in the Vietnamese diaspora he had remained silent about his experiences believing that trauma was better left unspoken However when his daughter became involved in student protests Duong felt compelled to speak about his own experience of uprisings In precise prose Dear Da L moves along a taut narrative thread that begins with Duong s birth in 1953 and ends with his arrival frayed and broke in Canada in 1980 With surprising moments of hope and tenderness amid brutal divisions the author creates a coming of age story

intertwined with the human costs of war and exile Its revelations are sure to resonate not only with the generation born to refugees of the Vietnam War but with anyone seeking to understand the lasting often hidden torments of violent conflict and the healing that can take place in the act of telling
