Paul Klee And The Decorative In Modern Art:

Paul Klee and the Decorative in Modern Art Jenny Anger, 2004-02-12 One of the goals of Modernism was the presentation of the essence of art or pure form Encouraged by theorists modern artists found pure form in ornament which though promising was sullied by connotations of materiality domesticity and femininity Jenny Anger demonstrates that the decorative significantly informed Paul Klee's art She compares his work to that of another major modernist Henri Matisse to confirm the critical role of the decorative in Modernism Anger also explores the relevance of the decorative for contemporary and especially women artists **Paul Klee** Christine Hopfengart, Michael Baumgartner, Fabienne Eggelhöfer, Osama Okuda, 2020-01-01 Paul Klee 1879-1940 ist einer der bedeutendsten Vertreter der modernen Kunst Er schuf ein ebenso universales wie individuelles Werk das zwischen allen Strömungen und Ismen seiner Zeit steht Sein gewaltiges malerisches zeichnerisches und bildnerisches Œuvre seine Briefe und Tagebuchaufzeichnungen und nicht zuletzt seine pädagogischen Notizen bilden den Hintergrund für diese pointierte Darstellung zu Leben und Werk des meditativen Künstlers und visuellen Denkers Der reich bebilderte Band zeichnet Klees bewegte Biografie nach und spannt den Bogen von Klees künstlerischen Anfängen mit karikaturistischen Zeichnungen und Akten über seine Begegnung mit der Avantgarde und die berühmten Aquarelle der Tunisreise über die abstrakten Farbkompositionen der Bauhaus Zeit bis zu den geheimnisvollen Bildfindungen seiner letzten Jahre in Bern **Paul Klee** Kathryn Porter Aichele, 2006 Sumario The artist poet painter I am a poet after all The poetic and the pictorial A poetic personal idea of landscape Harmonizing architectonic and poetic painting Poems in pictorial script Klee and concrete poetry What counts as poetry **The Symbolist Roots of Modern Art** Michelle Facos, 2017-07-05 With the words A new manifestation of art was expected necessary inevitable Jean Moré announced the advent of the Symbolist movement in 1886 When Symbolist artists began experimenting in order to invent new visual languages appropriate for representing modern life in all its complexity they set the stage for innovation in twentieth century art Rejecting what they perceived as the superficial descriptive quality of Impressionism Naturalism and Realism Symbolist artists delved beneath the surface to express feelings ideas scientific processes and universal truths By privileging intangible concepts over perceived realities and by asserting their creative autonomy Symbolist artists broke with the past and paved the way for the heterogeneity and penchant for risk taking that characterizes modern art The essays collected here which consider artists from France to Russia and Finland to Greece argue persuasively that Symbolist approaches to content form and subject helped to shape twentieth century Modernism Well known figures such as Kandinsky Klee Matisse and Munch are considered alongside lesser known artists such as Fini Gyzis Koen and Vrubel in order to demonstrate that Symbolist art did not constitute an isolated moment of wild experimentation but rather an inspirational point of departure for twentieth century developments **Paul Klee** Annie Bourneuf, 2015-07-20 The book offers a new original look at the great European modernist Paul Klee and the interplay of word and image in the work he produced after WWI when the European avant garde

was at its most adamant Bourneuf asks why was it that Klee immersed himself in crossings of image and text at the same time that so much avant garde art focused fiercely on the visual She proposes that Klee created forms that hover between the pictorial and the written to provoke the viewer to look slowly and contemplatively a mode of viewing the artist saw as both analogous to reading and threatened by new technological media such as film mass printing telephones and radio Bourneuf demonstrates how Klee's concern for the literary aspects of visual art is both the motive for and the means of his ironic play with modernist art theories and practices *Four Metaphors of Modernism* Jenny Anger, 2018-02-20 Exploring the significance of metaphor in modern art Where do the roots of art lie asked Der Sturm founder Herwarth Walden In the people Behind the mountains Behind the planets He who has eyes to hear feels Walden's Der Sturm the journal gallery performance venue press theater bookstore and art school in Berlin 1910 1932 has never before been the subject of a book length study in English *Four Metaphors of Modernism* positions Der Sturm at the center of the avant garde and as an integral part of Euro American modern art theory and practice Jenny Anger traces Walden's aesthetic and intellectual roots to Franz Liszt and Friedrich Nietzsche forebears who led him to embrace a literal and figurative mixing of the arts She then places Der Sturm in conversation with New York's Soci t Anonyme 1920 1950 an American avant garde group modeled on Der Sturm and founded by Katherine Sophie Dreier Marcel Duchamp and Man Ray Working against the tendency to examine artworks and artist groups in isolation Anger underscores the significance of both organizations to the development and circulation of international modernism Focusing on the recurring metaphors of piano glass water and home *Four Metaphors of Modernism* interweaves a historical analysis of these two prominent organizations with an aesthetic analysis of the metaphors that shaped their practices reconceiving modernism itself Presented here is a modernism that is embodied gendered multisensory and deeply committed to metaphor and a restoration of abstraction's connection with the real

Nell Walden, Der Sturm, and the Collaborative Cultures of Modern Art Jessica Sjöholm Skrubbe, 2021-12-30 Based on hitherto overlooked archival material this book reveals Nell Walden's significant impact on the Sturm organisation through a feminist reading of supportive labour that highlights the centrality of collaborative work within the modern art world This book introduces Walden as an ardent collector of modern and indigenous art and critically contextualises her own art production in relation to expressionist concepts of art and to gendered ideas on abstraction and decoration Visual analyses highlight how she collaborated with professional and experimental women photographers during the Weimar era and how the circulation of these photographs served as a means to intervene in the public sphere of culture in interwar Germany Finally the book provides an analysis of Walden's continuing work for Der Sturm after her voluntary exile from Germany to Switzerland in 1933 and highlights the importance of women's supportive labour for the canonisation and institutionalisation of modern art in museums and archives The book will be of interest to scholars working in art history visual studies and gender studies *Matisse and Decoration* John Klein, 2018-01-01 A brand new look at the extremely beautiful if

underappreciated later works of one of the most inventive artists of the 20th century Between 1935 and his death at midcentury Henri Matisse 1869 1954 undertook many decorative projects and commissions These include mural paintings stained glass ceramic tiles lead crystal pieces carpets tapestries fashion fabrics and accessories work that has received no significant treatment until now By presenting a wealth of new insights and unpublished material including from the artist s own correspondence John Klein an internationally acclaimed specialist in the art of Matisse offers a richer and more balanced view of Matisse s ambitions and achievements in the often neglected later phases of his career Matisse designed many of these decorations in the innovative and widely admired medium of the paper cut out whose function and significance Klein reevaluates Matisse and Decoration also opens a window onto the revival and promotion following World War II of traditional French decorative arts as part of France s renewed sense of cultural preeminence For the first time the idea of the decorative in Matisse s work and the actual decorations he designed for specific settings are integrated in one account amounting to an understanding of this modern master s work that is simultaneously more nuanced and more comprehensive

and Public Space in European Visual Culture, 1789?914 " Temma Balducci,2017-07-05 Focusing on images of or produced by well to do nineteenth century European women this volume explores genteel femininity as resistant to easy codification vis is the public Attending to various iterations of the public as space sphere and discourse sixteen essays challenge the false binary construct that has held the public as the sole preserve of prosperous men By contrast the essays collected in Women Femininity and Public Space in European Visual Culture 1789 1914 demonstrate that definitions of both femininity and the public were mutually defining and constantly shifting In examining the relationship between affluent women femininity and the public the essays gathered here consider works by an array of artists that includes canonical ones

such as Mary Cassatt and Frans Gerd as well as understudied women artists including Louise Abb and Broncia Koller. The essays also consider works in a range of media from fashion prints and paintings to private journals and architectural designs, facilitating an analysis of femininity in public across the cultural production of the period. Various European centers including Madrid, Florence, Paris, Brittany, Berlin, and London emerge as crucial sites of production for genteel femininity, providing a long overdue rethinking of modern femininity in the public sphere.
