Poetry And Career Of Li Po:

The Poetry and Career of Li Po, 701-762 A.D. Arthur Waley, 1970 *The Poetry and Career of Li Po* Arthur Waley, 2021-11-29 When this was originally published in 1950 this was the fullest biography of one of China's greatest poets that had ever appeared in any language. It tells the story of the poet's life against the background of contemporary history and in doing so gives a brilliant picture of Chinese life in the eighth century A.D. during a period of the Tang Dynasty fertile in great poets such as Wang Wei, Tu Fu and Meng Haojan. The poetry and career of Li Po Arthur Waley, 1958 **The Poetry and Career of Li Po** Waley A., 1950 *The Poetry and Career of Li Po, 701-762 A.D.* Heinrich Robert Zimmer, 1950 The Poetry & Career of Li Po A. Waley, The Poetry and Career of Li Po, 701-762 A. D., by Arthur Waley Arthur Waley, 1950 *The Poetry and Career of Li Po, 702-762 A.D.* Arthur Waley, 1950 *Classical Chinese Literature: From antiquity to the Tang dynasty* John Minford, Joseph S. M. Lau, 2002 Contains English translations of Chinese writings drawn from throughout a period of four hundred years including poems, drama, fiction, songs, biographies and early works of philosophy and history arranged chronologically and by genre with introductory quotes and comments *Essays on T'ang Society* Smith, Perry, 2023-07-24 *The Works of Li Po, the Chinese Poet* Bai Li, 1922 **The Works of Li Po, the Chinese Poet** □ □, 1922 **Ezra Pound and the Appropriation of Chinese Poetry** Ming Xie, 2021-12-12 First published in 1999 The subject of this book is the translation and appropriation of Chinese poetry by some English and American writers in the early decades of this century. The author explores the concern as much with English translation of Chinese poetry per se as with the relationship between this body of translation from the Chinese and the developing poetics and practices of what is usually referred to as Imagism as much with the question of historical influence or ascription as with certain interpretive and critical aspects of this correlative relationship. Focusing on the direct influence of Chinese poetry upon the theory and practice of Imagism, attributing to Imagist poets in general and Ezra Pound in particular the perception in Chinese poetry of the essential qualities and principles for rejuvenating English poetry in the early decades of the century. **A History of Western Appreciation of English-translated Tang Poetry** Lan Jiang, 2018-03-08 This book examines the development of English translated Tang poetry and its propagation to the Western world. It consists of two parts, the first of which addresses the initial stage of English translated Tang poetry's propagation and the second exploring its further development. By analyzing the historical background and characteristics of these two stages, the book traces the trend back to its roots, discusses some well-known early sinologists and their contributions, and familiarizes readers with the general course of Tang poetry's development. In addition, it presents the translated versions of many Tang poems. The dissemination of Tang poetry to the Western world is a significant event in the history of cross-cultural communication. From the simple imitation of poetic techniques to the acceptance and identification of key poetic concepts, the Tang poetry translators gradually constructed a classic Chinese style in modern American poetry. Hence the traditional Chinese culture represented by Tang poetry spread

more widely in the English speaking world producing a more lasting impact on societies and cultures outside China and demonstrating the poetry's ability to transcend the boundaries of time region nationality and culture Due to different cultural backgrounds the Tang poets or poems admired most by Western readers may not necessarily receive high acclaim in China Sometimes language barriers and cultural differences make it impossible to represent certain allusions or cultural and ethnic concepts correctly during the translation process However in recent decades the translation of Tang poetry has evolved considerably in both quantity and quality As culture is manifested in language and language is part of culture the translation of Tang poetry has allowed Western scholars to gain an unprecedented understanding of China and Chinese culture
