SOCIALIZATION AND DEVELOPMENT

Ervin Staub

# Positive Social Behavior And Morality

**Arthur G. Miller**

## **Positive Social Behavior And Morality:**

*Positive Social Behavior and Morality* Ervin Staub, 2013-09-11 *Positive Social Behavior and Morality Social and Personal Influences Volume I* presents the broad range of influences that encourage or inhibit people to behave positively towards others and how varied forms of positive behavior are determined The book examines the various aspects of positive social behavior It starts by providing the definition significance and relationship of positive or prosocial behavior to morality Topics on why people behave prosocially the determinants of people helping other people in physical distress effects of harm doing on prosocial behavior the limitations of current methods the goals for future study in the field of prosocial behavior and a theoretical model for predicting prosocial behavior are presented as well Psychologists sociologists researchers and students in the field of sociology and psychology will find this book interesting **Positive Social Behavior and Morality** Ervin Staub, 2013-10-08 *Positive Social Behavior and Morality Socialization and Development Volume 2* tackles the social aspects of the development or non development of positive social behavior The book examines how peer influence a child s varied experiences and other forms of socialization can instigate the development of positive social or prosocial behavior Topics on the nature of positive social behavior theoretical approaches to children s development role of peers in the development of the affectional system and how the nature of the child s environment can influence the development of prosocial behavior are discussed extensively Psychologists sociologists researchers and students in the field of sociology and psychology will find this book insightful Positive Social Behavior and Morality Ervin Staub, 1978 **Positive Social Behavior and Morality: Social and personality determinants** Ervin Staub, 1978 *Positive Social Behavior and Morality: Developmental aspects* Ervin Staub, 1978 *Positive Social Behavior and Morality: Socialization and development* Ervin Staub, 1978 Psychology and Social Responsibility Sylvia Staub, Paula Green, 1992-06 This book brings together for the first time many if the leading writers and thinkers from the psychological and mental health fields Contributes include Robert Jay Lifton Joanna Macy Roger Walsh and others *Empathy and Its Development* Nancy Eisenberg, Janet Strayer, 1990-08-31 A study of empathy from developmental biological clinical social and historical perspectives covering topics such as developmental changes and gender differences in empathy the role of cognition in empathy the socialization of empathy its role in child abuse and the measurement of empathy *Development and Maintenance of Prosocial Behavior* Ervin Staub, 2013-11-09 This book was inspired by an intimate stimulating intellectually enrich ing conference that took place in Poland However the book is not a conference report Rather at the time of the conference participants agreed that it would be worthwhile to create a volume representing the international state of knowledge in pro social behavior and many of them agreed to write chapters This volume is the outcome The book contains chapters by outstanding researchers and scholars who have made substantial contributions to some aspect of scholarship about pro social behavior helpfulness generosity kindness coopera tion or other behavior that benefits people The book concerns itself with how prosocial behavior comes about and what influences contrib

ute to or inhibit it how prosocial behavior or values and other personal characteristics that promote prosocial behavior develop how socialization peer interaction and other experiences contribute to development and with the cognitive emotional and behavioral consequences of receiving help Some chapters directly and a number of them implicitly concern themselves with applications of knowledge about prosocial behavior particularly with the question of how cooperation and behavior that benefits other people can be promoted The purpose of the book is in part to show where the field stands and what knowledge we have accumulated and in part to suggest future directions and advance the field It is a truly international book with contributors from most countries where research on prosocial behavior is being conducted

*The Social Psychology of Good and Evil, First Edition* Arthur G. Miller, 2013-10-24 This compelling work brings together an array of distinguished scholars to explore key concepts theories and findings pertaining to some of the most fundamental issues in social life the conditions under which people are kind and helpful to others or conversely under which they commit harmful even murderous acts Covered are such topics as the complex interaction of individual societal and situational factors underpinning good or evil behavior the role of guilt and the self concept and issues of responsibility and motivation including why good people do bad things The volume also examines whether aggression and violence are inescapable aspects of human nature and how cooperative interaction can break down stereotyping and discrimination

**The Evolution of Morality** Todd K. Shackelford, Randal D. Hansen, 2015-08-10 This interdisciplinary collection presents novel theories includes provocative reworkings of longstanding arguments and offers a healthy cross pollination of ideas to the morality literature Structures functions and content of morality are reconsidered as cultural religious and political components are added to the standard biological environmental mix Innovative concepts such as the Periodic Table of Ethics and evidence for morality in non human species illuminate areas for further discussion and research And some of the book's contributors question premises we hold dear such as morality as a product of reason the existence of moral truths and the motto life is good Highlights of the coverage The tripartite theory of Machiavellian morality judgment influence and conscience as distinct moral adaptations Prosocial morality from a biological cultural and developmental perspective The containment problem and the evolutionary debunking of morality A comparative perspective on the evolution of moral behavior A moral guide to depravity religiously motivated violence and sexual selection Game theory and the strategic logic of moral intuitions The Evolution of Morality makes a stimulating supplementary text for advanced undergraduate and graduate courses in the evolutionary sciences particularly in psychology biology anthropology sociology political science religious studies and philosophy

*Handbook of Moral Development* Melanie Killen, 2013-10-08 The Handbook of Moral Development is the definitive source of theory and research on the development of morality Since the publication of the first edition groundbreaking approaches to studying the development of morality have reinvigorated debates about what it means to conceptualize and measure morality in early childhood how children understand fairness and equality what the evolutionary

basis is for morality and the role of culture The contributors of this new edition grapple with these questions and provide answers for how morality originates changes evolves and develops during childhood adolescence and into adulthood Thoroughly updated and expanded the second edition features new chapters that focus on infancy neuroscience theory of mind moral personality and identity cooperation and culture gender sexuality prejudice and discrimination Reflecting the interdisciplinary nature of the study of moral development this edition contains contributions from over 50 scholars in developmental science cognitive psychology social neuroscience comparative psychology and evolution and education

**The Roots of Goodness and Resistance to Evil** Ervin Staub,2015 He explores the range of experiences that lead to active bystandership including socialization by parents teachers and peers in childhood education experiential learning and public education through media He examines what personal characteristics or dispositions result from such experiences which in turn lead to caring and helping Staub also considers how circumstances influence people both individuals and whole groups and how they join with personal dispositions to determine whether people remain passive in the face of others need or instead help others and behave in morally courageous or even heroic ways He considers how moral and caring values can be subverted by circumstances and outlines ways to resist that possibility **Social and Moral Values** Nancy

Eisenberg,Janusz Reykowski,Ervin Staub,2016-08-05 Originally published in 1989 this joint venture of American and Polish psychologists provides an international perspective on the psychological factors that make people attend to the well being of others and of society The individual sections focus on theoretical perspectives in the nature of values the development of positive values the place of values in various types of decisions the regulation of behaviors through values and the relation of values to behavioral outcomes and sociopolitical socioeconomic and historical perspectives on values Embracing the

Other Pearl Oliner,Samuel P. Oliner,Lawrence Baron,Lawrence Blum,1995-07 All but buried for most of the twentieth century the concept of altruism has re emerged in this last quarter as a focus of intense scholarly inquiry and general public interest In the wake of increased consciousness of the human potential for destructiveness both scholars and the general public are seeking interventions which will not only inhibit the process but may in fact chart a new creative path toward a global community Largely initiated by a group of pioneering social psychologists early questions on altruism centered on its motivation and development primarily in the context of contrived laboratory experiments Although publications on the topic have been considerable over the last several years and now represent the work of representatives from many disciplines of inquiry this volume is distinguished from others in several ways Embracing the Other emerged primarily as a response to recent research on an extraordinary manifestation of real life altruism namely to recent studies of non Jewish rescuers of Jews during World War II It is the work of a multi disciplinary and international group of scholars including philosophers social psychologists historians sociologists and educators challenging several prevailing conceptual definitions and motivational sources of altruism The book combines both new empirical and historical research as well as theoretical and

philosophical approaches and includes a lengthy section addressing the practical implications of current thinking on altruism for society at large The result is a multi textured work addressing critical issues in varied disciplines while centered on shared themes

**Handbook of Heroism and Heroic Leadership** Scott T. Allison, George R. Goethals, Roderick M. Kramer, 2016-10-04 Over the past decade research and theory on heroism and heroic leadership has greatly expanded providing new insights on heroic behavior The Handbook of Heroism and Heroic Leadership brings together new scholarship in this burgeoning field to build an important foundation for further multidisciplinary developments In its three parts Origins of Heroism Types of Heroism and Processes of Heroism distinguished social scientists and researchers explore topics such as morality resilience courage empathy meaning altruism spirituality and transformation This handbook provides a much needed consolidation and synthesis for heroism and heroic leadership scholars and graduate students

Moral Motivation Through the Life Span Gustavo Carlo, Carolyn P. Edwards, 2005-01-01 Moral Motivation through the Life Span is the fifty first volume in the Nebraska Symposium on Motivation series the longest continuously running symposium in the field of psychology This work focuses on moral development theory and research an area of academic study that began early in the twentieth century but has never before been addressed by the Symposium What is morality such theorists ask and what exactly makes a moral person The contributors to this volume are of diverse theoretical orientations and take different stances on a number of major themes What motivates moral behavior Are there certain universal moral values or are such values always subjective Does an individual's will or an individual's environment play a greater role in determining moral conduct What influence can we attribute to spirituality Finally the contributors explore the practical applications of their research on moral motivation What implications do such theories have for child rearing or our educational system How do we raise the next generation to be empathetic toward their fellow human beings

Advances in Experimental Social Psychology, 1984-12-19 Advances in Experimental Social Psychology

*Altruism in Humans* C. Daniel Batson, 2010-12-31 One of the Best Books of 2011 from the Center for Optimal Adult Development We send money to help famine victims halfway around the world We campaign to save whales and oceans We stay up all night to comfort a friend with a broken relationship People will at times risk even lose their lives for others including strangers Why do we do these things What motivates such behavior Altruism in Humans takes a hard science look at the possibility that we humans have the capacity to care for others for their sakes rather than simply for our own Based on an extensive series of theory testing laboratory experiments conducted over the past 35 years this book details a theory of altruistic motivation offers a comprehensive summary of the research designed to test the empathy altruism hypothesis and considers the theoretical and practical implications of this conclusion Authored by the world's preeminent scholar on altruism this landmark work is an authoritative scholarly resource on the theory surrounding altruism and its potential contribution to better interpersonal relations and a better society

Moral Education M. W. Berkowitz, F. Oser, 2013-10-28 First published in 1985 Kohlberg and his colleagues claimed that all one need do in

moral education is change the stage or structure of an individual's moral reasoning and changes in moral behavior ego and personality style would occur As moral education entered the 1980s many important problems remained The question of the legitimacy of the highest stage is still being considered The problem of the relationship between judgment and action is receiving much attention and reformulation as well The role of affect in moral functioning has been sorely overlooked until very recently A further issue is the implication of the particular realm of one's life family school peer group workplace church for the form and effectiveness of moral education Finally how can self acknowledged moral transgressions in typical individuals be incorporated into the theory This volume reflects these problems
