Literary History, Modernism, and Postmodernism Douwe Wessel Fokkema, 1984-01-01 In these lectures delivered at Harvard University in March 1983 the differences between Modernism and Postmodernism are discussed in semiotic terms based on a contrastive analysis of semantic and syntactical compositional features They present the major results of research into the literary conventions of Modernism Gide Larbaud V Woolf du Perron Th Mann and the innovations of Postmodernism Borges Fuentes Barthelme Calvino Hermans The investigation of innovation in literary history is based on a concept of literary evolution launched by the Russian Formalists and elaborated by reception theory and semioticians such as Lotman and Eco The author argues for further corroboration by means of empirical textual as well as psychological research

Postmodern Theory Steven Best, Douglas Kellner, 1991-01-01 In this timely volume the authors systematically analyze postmodern theory to evaluate its relevance for critical social theory and radical politics today Best and Kellner provide An introduction and critique of the work of Foucault Deleuze and Guattari Baudrillard Lyotard Laclau and Mouffe and Jameson which assess the varying contributions and limitations of postmodern theory A discussion of postmodern feminist theory and the politics of identity A systematic study of the origin of the discourse of the postmodern in historical sociological cultural and philosophical studies The authors claim that while postmodern theory provides insights into contemporary developments it lacks adequate methodological and political perspectives to provide a critical social theory and radical politics for the present age

The Passing of Postmodernism Josh Toth, 2010-03-24 The Passing of Postmodernism addresses the increasingly prevalent assumption that a period marked by poststructuralism and metafiction has passed and that literature and film are once again engaging sincerely with issues of ethics and politics In discussions of various twentieth and twenty first century writers directors and theorists from Michel Foucault and Slavoj Žižek to Thomas Pynchon and David Lynch Josh Toth demonstrates that a certain utopian spirit persisted within and actually defined the postmodern project Just as modernism was animated by an idealistic belief that it could finally realize the utopia beckoning on the horizon postmodernism was compelled by an equally utopian belief that it could finally reject the possibility of all such illusory ideals Toth argues that this specter of an impossible future is and must remain both possible and impossible a ghostly promise of what is always still to come Josh Toth teaches literature and critical theory at Grant MacEwan College and is coeditor with Neil Brooks of *The Mourning After Attending the Wake of Postmodernism*

Postmodernism and Organizations John Hassard Martin Parker, 1993-07-13 Essential reading for all those concerned with contemporary theorizing of organization this important and thought provoking volume explores the implications of postmodernist poststructuralist thinking for organizations and organizational analysis The book introduces the concepts underpinning a postmodern organizational analysis contrasting modern and postmodern forms of explanation and addressing the distinctions between postmodernity and postmodernism Succeeding chapters then examine and assess the interplay of major postmodernist themes such as deconstruction desire difference pluralism and relativism with key topics of organizational analysis and research The final section is one of critique as its authors variously argue that postmodernism fails adequately to address the realities of power control and change in a globalizing world

Postmodern Music, Postmodern Listening Jonathan D. Kramer, 2016-08-11 Kramer was one of the most visionary musical thinkers of the second half of the 20th century In his *The Time of Music* he approached the idea of the many different ways that time itself is articulated musically This book has become influential among composers theorists and aestheticians Now in his almost completed text written before his untimely death in 2004 he examines the concept of postmodernism in music Kramer created a series of markers by which we can identify postmodern works He suggests that the postmodern project actually creates a radically different relationship between the composer and listener Written with wit precision and at times playfully subverting traditional tropes to make a very serious point about this difference *Postmodern Music Postmodern Listening* leads us to a strongly grounded intellectual basis for stylistic description

and an intuitive sensibility of what postmodernism in music entails Postmodern Music Postmodern Listening is an examination of how musical postmodernism is not just a style or movement but a fundamental shift in the relationship between composer and listener The result is a multifaceted and provocative look at a critical turning point in music history one whose implications we are only just beginning to understand **Exploring Postmodernism** Matei Calinescu,Douwe W. Fokkema,1988-01-01 The great diversity of contexts in which the term Postmodernism is currently encountered reflects the remarkable success of a coinage that has been in circulation for only about forty years It has been used by philosophers sociologists art critics and literary historians to become finally a household word in the language of advertising and politics Before letting it fade to a derelict cliché an attempt is made in this volume of essays to use its potential as a cultural concept for the analysis and understanding of contemporary literature and thought Postmodernism and the Social Sciences Joe Doherty,Elspeth Graham,Mo Malek,2016-07-27 The social sciences are still predominantly modernist disciplines and as such products of the Enlightenment Recent challenges to Enlightenment thinking thus carry with them the potential or threat to transform the social sciences radically Postmodernism and the Social Sciences examines the nature and potential of this postmodernist challenge in each of the major social sciences Starting with the practices of particular disciplines and proceeding to matters of shared concern the essays provide an accessible discussion of the contemporary impact of postmodernism on social scientific thought **The Postmodern Turn** Steven Best,Douglas Kellner,1997-01-01 This book presents a groundbreaking analysis of the emergence of a postmodern paradigm in theory the arts science and politics From the authors of Postmodern Theory the much acclaimed introduction to key postmodern thinkers and themes The Postmodern Turn ranges over diverse intellectual and artistic terrain from architecture painting literature music and politics to the physical and biological sciences Critically engaging postmodern theory and culture Steven Best and Douglas Kellner illuminate our momentous transition between a modernist past and a future struggling to define itself Contemporary Sociological Theory Craig Calhoun,Joseph Gerteis,James Moody,Steven Pfaff,Indermohan Virk,2012-01-10 This comprehensive collection of contemporary sociological theory is the definitive guide to current perspectives and approaches in the field examining key topics and debates in the field Collects the most representative material available on topics such as symbolic interactionism phenomenology structuralism network theory critical theory feminist theory and the debates over modernity and postmodernity Includes examinations of the work of Foucault Giddens and Bourdieu A new section for this edition opens up the debate on power and inequality Thematically organized *Postmodernism, or, The Cultural Logic of Late Capitalism* Fredric Jameson,1992-01-06 Now in paperback Fredric Jameson's most wide ranging work seeks to crystallize a definition of postmodernism Jameson's inquiry looks at the postmodern across a wide landscape from high art to low from market ideology to architecture from painting to punk film from video art to literature *Romancing the Postmodern* Diane Elam,2019-08-13 By exposing the theory of romance to the romance of theory Diane Elam explores

literature's most uncertain, least easily definable and most tenacious genre, assessing its implications for both feminism and the understanding of history. Arguing for a parallel between postmodernism's divided relation to modernism and romance's difficult stance towards realism, *Romancing the Postmodern* first published in 1992 not only highlights how postmodernism questions our assumptions about historical time, it also reintroduces the figure of woman to the theory of both history and literature.
