Rupprecht, Nancy E. Rupprecht, 2020-06-01 This anthology of selected thematic articles is a unique approach to Holocaust Studies because it focuses on the responses to and consequences of Holocaust persecution rather than on the fact of it. After a brief overview of the Holocaust itself, the book is divided into two sections: Responses to Holocaust Persecution and Consequences of Holocaust Persecution. Each section of the book begins with a scholarly essay by an internationally recognized scholar. Robert Satloff, Executive Director of the Washington Institute for Near East Policy and author of *Among the Righteous: Lost Stories of the Holocaust's Long Reach Into Arab Lands*, contributes a scholarly essay to the Responses section of this volume called *Countering Holocaust Denial in the Middle East: A New Approach*. Satloff maintains that Holocaust denial in Arab regions may be more effectively countered if recognition is given to Arabs who helped Jews during the Holocaust and if the fate of Jews in Arab lands, particularly during World War II, is given a more thorough consideration. Two additional essays in this segment of the book focus on Arab or Muslim reactions to the Holocaust. In addition, the Responses section includes articles concerning both collaboration with the German occupiers and Jewish rescue of Jewish victims, as well as essays that discuss political and personal responses to Nazi persecution. Gerhard L. Weinberg, author of the magnum opus *A World at Arms: A Global History of World War II*, is generally considered to be the world's most important authority on the Second World War. He contributes the primary article in the Consequences section of this volume, *The Holocaust and the Nuremberg Trials*. His essay argues that the evidence presented at the Nuremberg tribunal, as well as the legal principles established at Nuremberg, have set important precedents in international law that also influence the course of contemporary politics, as well as both Holocaust and genocide studies. Subsequent articles in this section of the book discuss the legal, personal, moral, and political consequences of the Holocaust. **Maven in Blue Jeans** Steven L.

Jacobs, 2009 This collection of academic essays have been written in tribute to Professor Zev Garber and are divided to reflect the areas in which Professor Garber has devoted his teaching and writing energies: the Holocaust, Jewish-Christian relations, philosophy and theology, history, and biblical interpretation. *Antisemitism* Steven Leonard Jacobs, 2020-06-29 With an overview essay, timeline, reference entries, and annotated bibliography, this resource is a concise one-stop reference on antisemitism in today's society. Stretching back to biblical times, antisemitism is perhaps the world's oldest hatred of a group. It has manifested itself around the world, sometimes taking the form of superficially innocent jokes and at other times promoting such tragedies as the Holocaust. Far from disappeared, its continued existence in today's society is evidenced by vandalism of Jewish cemeteries and shootings at synagogues. This book explores the causes and consequences of contemporary antisemitism, placing this form of hatred in its historical, political, and social contexts. An overview essay surveys the background and significance of antisemitism and provides historical context for discussions of contemporary topics. A timeline highlights key events related to antisemitism. Some 50 alphabetically arranged reference entries provide objective, fundamental information about people, events, and other topics related to antisemitism. These entries cite works for further

reading and provide cross references to related topics An annotated bibliography cites and evaluates some of the most important resources on antisemitism suitable for student research *Global Perspectives on the Holocaust* Nancy E. Rupprecht, 2015-10-05 *Global Perspectives on the Holocaust* History Identity and Legacy expands coverage of the Holocaust from the traditional focus upon Europe to a worldwide and interdisciplinary perspective Articles by historians political scientists educators and geographers as well as scholars in religious studies international relations art history film and literature are included in this volume Contributors include Gerhard L Weinberg Alexandra Zapruder and Paul Bartrop as well as scholars from five continents The History section features new scholarship on the Holocaust in Scandinavia the p

Emil Fackenheim's Post-Holocaust Thought and Its Philosophical Sources Kenneth Hart Green, Martin D. Yaffe, 2021-10-01

Recognized as one of the leading philosophers and Jewish thinkers of the twentieth century Emil Ludwig Fackenheim has been widely praised for his boldness originality and profundity As is well known a striking feature of Fackenheim's thought is his unwavering contention that the Holocaust brought about a radical shift in human history so monumental and unprecedented that nothing can ever be the same again Fackenheim regarded it as the specific duty of thinkers and scholars to assume responsibility to probe this historical event for its impact on the human future and to make its immense ramifications evident In Emil Fackenheim's Post Holocaust Thought and Its Philosophical Sources scholars consider important figures in the history of philosophy including Kant Hegel Heidegger and Strauss and trace how Fackenheim's philosophical confrontations with each of them shaped his overall thought This collection details which philosophers exercised the greatest influence on Fackenheim and how he diverged from them Incorporating widely varying approaches the contributors in the volume wrestle with this challenge historically politically and philosophically in order to illuminate the depths of Fackenheim's own thought
