POST-COLONIAL SHAKESPEARES

Edited by Ania Loomba
and Martin Orkin

Post Colonial Shakespeares

B Lingard

Post Colonial Shakespeares:

Post-colonial Shakespeares Ania Loomba, Martin Orkin, 1998 This carefully focused collection of superb new essays explores the multiple possibilities for the study of Shakespeare in an emerging postcolonial period Postcolonial Shakespeares examines the extent to which our assumption about key terms such as colonisation race and nation derive from early modern English culture It also looks at how such terms are themselves affected by what was established subsequently as colonial forms of knowledge The volume features original work by some of the leading critics within the field of Shakespeare studies including Andreas Bertoldi Jerry Brotton Jonathan Burton Jonathan Dollimore Terence Hawkes Margo Hendricks David Johnson Ania Loomba Michael Neill Martin Orkin Avraham Oz Nicholas Visser It is the most authoritative of such collections to date and represents an exciting step forward for both postcolonial and Shakespeare studies

Post-Colonial Shakespeares Ania Loomba, Martin Orkin, 2013-10-28 First published in 2002 This collection of new essays explores the multiple possibilities for the study of Shakespeare in an emerging post colonial period Post Colonial Shakespeares examines the extent to which our assumption about such key terms as colonization race and nation derive from early modern English culture It also looks at how such terms are themselves affected by what were established subsequently as colonial forms of knowledge The volume features original work by some of the leading critics within the field of Shakespearean studies It is the most authoritative collection on this topic to date and represents an exciting step forward for post colonial studies

Post-colonial Shakespeares Ania Loomba, Martin Orkin, This collection of new essays explores the multiple possibilities for the study of Shakespeare in an emerging post colonial period Post Colonial Shakespeares examines the extent to which our assumption about such key terms as colonization race and nation derive from early modern English culture It also looks at how such terms are themselves affected by what were established subsequently as colonial forms of knowledge

Shakespeare and Postcolonial Theory Jyotsna G. Singh, 2019-01-24 Now available in paperback Shakespeare and Postcolonial Theory is an up to date guide to contemporary debates in postcolonial studies and how these shape our understanding of Shakespeare's politics and poetics Taking a historical perspective it covers early modern discourses of colonialism race gender and globalization through to contemporary intercultural appropriations and global adaptations of Shakespeare Showing how the dialogue between Shakespeare criticism and postcolonial studies has evolved this book offers a critical vocabulary that connects contemporary and early modern cultural struggles Shakespeare and Postcolonial Theory also provides guides to further reading and online resources which make this an essential resource for students and scholars of Shakespeare

Postcolonial Theory in William Shakespeare's The Tempest Gerlinde Didea, 2009-01-14 Seminar paper from the year 2007 in the subject American Studies Literature grade 2 Johannes Gutenberg University Mainz course Oberseminar Theories of American Studies language English abstract Postcolonial theory results from a network of political and cultural tensions between colonizers and colonized This approach will de construct Eurocentrism showing that European

values and standards are not universal Highlighting that the same historical event can be interpreted in radically different ways depending on perspective norms and values accepted values will be destabilized and marked as constructs Further this paper will question the reasons given for colonialism and deconstructs them in order to reveal the economic or political interests they are based on I will critically examine the representations of Caliban s culture in Western discourse In The Tempest cultural ideology provides the ideological network for the colonial endeavours which could be theorized as bringing progress to an archaic world A striking example for the strategy deconstructing othering is revealed in Chapter 1 where Caliban is presented as a completely inhuman being revealing strong racism Therefore Shakespeare implicitly legitimizes the colonial endeavor because people like Caliban deprived of full humanity can be regarded as people without history culture and they have therefore no logical claim to sovereignty Shakespeare also produces a symptomatic reading of western discourse by psychoanalyzing to reveal western fear of the other

Under Postcolonial Eyes Efraim Sicher,Linda Weinhouse,2013-01-01 In the Western literary tradition the jew has long been a figure of ethnic exclusion and social isolation the wanderer the scapegoat the alien But it is no longer clear where a perennial outsider belongs This provocative study of contemporary British writing points to the figure of the jew as the litmus test of multicultural society Efraim Sicher and Linda Weinhouse examine the jew as a cultural construction distinct from the Jewishness of literary characters in novels by among others Salman Rushdie Anita Desai Doris Lessing Monica Ali Caryl Philips and Zadie Smith as well as contemporary art and film Here the image of the jew emerges in all its ambivalence from postcolonial migrant and modern everyman to more traditional representations of the conspirator and malefactor The multicultural discourses of ethnic and racial hybridity reflect dissolution of national and personal identities yet the search for transnational cultural forms conceals both the acceptance of marginal South Asian Caribbean and Jewish voices as well as the danger of resurgent antisemitic tropes Innovative in its contextualization of the jew in the multiculturalism debate in contemporary Britain Under Postcolonial Eyes Figuring the jew in Contemporary British Writing analyzes the narrative of identities in a globalized culture and offers new interpretations of postmodern classics

Marxism, Modernity and Postcolonial Studies Crystal Bartolovich,Neil Lazarus,2002-07-11 At a time when even much of the political left seems to believe that transnational capitalism is here to stay Marxism Modernity and Postcolonial Studies refuses to accept the inevitability of the so called New World Order By giving substantial attention to topics such as globalisation racism and modernity it provides a specifically Marxist intervention into postcolonial and cultural studies An international team of contributors locate a common ground of issues engaging Marxist and postcolonial critics alike Arguing that Marxism is not the inflexible monolithic irrelevance some critics assume it to be this collection aims to open avenues of debate especially on the crucial concept of modernity which have been closed off by the widespread neglect of Marxist analysis in postcolonial studies Politically focused at times polemical and always provocative this book is a major contribution to contemporary debates on literary theory cultural studies and the

definition of postcolonial studies Re-playing Shakespeare in Asia Poonam Trivedi, Minami Ryuta, 2010-01-31 In this critical volume leading scholars in the field examine the performance of Shakespeare in Asia Emerging out of the view that it is in play or performance and particularly in intercultural multicultural performance that the cutting edge of Shakespeare studies is to be found the essays in this volume pay close attention to the modes of transference of the language of the text into the alternative languages of Asian theatres to the history and politics of the performance of Shakespeare in key locations in Asia to the new Asian experimentation with indigenous forms via Shakespeare and the consequent revitalizing and revising of the traditional boundaries of genre and gender and to Shakespeare as a cultural capital world wide Focusing specifically on the work of major directors in the central and emerging areas of Asia Japan China India Korea Taiwan Singapore Indonesia and the Philippines the chapters in this volume encompass a broader and more representative swath of Asian performances and locations in one book than has been attempted till now **The Oxford Handbook of Shakespeare and Dance** Lynsey McCulloch, Brandon Shaw, 2019-01-28 Shakespeare's texts have a long and close relationship with many different types of dance from dance forms referenced in the plays to adaptations across many genres today With contributions from experienced and emerging scholars this handbook provides a concise reference on dance as both an integral feature of sixteenth and seventeenth century culture and as a means of translating Shakespearean text into movement a process that raises questions of authorship and authority cross cultural communication semantics embodiment and the relationship between word and image Motivated by growing interest in movement materiality and the body The Oxford Handbook of Shakespeare and Dance is the first collection to examine the relationship between William Shakespeare his life works and afterlife and dance In the handbook's first section Shakespeare and Dance authors consider dance within the context of early modern life and culture and investigate Shakespeare's use of dance forms within his writing The latter half of the handbook Shakespeare as Dance explores the ways that choreographers have adapted Shakespeare's work Chapters address everything from narrative ballet adaptations to dance in musicals physical theater adaptations and interpretations using non Western dance forms such as Cambodian traditional dance or Igal an indigenous dance form from the southern Philippines With a truly interdisciplinary approach The Oxford Handbook of Shakespeare and Dance provides an indispensable resource for considerations of dance and corporeality on Shakespeare's stage and the early modern era *African Shakespeare* Ifeoluwa Aboluwa, Serena Talento, Pepetual Mforbe Chiangong, Oliver Nyambi, 2025-02-17 African Shakespeare Subversions Appropriations Negotiations uncovers the multidimensional inventions synergies and experimentations that have emerged from performative political literary and conceptual encounters with Shakespeare and his oeuvre in African contexts Divided into three broad and overlapping parts the chapters of the book critically explore issues of decoloniality and postcoloniality nation building and state corruption history and memory gender and feminism translation and adaptation from diverse theoretical standpoints The book displaces the emphasis on Shakespeare's works to productively illuminate the multi layered

significance of African epistemes politico aesthetics languages and socio cultural realities to the practice and process of literary and theatrical intervention and creation Building on and extending extant scholarship in the field of African Shakespeare the contributions in the volume not only enhance knowledge of African Shakespearean creations but also enrich African Studies and Shakespeare Studies by opening up new possibilities for transdisciplinary dialogues and cross fertilization The book will be useful for students and scholars of African Theatre and Performance Cultural Studies Global Shakespeare Studies Translation and Adaptation Studies and Post colonial Studies *Postcolonial Moves* P. Ingham, M. Warren, 2015-12-17 Much theoretical and historical work engaged with the question of the postcolonial is built upon an imagined unified premodern Middle Ages in Europe One of the results of this has been that in recent years scholars in medieval and early modern studies have been critically assessing the uses of postcolonial and subaltern theoretical perspectives in their fields and considering what their periods have to say to postcolonial theorists This book offers a series of original essays that explore with specificity the methodological textual cultural and historiographic moves required for postcolonial engagements with premodern times *CRITICAL APPROACHES TO SHAKESPEARE (1623-2000): SHAKESPEARE FOR ALL TIME* CEREZO MORENO, Marta , 2022-10-11 Critical Approaches to Shakespeare 1623 2000 Shakespeare for All Time addresses the keys to understanding the significance of the critical reception of Shakespeare from the seventeenth to the end of the twentieth century It aims to show that the richness of these different modes of reading Shakespeare over time and their productive interactions have been fundamental in the constant resignification of Shakespeare as they have gradually conformed and fed our critical perception and interpretation of his works **Native Shakespeares** Parmita Kapadia, 2016-04-22 Explored in this essay collection is how Shakespeare is rewritten reinscribed and translated to fit within the local tradition values and languages of the world s various communities and cultures Contributors show that Shakespeare regardless of the medium theater pedagogy or literary studies is commonly rooted in the local customs of a people in ways that challenge the notion that his drama promotes a Western idealism Native Shakespeares examines how the persistent indigenization of Shakespeare complicates the traditional vision of his work as a voice of Western culture and colonial hegemony The international range of the collection and the focus on indigenous practices distinguishes Native Shakespeares from other available texts *The Arden Research Handbook of Contemporary Shakespeare Criticism* Evelyn Gajowski, 2020-10-15 The Arden Research Handbook of Contemporary Shakespeare Criticism is a wide ranging authoritative guide to research on critical approaches to Shakespeare by an international team of leading scholars It contains chapters on 20 specific critical practices each grounded in analysis of a Shakespeare play These practices range from foundational approaches including character studies close reading and genre studies through those that emerged in the 1970s and 1980s that challenged the preconceptions on which traditional liberal humanism is based including feminism cultural materialism and new historicism Perspectives drawn from postcolonial queer studies and critical

race studies besides more recent critical practices including presentism ecofeminism and cognitive ethology all receive detailed treatment In addition to its coverage of distinct critical approaches the handbook contains various sections that provide non specialists with practical help an A Z glossary of key terms and concepts a chronology of major publications and events an introduction to resources for study of the field and a substantial annotated bibliography

Memorialising Shakespeare Edmund G. C. King, Monika Smialkowska, 2022-01-01 This book is the first comprehensive account of global Shakespeare commemoration in the period between 1916 and 2016 Combining historical analysis with insights into current practice Memorialising Shakespeare covers Shakespeare commemoration in China Ukraine Egypt and France as well as Great Britain and the United States Chapter authors discuss a broad range of commemorative activities from pageants dance dramatic performances and sculpture to conferences exhibitions and more private acts of engagement such as reading and diary writing Themes covered include Shakespeare's role in the formation of cultural memory and national and global identities as well as Shakespeare's relationship to decolonisation and race A significant feature of the book is the inclusion of chapters from organisers of recent Shakespeare commemoration events reflecting on their own practice Together the chapters in Memorialising Shakespeare show what has been at stake when communities identity groups and institutions have come together to commemorate Shakespeare

Shakespeare Studies Leeds Barroll, 2000-11 Annual publication including essays and reviews of new books which deal with Shakespeare and his age

Post-Colonial Shakespeares, South Africa, Shakespeare, and Post-colonial Culture Natasha Distiller, 2005 This book works within the frameworks of post colonial studies and cultural studies in order to theorise and then to illustrate the possibilities for cultural creation in the context of oppression It re works the concept of hybridity and the philosophies of liberalism and humanism in order to suggest that these important and much contested terrains within critical theory have specific potential in a South African context This book applies these theoretical points to a specific trajectory of writing in English in the region which it finds embodied in the writing of Solomon Plaatje Peter Abrahams Es'kia Mphahlele Bloke Modisane and Can Themba By seeking to unlock the complex and sometimes contradictory ways in which Shakespeare is useful to these writers the book addresses the traditional imbalance of knowledges in Shakespeare Studies by conceptualizing the presence of Shakespeare in these texts as indicative of an act of cultural appropriation and political resistance Ultimately the book makes a contribution to post colonial and cultural studies engagements with how culture works how resistance is inscribed and what role theory can play in the neo colonial world

Shakespeare in Hollywood, Asia, and Cyberspace Alexander Cheng-Yuan Huang, Charles Stanley Ross, 2009 Shakespeare in Hollywood Asia and Cyberspace shows readers how ideas of Asia operate in Shakespeare performances and how Asian and Anglo European forms of cultural production combine to transcend the mode of inquiry that focuses on fidelity The result is a new creativity that finds expression in different cultural and virtual locations including recent films and massively multiplayer online games such as Arden The World of Shakespeare The papers in this volume

provide a background for these modern developments showing the history of how Shakespeare became a signifier against which Asian and Western cultures defined and continue to define themselves. Hollywood films and a century of Asian readings of plays such as Hamlet and Macbeth are now conjoining in cyberspace making a world of difference in how we experience Shakespeare. The papers written by experts in the field provide an introduction to the diverse incarnations and bold sequences of screen and stage that in recent decades have produced new versions of Shakespeare's great comedies and tragedies and new ways of experiencing them. Authors in the first part of the collection examine body politics and race in Hollywood Shakespearean films and film techniques. It complements the second part of the book in which the history of Shakespearean readings and stagings in China, Indonesia, Cambodia, Japan, Okinawa, Taiwan, Malaya, Korea, and Hong Kong are discussed. Papers in the third part of the volume contain analyses of the transformation of the idea of Shakespeare in cyberspace, a rapidly expanding world of new rewritings of both Shakespeare and Asia. Together the three sections of this comparative study show how Asian cultures and Shakespeare affect each other, how one culture is translated to another.

Creating Postcolonial Literature C. Davis, 2013-04-21 Using case studies, this book explores the publishing of African literature, addressing the construction of literary value, relationships between African writers and British publishers, and importance of the African market. It analyses the historical, political, and economic conditions framing the emergence of postcolonial literature.
