U.S. Trade and Investment Policy Andrew H. Card, Edward H. Alden, Council on Foreign Relations, Matthew Jon Slaughter, 2011 From American master Ward Just returning to his trademark territory of Forgetfulness and The Weather in Berlin an evocative portrait of diplomacy and desire set against the backdrop of America's first lost war **U.S. Strategy for Pakistan and Afghanistan** Richard Lee Armitage, Samuel R. Berger, Daniel Seth Markey, 2010 The Council on Foreign Relations sponsors Independent Task Forces to assess issues of current and critical importance to U.S. foreign policy and provide policymakers with concrete judgments and recommendations Diverse in backgrounds and perspectives Task Force members aim to reach a meaningful consensus on policy through private and non-partisan deliberations Once launched Task Forces are independent of CFR and solely responsible for the content of their reports Task Force members are asked to join a consensus signifying that they endorse the general policy thrust and judgments reached by the group though not necessarily every finding and recommendation Each Task Force member also has the option of putting forward an additional or a dissenting view Members affiliations are listed for identification purposes only and do not imply institutional endorsement Task Force observers participate in discussions but are not asked to join the consensus Book Jacket *Working With a Rising India* Charles R. Kaye, Joseph S. Nye Jr., Alyssa Ayres, 2015-11-01 India now matters to U.S. interests in virtually every dimension This CFR sponsored Independent Task Force report directed by Alyssa Ayres assesses the current situation in India and the U.S. India relationship and suggests a new model for partnership with a rising India **North America** Council on Foreign Relations, 2014-10-01 This CFR sponsored Independent Task Force report North America Time for a New Focus asserts that elevating and prioritizing the U.S. Canada Mexico relationship offers the best opportunity for strengthening the United States and its place in the world U.S. Immigration Policy Council on Foreign Relations. Independent Task Force on U.S. Immigration Policy, Jeb Bush, Thomas F. McLarty, Edward H. Alden, 2009 The Council on Foreign Relations sponsors Independent Task Forces to assess issues of current and critical importance to U.S. foreign policy and provide policy makers with concrete judgments and recommendations Diverse in backgrounds and perspectives Task Force members aim to reach a meaningful consensus on policy through private and nonpartisan deliberations Once launched Task Forces are independent of CFR and solely responsible for the content of their reports Task Force members are asked to join a consensus signifying that they endorse the general policy thrust and judgments reached by the group though not necessarily every finding and recommendation Each Task Force member also has the option of putting forward an additional or dissenting view Members affiliations are listed for identification purposes only and do not imply institutional endorsement Task Force observers participate in discussions but are not asked to join the consensus Book jacket **In the Wake of War**, 2005 **U.S.-Turkey Relations** Madeline Albright, Steven Cook, Stephen Hadley, Senior Fellow Steven A. Cook, 2012-05 Turkey is a rising regional and global power facing as is the United States the challenges of political transitions in the Middle

East bloodshed in Syria and Iran's pursuit of nuclear weapons As a result it is incumbent upon the leaders of the United States and Turkey to define a new partnership in order to make a strategic relationship a reality says a new Council on Foreign Relations CFR sponsored Independent Task Force

A Sharper Choice on North Korea Mike Mullen, Sam Nunn, Adam Mount, 2016-09-01

U.S. Nuclear Weapons Policy William James Perry, Brent Scowcroft, Charles D. Ferguson, 2009 The report notes that in the near term nuclear weapons will remain a fundamental element of U S national security For this reason it emphasizes the importance of maintaining a safe secure and reliable deterrent nuclear force and makes recommendations on this front The report also offers measures to advance important goals such as preventing nuclear terrorism and bolstering the nuclear nonproliferation regime Foreword

U.S. Education Reform and National Security Joel I. Klein, Condoleezza Rice, Julia Levy, 2014-05-14 The United States failure to educate its students leaves them unprepared to compete and threatens the country's ability to thrive in a global economy and maintain its leadership role This report notes that while the United States invests more in K 12 public education than many other developed countries its students are ill prepared to compete with their global peers According to the results of the 2009 Program for International Student Assessment PISA an international assessment that measures the performance of 15 year olds in reading mathematics and science every three years U S students rank fourteenth in reading twenty fifth in math and seventeenth in science compared to students in other industrialized countries The lack of preparedness poses threats on five national security fronts economic growth and competitiveness physical safety intellectual property U S global awareness and U S unity and cohesion says the report Too many young people are not employable in an increasingly high skilled and global economy and too many are not qualified to join the military because they are physically unfit have criminal records or have an inadequate level of education The report proposes three overarching policy recommendations implement educational expectations and assessments in subjects vital to protecting national security make structural changes to provide students with good choices and launch a national security readiness audit to hold schools and policymakers accountable for results and to raise public awareness

Post-Conflict Studies Chip Gagnon, Keith Brown, 2014-07-11 This book examines how the violence of conflict is transformed in the post conflict period Post conflict studies seek to illuminate theorise and narrate the processes by which societies transition from periods of overt and violent conflict to periods of relative stability and peace Most of the research carried out on post conflict societies has taken place within disciplinary bounds In contrast this volume breaches those boundaries though each author is grounded in a particular discipline the chapters have been written in a spirit of interdisciplinarity The focus of the volume is how the violence of conflict is transformed in the post conflict period into processes that the editors have categorised as criminalisation medicalisation and missionisation Comprised of essays written by a diverse group of scholars and activists from anthropology political science international relations law education religion and military history each section of the book looks at the concept of post conflict in a way that problematises its common

usage and highlights the importance of strongly interdisciplinary research into post conflict societies This book will be of interest to students of war and conflict studies peace studies security studies and IR in general **The Emerging Global Health Crisis** Council on Foreign Relations,2014-12-01 Rates of heart disease cancer diabetes and other noncommunicable diseases NCDs in low and middle income countries are increasing faster in younger people and with worse outcomes than in wealthier countries In 2013 alone NCDs killed eight million people before their sixtieth birthdays in developing countries A new CFR sponsored Independent Task Force report and accompanying interactive look at the factors behind this epidemic and the ways the United States can best fight it Defending an Open, Global, Secure, and Resilient Internet Council on Foreign Relations,2013-06-01 The CFR sponsored Independent Task Force report Defending an Open Global Secure and Resilient Internet finds that as more people and services become interconnected and dependent on the Internet societies are becoming increasingly vulnerable to cyberattacks To support security innovation growth and the free flow of information the Task Force recommends that the United States and its partners work to build a cyber alliance make the free flow of information a part of all future trade agreements and articulate an inclusive and robust vision of Internet governance

Global Brazil and U.S.-Brazil Relations Council on Foreign Relations. Independent Task Force on Brazil, Samuel W. Bodman, Julia Sweig, James D. Wolfensohn, 2011 July 12 2011 Over the course of a generation Brazil has emerged as both a driver of growth in South America and as an active force in world politics A new Council on Foreign Relations CFR sponsored Independent Task Force report asserts that it is in the interest of the United States to understand Brazil as a complex international actor whose influence on the defining global issues of the day is only likely to increase Brazil currently ranks as the world's fifth largest landmass fifth largest population and expects to soon be ranked the fifth largest economy The report Global Brazil and U S Brazil Relations recommends that U S policymakers recognize Brazil's standing as a global actor treat its emergence as an opportunity for the United States and work with Brazil to develop complementary policies The Task Force is chaired by former secretary of energy Samuel W Bodman and former president of the World Bank James D Wolfensohn and directed by CFR Senior Fellow and Director for Latin America Studies and Director of the Global Brazil Initiative Julia E Sweig Recognizing Brazil's global role the report recommends that the Obama administration now fully endorse the country's bid for a seat as a permanent member of the United Nations Security Council UNSC It argues that a formal endorsement from the United States for Brazil would go far to overcome lingering suspicion within the Brazilian government that the U S commitment to a mature relationship between equals is largely rhetorical Domestically Brazil's inclusive growth has translated into a significant reduction of inequality an expansion of the middle class and a vibrant economy all framed within a democratic context Consequently Brazil has been able to use its economic bona fides to leverage a stronger position in the international commercial and diplomatic arena The report stresses the importance of regular communication between the presidents of both countries Cooperation between the United States and Brazil holds too much

promise for miscommunication or inevitable disagreements to stand in the way of potential gains A mature working relationship means that the United States and Brazil can help each other advance mutual interests even without wholesale policy agreements between the two notes the report The Task Force further recommends that the U S Congress include an elimination of the ethanol tariff in any bill regarding reform to the ethanol and biofuel tax credit regime the United States take the first step to waive visa requirements for Brazilians by immediately reviewing Brazil s criteria for participation in the Visa Waiver Program the U S State Department create an Office for Brazilian Affairs and the National Security Council NSC centralize its efforts under a NSC director for Brazil in order to better coordinate the current decentralized U S policy The bipartisan Task Force includes thirty distinguished experts on Brazil who represent a range of perspectives and backgrounds The report includes a number of additional views by Task Force members including one that notes We believe that a more gradual approach regarding Brazil s inclusion as a full UNSC member would likely have more success in navigating the diplomatic complexities presented by U S support for Brazil Another view asserts If the United States supports as the Obama administration has said it does leadership structures in international institutions that are more reflective of international realities it must support without qualifications Brazil s candidacy for the UNSC

U.S. Policy Toward the Korean Peninsula Charles L. Pritchard, John H. Tilelli, Scott Snyder, 2010 This Task Force report comprehensively reviews the situation on the peninsula as well as the options for U S policy It provides a valuable ranking of U S interests and calls for a firm commitment from the Obama administration to seek denuclearization of the Korean peninsula backed by a combination of sanctions incentives and sustained political pressure in addition to increased efforts to contain proliferation It notes that China s participation in this effort is vital Indeed the report makes clear that any hope of North Korea s dismantling its nuclear program rests on China s willingness to take a strong stance For denuclearization to proceed China must acknowledge that the long term hazard of a nuclear Korea is more perilous to it and the region than the short term risk of instability The report also recognizes that robust relations between Washington and its allies in the region Japan and South Korea must underpin any efforts to deal with the North Korean problem It looks as well at regime change and scenarios that could lead to reunification of the peninsula At the same time that the Task Force emphasizes the danger and urgency of North Korea s behavior it recognizes and applauds the beneficial U S relationship with South Korea which has proved to be a valuable economic and strategic partner In this vein the Task Force advocates continued close coordination with Seoul and urges prompt congressional passage of the U S South Korea free trade agreement

Peacekeeping/Stabilization and Conflict Transitions Nina M. Serafino, 2011 This is a print on demand edition of a hard to find publication The second session of the 111th Congress faces several issues regarding the continuing development of the Civilian Stabilization Initiative CSI the effort to develop a three component ready response civilian force of 4 250 members Contents of this report 1 Proposals for New Civilian Forces Creating Civilian Reconstruction and Stabilization CRS Capabilities 2 Codifying CRS Assistance and

Imperatives Thad W. Allen, Christine Todd Whitman, Esther Brimmer, Anya Schmemmann, 2017-03-01 **Can Might Make Rights?** Jane Stromseth, David Wippman, Rosa Brooks, 2006-09-25 This book looks at why it is so difficult to create the rule of law in post conflict societies such as Iraq and Afghanistan and offers critical insights into how policy makers and field workers can improve future rule of law efforts A must read for policy makers field workers journalists and students trying to make sense of the international community's problems in Iraq and elsewhere this book shows how a narrow focus on building institutions such as courts and legislatures misses the more complex cultural issues that affect societal commitment to the values associated with the rule of law The authors place the rule of law in context showing the interconnectedness between the rule of law and other post conflict priorities such as reestablishing security The authors outline a pragmatic synergistic approach to the rule of law which promises to reinvigorate debates about transitions to democracy and post conflict reconstruction Discerning President Obama's National Security Strategy Kristen E. Boon, Douglas C. Lovelace, Aziz Z. Huq, 2010 Volume 111 of Terrorism Commentary on Security Documents Discerning President Obama's National Security Strategy makes available documents from the first fifteen months of the Obama administration that provide insights into its developing national security strategy Included are documents that include detailed intelligence estimates and strategies as well as documents that outline important lessons regarding stability and reconstruction in Iraq Additional documents provide valuable insight into the Obama Administration's Afghanistan and Pakistan Strategy General Editor Douglas Lovelace an expert in U S military matters elucidates the complexities of military spending and of counter insurgency tactics **Brent Scowcroft** David F. Schmitz, 2011-03-16 As National Security Advisor to President Gerald Ford advisor to President Ronald Reagan and as National Security Advisor to President George H W Bush Brent Scowcroft was at the center of the ongoing debate over how to shape American foreign policy in the post war world As David F Schmitz makes clear in his new biography Scowcroft was a realist in his outlook on American foreign policy and an heir to the Cold War internationalism that had shaped that policy since 1945 During his most important service as George H W Bush's national security advisor Scowcroft sought to work with like minded Republicans and Democrats to construct a post Cold War foreign policy that would provide consistency and stability to American policymaking in a rapidly changing international environment defend the internationalist position from challenges and criticisms and buffer the conduct of diplomacy from the turbulence of domestic politics The type of bipartisan cooperation and internationalism that marked the pre Vietnam War years served as Scowcroft's guide to how to defend American interests and promote U S values and institutions globally While not always successful Scowcroft provided a consistent internationalist voice in the midst of change
