Scott W. Sunquist, Amos Yong

Postfoundationalist Task Of Theology Wolfhart Pannenberg And The New Theological Rationality:

The Postfoundationalist Task of Theology F. LeRon Shults, 1999 In recent years the theological writings of Wolfhart Pannenberg have exerted considerable influence However Pannenberg s work has also been criticized for not taking seriously the postmodern challenge to traditional conceptions of rationality and truth This volume by F LeRon Shults argues that the popular foundationalist reading of Pannenberg is a misinterpretation of his methodology and shows that in fact the structural dynamics of Pannenberg's approach offer significant resources for the postfoundationalist task of theology in our postmodern culture Shults begins by laying out the first comprehensive summary and interpretation of the emerging postfoundationalist model of theological rationality He then revisits Pannenberg's theological method and finds the German theologian to be a surprising ally in the quest to reconstruct a theological rationality along postfoundationalist lines In the course of his discussion Shults challenges views that see the future reason or history as the central concept of Pannenberg's thought and offers instead a new interpretation of Pannenberg's basic theological principle as understanding and explaining all things sub ratione Dei under the aspect of the relation to God an interpretation endorsed by Pannenberg himself in the book s foreword Shults also focuses on Pannenberg's unique way of linking philosophical and systematic theology and demonstrates how the underlying reciprocity of this method can carry over into the postfoundational concern to link hermeneutics and epistemology in the postmodern context Wolfhart Pannenberg on Human Destiny Kam Ming Wong, 2016-12-05 Based on one of the greatest living theologians Wolfhart Pannenberg this book is the first comprehensive study of human destiny Mapping out the movement of humanity over the course of its history to its common destiny from creation through sin and ethics to eschatology the book also examines the extent to which scholars such as Herder have influenced Pannenberg's work in this important area and shows how Pannenberg's project on ethics is related to human destiny Introduction to Wolfhart Pannenberg's Systematic Theology Gunther Wenz, 2012-11-21 As one of the great thinkers of our time Wolfhart Pannenberg has influenced the history of Christian theology and philosophy of religion since the second half of the 20th century His Systematic Theology and many of his other works have become classics in the theological science In this introduction Gunther Wenz examines the main pillars of Pannenberg's theology the self manifestation of God the Trinitarian God the creation of the world Christology anthropology pneumatology eschatology and ecclesiology The book thereby offers a valuable guide to comprehending Pannenberg's Systematic Theology in the context of The Logic of the Spirit in Human Thought and Experience Keith J White, Dana R his most relevant writings Wright, 2015-02-26 In March 2012 a small consultation convened on the campus of Princeton Theological Seminary where James E Loder Jr had served for forty years as the Mary D Synnott Professor of the Philosophy of Christian Education Members from the Child Theology Movement had begun to read Loder s work and they wanted to go further So they invited former students of Loder s to meet with them for conversations about things that really mattered to them and to Loder

human beings and especially children the church's witness to the gospel of Jesus Christ and discerning the work of Spiritus Creator in the postmodern world The conversations proved rich and rewarding and some would even say they took on a life of their own serious scholarship set to the music of the Spirit's communion creating artistry forming new relationships inspiring new ideas and sustaining all of it amid much laughter joy and hope These essays taken from the papers delivered at the consultation are offered as a means of extending that conversation inspired by Loder's interdisciplinary practical theological science and his discernment of the Reforming the Doctrine of God F. LeRon Shults, 2005-11 Linking traditional attributes of God with contemporary philosophy F LeRon Shults culminates with a reformed doctrine of God that revolves around themes of God's omniscient faithfulness omnipotent love and omnipresent hope Divine Freedom and the Doctrine of the Immanent Trinity Paul D. Molnar, 2017-02-23 Divine Freedom and the Doctrine of the Immanent Trinity is widely acclaimed by scholars in the field of Christian systematic theology Molnar's quest to place the doctrine of the immanent Trinity on the agenda of the Christian doctrine of God has proven to be a signal contribution to the debate in contemporary Christian theology The material in this second edition has been thoroughly updated it contains a new preface and a new introduction as well as a revised bibliography The book includes a brand new chapter titled Divine Freedom Revisited which addresses those questions that have arisen in connection with Molnar's original presentation of the divine freedom Molnar re visits here his discussion of the Logos Asarkos the theologies of Karl Rahner and Wolfhart Pannenberg He sheds new light on Rahner's and Torrance's discussions of the Resurrection and incorporates modern discussions by contemporary theologians to offer new insights into Eberhard J ngel s thinking An 'Open-Ended Distinctiveness' Clement Yung Wen, 2020-11-16 Insofar as the twentieth century has often been referred to as the ecumenical century the twenty first seems poised to become known as the century of World Christianity Into this situation the present study seeks to show the ongoing relevance of Wolfhart Pannenberg's ecclesiological and ecumenical proposals and in doing so finds that his eschatologically oriented and historically rooted emphasis upon an open ended distinctiveness is exactly the kind of corrective that the emerging theological paradigm of World Christianity needs if it wants not only to stay contextually open ended but remain distinctively Christian in outlook and character as well Towards that end the book begins with the story of ecclesiology s definitional expansion from the time of the Reformation to now before tracing the biographical and ideational roots of Pannenberg's overall programme The study then proceeds by outlining the main contours of Pannenberg's ecclesiology and ecumenism especially as such pertain to World Christianity In this regard several facets of Pannenberg s thought are highlighted for consideration including his understanding of the church as sign of the kingdom his doctrine of participation in Christ his reassertion of the church's missionary task his underdeveloped personalist and social thought structures his ironically relevant Constantinianism his directly relevant yet abstract notion of creative love and his views concerning contextualization and the ecumenical potential of the Nicene Constantinopolitan Creed of 381 While much that is

here developed serves as a healthy corrective for an emerging theological paradigm that is still maturing some surprising critical insights arise that also flow the other way American Theology, Superhero Comics, and Cinema Anthony Mills, 2013-10-01 Stan Lee who was the head writer of Marvel Comics in the early 1960s co created such popular heroes as Spider Man Hulk the X Men the Fantastic Four Iron Man Thor and Daredevil This book traces the ways in which American theologians and comic books of the era were not only both saying things about what it means to be human but starting with Lee they were largely saying the same things Author Anthony R Mills argues that the shift away from individualistic ideas of human personhood and toward relational conceptions occurring within both American theology and American superhero comics and films does not occur simply on the ontological level but is also inherent to epistemology and ethics reflecting the comprehensive nature of human life in terms of being knowing and acting This book explores the idea of the American monomyth that pervades American hero stories and examines its philosophical and theological origins and specific manifestations in early American superhero comics Surveying the anthropologies of six American theologians who argue against many of the monomyth's assumptions principally the staunch individualism taken to be the model of humanity and who offer relationality as a more realistic and ethical alternative this book offers a detailed argument for the intimate historical relationship between the now disparate fields of comic book superhero film creation on the one hand and Christian theology on the other in the United States An understanding of the early connections between theology and American conceptions of heroism helps to further make sense of their contemporary parallels wherein superhero stories and theology are not strictly separate phenomena but have shared origins and concerns **Critique and Feminist Theology** Miri Jin, 2017 Critique and Feminist Theology strives to reinterpret Elisabeth Sch 1 4ssler Fiorenza's concepts of critique and community from postfoundationalist perspective In doing this in detail the author explores her concepts of subjectivity and the women church and the ekklesia of wo men This groundbreaking book seeks to arbitrate and federate today s two polar issues of the critique and the embrace of the others which today is socially called for from a post foundationalist perspective The new fourth feminist wave is being heralded as focued on communal critique The author criticizes Fiorenza's concepts of subject and community presenting a new paradigm to overcome their limitations while constructing better subjectivity and relationships through post foundationalist reinterpretation Dissertation Series International Research in Feminist Theology and Religion Liberating perspectives Internationale Forschungen in Feministischer Theologie und Religion Befreiende Perspektiven Vol 8 Subject Feminist Studies Gender Studies Theology Religious Studies **Escape Into the Future** John Stroup, Glenn W. Shuck, 2007 Escape into the Future analyzes the power of pessimism showing links between present day religious pessimism and the nihilism of popular culture Stroup and Shuck rummage through an interesting and eclectic body of pop culture from Fight Club to X Files to the Left Behind series pointing out the presence of pessimistic themes throughout This volume identifies and illuminates the religious language used in these works to articulate America's need to escape from

Stenmark,2004-10-19 Stenmark philosophy of religion Uppsala University Sweden replaces the paradigm of science and religion as opposing perspectives with a conciliatory model He lays out the central issues of the debate between these two powerful cultural forces and shows what is at stake for the advancement of human knowledge then demonstrates how science and r The Transformative Church Patrick Oden,2015 Throughout the course of his theological career Jrgen Moltmann has been interested in the ecclesial and societal consequences of systematic theology and what each doctrine means for our life in this world The Transformative Church explores these concerns in Moltmanns major texts and highlighting themes relevant for a transformative ecclesiology Patrick Oden constructs a substantive transformative ecclesiology embedded in this world we are to become in the church who we are to be in this world whole in Christ so as to be a messianic people in any context The Gospel and Pluralism Today Scott W. Sunquist,Amos Yong,2015-10-06 This collection of essays explores the legacy of Lesslie Newbigin s classic work The Gospel in a Pluralist Society critically analyzing the nature of Western pluralism and discussing the influence of Newbigin s work on the field of missiology By looking backward this volume advances a vision for Christian witness in the pluralistic world of the twenty first century

The Drama of Doctrine Kevin J. Vanhoozer, 2005-01-01 Observing a strange disappearance of doctrine within the church Kevin Vanhoozer argues that there is no more urgent task for Christians today than to engage in living truthfully with others before God He details how doctrine serves the church the theater of the gospel by directing individuals and congregations to participate in the drama of what God is doing to renew all things in Jesus Christ Taking his cue from George Lindbeck and others who locate the criteria of Christian identity in Spirit led church practices Vanhoozer relocates the norm for Christian doctrine in the canonical practices which he argues both provoke and preserve the integrity of the church s witness as prophetic and apostolic Spirit, Word, Community Amos Yong, 2006-01-31 The main thesis of Spirit Word Community is that Christian theological reflection in a postmodern world starts with the experience of the Holy Spirit but is at the same time post foundationalist in terms of being formed by the word and being adjudicated by various communities of interpretation Yet the book s hermeneutical and methodological proposals are not merely prolegomena to theology but already involve and assume theologically substantive claims derived from a pneumatological point of view Hence this is a pneumatological theology which illuminates the hermeneutical process precisely by showing how the Holy Spirit engages the human imagination to empower liberative practices in a world that remains graced by her presence and activity Spirit Word Community is meant in each of these senses to be a contribution to the formulation of a comprehensive theology of the Third Christology in Cultural Perspective Rev. Dr. Colin J. D. Greene, 2015-10-14 Christology Article for the twenty first century defines the very heart of the Christian faith Traditionally the study of the person and work of Christ has been understood largely as an exercise in biblical exegesis or historical and doctrinal analysis Rarely if ever has Christology focused on the

changing cultural paradigms that have deeply influenced the development of human knowledge and self understanding This unique volume by Colin Greene reverses that trend and in line with developments in modern cultural theory explores the interlaces between successive cultural contexts and the story of Jesus to which the Scriptures bear witness Starting with an examination of the three main Christological trajectories that have dominated the history of Christology cosmological Christology political Christology and anthropological Christology Greene proceeds to concentrate on the subtle and complex linkages between Christology and the sociopolitical paradigms that have bolstered the epistemological assumptions of modernity Greene's wide ranging study closes with a creative exploration into how Christology might once again provide us with a Christ centered vision of reality Charles Taylor, Michael Polanyi and the Critique of Modernity Charles W. Lowney II,2017-12-15 This book provides a timely compelling multidisciplinary critique of the largely tacit set of assumptions funding Modernity in the West A partnership between Michael Polanyi and Charles Taylor's thought promises to cast the errors of the past in a new light to graciously show how these errors can be amended and to provide a specific cartography of how we can responsibly and meaningfully explore new possibilities for ethics political society and religion in a post modern modernity Barth and Ecotheology Adrian Langdon, 2025-03-31 Barth and Ecotheology offers a critical and constructive reading of Karl Barth's theology in the context of the Anthropocene It reflects on how a contemporary doctrine of creation must be broad enough to address issues such as climate change colonialism and racism sexism as well as integrating modern science Such a theology would resist the human domination of nature and the various forms of displacement occurring in modernity With Barth the author contends that a theology of creation grounded in the self revelation of God in Jesus Christ is the best place to rethink what it means to be human and to exist within the community of creation Nevertheless if we are to affirm the livingness of the world creaturely differences and a central place for land and place then critical additions to Barth are needed To accomplish this the book provides constructive reinterpretations of Barth's theological method doctrine of God creation by the Word and Spirit anthropology and reconciliation What emerges is a vision of the triune God of love as the source and ground of all that is Along the way Barth is brought into dialogue with ecotheology as well as theologians such as Wolfhart Pannenberg Dietrich Bonhoeffer and Bruce McCormack The volume will be of particular interest to theologians focused on the doctrine of creation ecotheology and Barth studies **Reclaiming the Center** Millard J. Erickson, Paul Kjoss Helseth, Justin Taylor, 2004-11-09 Reclaiming the Center is a valuable contribution to the study of contemporary evangelicalism It is a guide for how evangelicals can move forward with wisdom and discernment without succumbing to the spirit of this age Beyond Evangelicalism Steven Knowles, 2016-12-05 A prolific author and thinker Stanley J Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world Amongst the many issues tackled by him it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world Advocating a nonfoundationalist methodology Grenz attempts to re position

evangelical theology in line with postmodern concerns This work examines the main traits of postmodern thought that would seem to directly challenge how evangelical theology is traditionally done An examination of the seminal influences on Grenz will be traced in order to understand more fully the position he takes A rigorous critique and assessment of his theological methodology will follow with the conclusion that his work goes beyond evangelicalism This will be the first book length treatment on Grenz s work on theological methodology and therefore will break new ground in this important area of study

Whispering the Secrets of Language: An Emotional Journey through **Postfoundationalist Task Of Theology Wolfhart Pannenberg And The New Theological Rationality**

In a digitally-driven world wherever displays reign supreme and quick conversation drowns out the subtleties of language, the profound secrets and psychological nuances concealed within words often get unheard. However, situated within the pages of **Postfoundationalist Task Of Theology Wolfhart Pannenberg And The New Theological Rationality** a charming fictional treasure blinking with fresh thoughts, lies a fantastic quest waiting to be undertaken.
