Jean-Louis Rocca

Postindustrial Possibilities A Critique Of Economic Discourse:

Postindustrial Possibilities Fred L. Block,1990 While it is often acknowledged that we live in a postindustrial age our economic concepts have lagged far behind our postmodern sensibility In this incisive new work the well known sociologist Fred Block sheds obsolete and shopworn economic analysisi **Sociology** Anthony Giddens,Simon Griffiths,2006 This updated edition provides an ideal teaching text for first year university and college courses **Managerial Control of American Workers** Mel van Elteren,2017-03-13 Today surveillance and regulation of employees are pervasive at all levels except the highest in a wide variety of American workplaces Digital information systems have become important tools of managerial control The constraints built into these systems by so called business process reengineering are a continuation of scientific management principles developed during the late 19th century Additional means of control have included employment based welfare capitalism and human relations and corporate culture approaches This book provides fresh insight into various practices of managerial control from the 1880s to the present and their effects on work organization and quality and worker skill requirements The author highlights current developments including those focused on highly skilled knowledge workers accounting for enhanced automation offshoring and related changes in the production and distribution of goods and services **The New Institutionalism in Sociology** Mary C. Brinton,Victor Nee,2001 Institutions play a pivotal role in structuring economic and social transactions and understanding the foundations of social norms networks and beliefs within institutions is crucial to explaining much of what occurs in modern economies This volume integrates two increasingly visible streams of research economic sociology and new institutional economics to better understand how ties among individuals and groups facilitate economic activity alongside and against the formal rules that regulate economic processes via government and law Reviews This volume is a welcome addition to the expanding literature on institutional analysis Besides sociologists we are afforded the pleasure of contributions from anthropologists economists historians political scientists and scholars located in schools of law and education One of the pleasures of the volume is the wide range of topics times and locales addressed by the authors In all these diverse situations the application of institutional queries and approaches enhances our understanding and appreciation of the endlessly rich and diverse nature of social life Contemporary Society This admirable book makes a strong contribution to institutional theory has many excellent chapters and is a model for interdisciplinary exchange and cross fertilization It is dense with interesting ideas and points for debate and I heartily recommend it Sociological Research Online **An Economic Sociology of Law Reimagined** Clare Williams,2022-12-14 This book critically examines the concept of embeddedness the core concept of an economic sociology of law ESL It suggests that our ways of doing talking and thinking about law economy and society reproduce and re entrench mainstream approaches shaping our thoughts and actions such that we perform according to the model Taking a deep dive into one example the concept of embeddedness this book combines insights from law sociology economics and psychology to

show that while we use metaphor to talk about law and economy our metaphors in turn use us moulding us into their fictionalized caricatures of homo juridicus and homo economicus The result is a groundbreaking study into the prioritization throughout society of interests and voices that align with doctrinal understandings of law and neoclassical understandings of economics approaches that led us into the dilemmas currently facing society Zooming out from a detailed exploration of embeddedness in economic sociology and ESL literature the book unpacks the fashionable post 2008 claim that the economy should be re embedded in society and proposes two conceptual shifts in response The book draws on personas and vignettes throughout both to imagine and to realize shifting an ESL beyond embeddedness This timely engagement with the emerging field of economic sociology of law will appeal to socio legal scholars and others with interests in the intersection of law economics and sociology The Open Access versions of Chapter 1 and Chapter 6 available at www.taylorfrancis.com have been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The Rise of Neoliberalism and Institutional Analysis John L. Campbell, Ove K. Pedersen, 2018-06-05 The last quarter century has been marked by the ascension of neoliberalism market deregulation state decentralization and reduced political intervention in national economies Not coincidentally this period of dramatic institutional change has also seen the emergence of several schools of institutional analysis Though these schools cut across disciplines they have remained isolated from and critical of each other This volume brings together four rational choice organizational historical and discursive institutionalism to examine the rise of neoliberalism In doing so it makes tremendous methodological strides while substantively enlarging our knowledge about neoliberalism The book comprises original empirical studies by top scholars from each school of analysis They examine neoliberalism's rise on three continents and explore changes in macroeconomic policy labor markets taxation banking and health care Neoliberalism appears as much more complex diverse and contested than is often appreciated The authors find that there is no convergence toward a common set of neoliberal institutions that neoliberalism does not incapacitate states and that neoliberal reform does not necessarily yield greater efficiency than other institutional arrangements Beyond these important empirical contributions this book is a methodological milestone in that it compares different schools of institutionalist analysis by seeing how they tackle a common problem It reveals a second movement within institutionalism one toward rapprochement and cross fertilization among paradigms and explains how this might be furthered with benefits throughout the social sciences In addition to the editors the contributors are Sarah L Babb Ellen M Bradburn Bruce G Carruthers Terence C Halliday Colin Hay Edgar Kiser Peter Kjaer Jack Knight Aaron Matthew Laing David Strang and Bruce Western

Women, Work and Inequality J. Gregory, R. Sales, A. Hegewisch, 1999-04-30 Brings together academics lawyers trade unionists and industrial relations experts to provide an incisive analysis of the impact of globalisation and deregulation on gender inequality in employment It reviews the evolution of pay equity policies and examines the impact of economic and social trends on divisions between women

Limited Livelihoods Sonya O.

Rose,2003-09-02 Integrating analytical tools from feminist theory cultural studies and sociology to illuminate detailed historical evidence Sonya Rose argues that gender was a central organizing principle of the nineteenth century industrial transformation in England She elaborates a cultural theory of gender that suggests why it is an inherent aspect of all social and economic relations Analysing employer strategies and state policies and the role of work in family life she demonstrates that neither industrial transformation nor class relations can be understood when reduced to gender neutral and abstract forces

Family David Cheal,2003 This international collection features the most influential scholarship published during the past few decades on the concept of the family and related issues An invaluable resource for students and researchers alike the four volumes cover the following themes Vol 1 Family Groups Vol 2 Family and Gender Issues Vol 3 Family Ties Vol 4 Family and Society The scope offers an international range of material and includes key work from the USA Europe Canada Australia and Asia

Work and Mental Health in Social Context Mark Tausig,Rudy Fenwick,2011-09-08 Anyone who has ever had a job has probably experienced work related stress at some point or another For many workers however job related stress is experienced every day and reaches more extreme levels Four in ten American workers say that their jobs are very or extremely stressful Job stress is recognized as an epidemic in the workplace and its economic and health care costs are staggering by some estimates over 1 billion per year in lost productivity absenteeism and worker turnover and at least that much in treating its health effects ranging from anxiety and psychological depression to cardiovascular disease and hypertension Why are so many American workers so stressed out by their jobs Many psychologists say stress is the result of a mismatch between the characteristics of a job and the personality of the worker Many management consultants propose reducing stress by redesigning jobs and developing better individual strategies for coping with their stress But these explanations are not the whole story They don t explain why some jobs and some occupations are more stressful than other jobs and occupations regardless of the personalities and coping strategies of individual workers Why do auto assembly line workers and air traffic controllers report more job stress than university professors self employed business owners or corporate managers yes managers The authors of Work and Mental Health in Social Context take a different approach to understanding the causes of job stress Job stress is systematically created by the characteristics of the jobs themselves by the workers occupation the organizations in which they work their placements in different labor markets and by broader social economic and institutional structures processes and events And disparities in job stress are systematically determined in much the same way as are other disparities in health income and mobility opportunities In taking this approach the authors draw on the observations and insights from a diverse field of sociological and economic theories and research These go back to the nineteenth century writings of Marx Weber and Durkheim on the relationship between work and well being They also include the more contemporary work in organizational sociology structural labor market research from sociology and economics research on unemployment and economic cycles and research on institutional environments This has allowed the

authors to develop a unified framework that extends sociological models of income inequality and status attainment or allocation to the explanation of non economic health related outcomes of work Using a multi level structural model this timely and comprehensive volume explores what is stressful about work and why specifically address these and questions and more What characteristics of jobs are the most stressful what characteristics reduce stress Why do work organizations structure some jobs to be highly stressful and some jobs to be much less stressful Is work in a bureaucracy really more stressful How is occupational status occupational power and authority related to the stressfulness of work How does the segmentation of labor markets by occupation industry race gender and citizenship maintain disparities in job stress Why is unemployment stressful to workers who don t lose their jobs How do public policies on employment status collective bargaining overtime affect job stress Is work in the current Post neo Fordist era of work more or less stressful than work during the Fordist era In addition to providing a new way to understand the sociological causes of job stress and mentalhealth the model that the authors provide has broad applications to further study of this important area of research This volume will be of key interest to sociologists and other researchers studying social stratification public health political economy institutional and organizational theory

Variegated Economies Jamie Peck,2023 The culmination of more than two decades of work on the spatiality of economic forms worlds and lives Variegated Economies tackles the question of how to approach conceptualize and analyze economies as geographically differentiated phenomena Staged from the field of economic geography the book seeks to build bridges to complementary developments in critical political economy and heterodox economic studies by way of a substantive theoretical and methodological program Jamie Peck advances a series of arguments concerning the inherent and highly consequential spatiality of economic forms worlds and lives engaging a range of issues from the diversity of capitalism s to the dynamics of late stage neoliberalization and from the problematic uneven geographical development to the challenges cum opportunities of conjunctural methodologies

How to Think about Information Dan Schiller,2024-04-22 It is common wisdom that the U S economy has adapted to losses in its manufacturing base because of the booming information sector with high paying jobs for everything from wireless networks to video games We are told we live in the Information Age in which communications networks and media and information services drive the larger economy While the Information Age may have looked sunny in the beginning as it has developed it looks increasingly ominous its economy and benefits grow more and more centralized and in the United States it has become less and less subject to democratic oversight Corporations around the world have identified the value of information and are now seeking to control its production transmission and consumption In How to Think about Information Dan Schiller explores the ways information has been increasingly commodified as a result and how it both resembles and differs from other commodities Through a linked series of theoretical historical and contemporary studies Schiller reveals this commodification as both dynamic and expansionary but also deeply conflicted and uncertain He examines the transformative political and economic

changes occurring throughout the informational realm and analyzes key dimensions of the process including the buildup of new technological platforms the growth of a transnationalizing culture industry and the role played by China as it reinserts itself into an informationalized capitalism

The Making of the Chinese Middle Class Jean-Louis Rocca,2016-11-07 This book analyses the making of the Chinese middle class that started in the 1990s using a constructivist approach With the development of the Chinese economy a new group of middle wage earners appeared Chinese social scientists and state institutions promoted the idea that China needs a middle class to achieve modernization Middle class members are defined and define themselves as good consumers educated people politically engaged but reasonable citizens As such the making of the middle class is the result of three convergent phenomena an attempt to define the middle class a process of civilization and the development of protest movements The making of the Chinese middle class Rocca argues is a way to end the stalemate that modern Chinese society is facing in particular the necessity to democratize without introducing an election system

Industrial Sunset Steven High,2003-12-15 Plant shutdowns in Canada and the United States from 1969 to 1984 led to an ongoing and ravaging industrial decline of the Great Lakes Region Industrial Sunset offers a comparative regional analysis of the economic and cultural devastation caused by the shutdowns and provides an insightful examination of how mill and factory workers on both sides of the border made sense of their own displacement The history of deindustrialization rendered in cultural terms reveals the importance of community and national identifications in how North Americans responded to the problem Based on the plant shutdown stories told by over 130 industrial workers and drawing on extensive archival and published sources and songs and poetry from the time period covered Steve High explores the central issues in the history and contemporary politics of plant closings In so doing this study poses new questions about group identification and solidarity in the face of often dramatic industrial transformation

Inequality In Labor Market Areas Joachim Singelmann,2019-05-20 During the past two decades many attempts have been made to refocus stratification research and the study of inequality The contributors to this volume have a long term concern with the importance of space and locality Many of them belonged to a research project during the early 1980s that had as one of its main aims the analysis of labor force

Cultural Studies As Critical Theory Ben Agger,2014-05-01 Examines the field of cultural studies and argues for its relevance in addressing the enormous impact of popular culture and mass media today Among the perspectives analysed are the Marxist sociology of culture and poststructural postmodern analysis

Money, Morals, & Manners Michèle Lamont,2012-04-26 Drawing on remarkably frank in depth interviews with 160 successful men in the United States and France Mich le Lamont provides a rare and revealing collective portrait of the upper middle class the managers professionals entrepreneurs and experts at the center of power in society Her book is a subtle textured description of how these men define the values and attitudes they consider essential in separating themselves and their class from everyone else Money Morals and Manners is an ambitious and sophisticated attempt to illuminate the nature of social class in modern society For

all those who downplay the importance of unequal social groups it will be a revelation A powerful cogent study that will provide an elevated basis for debates in the sociology of culture for years to come David Gartman American Journal of Sociology A major accomplishment Combining cultural analysis and comparative approach with a splendid literary style this book significantly broadens the understanding of stratification and inequality This book will provoke debate inspire research and serve as a model for many years to come R Granfield Choice This is an exceptionally fine piece of work a splendid example of the sociologist s craft Lewis Coser Boston College

Emergent Economies, Divergent Paths Robert C. Feenstra, Gary G. Hamilton, 2006-03-27 This book first published in 2006 offers an explanation of the development paths of post World War II Korea and Taiwan

Income Inequality in Capitalist Democracies Vicki L. Birchfield, 2012-05-30 Examines patterns of income inequality among 16 advanced democracies from the mid 1970s to the early 2000s and explains why some societies have a large and growing divide between the rich and the poor while others facing similar global economic pressures maintain more egalitarian income distributions Provided by publisher

Time for Things Stephen D. Rosenberg, 2021-01-12 Economists say there is a limit to what we gain by buying consumer goods Americans say they want to work less Yet we continue toiling away and use the proceeds to buy buy buy Why Stephen Rosenberg offers a novel theory arguing that workers have learned to treat goods as stores of potential free time legitimating endless wage work

The book delves into Postindustrial Possibilities A Critique Of Economic Discourse. Postindustrial Possibilities A Critique Of Economic Discourse is an essential topic that must be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Postindustrial Possibilities A Critique Of Economic Discourse, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Postindustrial Possibilities A Critique Of Economic Discourse
 - Chapter 2: Essential Elements of Postindustrial Possibilities A Critique Of Economic Discourse
 - Chapter 3: Postindustrial Possibilities A Critique Of Economic Discourse in Everyday Life
 - Chapter 4: Postindustrial Possibilities A Critique Of Economic Discourse in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Postindustrial Possibilities A Critique Of Economic Discourse. This chapter will explore what Postindustrial Possibilities A Critique Of Economic Discourse is, why Postindustrial Possibilities A Critique Of Economic Discourse is vital, and how to effectively learn about Postindustrial Possibilities A Critique Of Economic Discourse.
 3. In chapter 2, the author will delve into the foundational concepts of Postindustrial Possibilities A Critique Of Economic Discourse. This chapter will elucidate the essential principles that must be understood to grasp Postindustrial Possibilities A Critique Of Economic Discourse in its entirety.
 4. In chapter 3, the author will examine the practical applications of Postindustrial Possibilities A Critique Of Economic Discourse in daily life. The third chapter will showcase real-world examples of how Postindustrial Possibilities A Critique Of Economic Discourse can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Postindustrial Possibilities A Critique Of Economic Discourse in specific contexts. This chapter will explore how Postindustrial Possibilities A Critique Of Economic Discourse is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Postindustrial Possibilities A Critique Of Economic Discourse. The final chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Postindustrial Possibilities A Critique Of Economic Discourse.

Postindustrial Possibilities A Critique Of Economic Discourse Introduction

In the digital age, access to information has become easier than ever before. The ability to download Postindustrial Possibilities A Critique Of Economic Discourse has revolutionized the way we consume written content. Whether you are a

student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Postindustrial Possibilities A Critique Of Economic Discourse has opened up a world of possibilities. Downloading Postindustrial Possibilities A Critique Of Economic Discourse provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Postindustrial Possibilities A Critique Of Economic Discourse has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Postindustrial Possibilities A Critique Of Economic Discourse. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Postindustrial Possibilities A Critique Of Economic Discourse. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Postindustrial Possibilities A Critique Of Economic Discourse, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Postindustrial Possibilities A Critique Of Economic Discourse has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Postindustrial Possibilities A Critique Of Economic Discourse Books

1. Where can I buy Postindustrial Possibilities A Critique Of Economic Discourse books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
