New Models In Geography V2 PhD Richard Peet, Professor Nigel Thrift, 2014-07-10 First published in 1989 The publication of *Models in geography* presaged a sea change in the practice of Anglo American geography For a new set of models this book provides a summary of their nature spirit and purpose based upon a political economy perspective The book is split into two volumes each consisting of four parts This makes the title suitable for students and geographers with an interest in models of the city civil society and social theory

Postmodern/drama Stephen Watt, 1998 Scrutinizing the critical tendency to label texts or writers as postmodern scholar Stephen Watt argues that reading post modernly merely implies reading culture more broadly In contemporary drama Watt considers postmodernity less a question of genre or media than a mode of subjectivity shared by both playwright and audience 6 illustrations

A Postmodern Reader Joseph Natoli, Linda Hutcheon, 1993-06-29 These readings are organized into four sections The first explores the wellsprings of the debates in the relationship between the postmodern and the enterprise it both continues and contravenes modernism Here philosophers social and political commentators as well as cultural and literary analysts present controversial background essays on the complex history of postmodernism The readings in the second section debate the possibility or desirability of trying to define the postmodern given its cultural agenda of decentering challenging even undermining the guiding master narratives of Western culture The readings in the third section explore postmodernism s complicated complicity with these very narratives while the fourth section moves from theory to practice in order to investigate in a variety of fields the common denominators of the postmodern condition in action

The Politics of Postmodernism Linda Hutcheon, 2003-12-16 This classic text remains one of the clearest and most incisive introductions to postmodernism Perhaps more importantly it is a compelling discussion of why postmodernism matters Working through the issue of representation in art forms from fiction to photography Linda Hutcheon sets out postmodernism s highly political challenge to the dominant ideologies of the western world A new epilogue traces the fate of the postmodern over the last ten years and into the future responding to claims that it has once and for all failed Together with the new epilogue this edition contains revised notes on further reading and a fully updated bibliography This revised edition of *The Politics of Postmodernism* continues its position as essential reading

New Directions in Sociology Ieva Zake, Michael DeCesare, 2011-07-25 Written by the new generation of sociologists these essays chart a course for the future of the discipline both by revisiting forgotten theories and methods and by suggesting innovative theoretical and methodological approaches Comprised of seven essays on theory and five on methodology the volume also attempts to reconnect theorists and methodologists in a discussion about the future of the sociological enterprise

Modern/Postmodern Peter V. Zima, 2010-08-05 Modern Postmodern Society Philosophy Literature offers new definitions of modernism and postmodernism by presenting an original theoretical system of thought that explains the differences between these two key movements Taking a contrastive approach Peter V Zima identifies three key concepts in the relationship between modernism and postmodernism ambiguity ambivalence and indifference Zima defines modernism and postmodernism as problematics as opposed to aesthetics stylistics or ideologies Unlike modernism which is grounded in an increasing ambivalence towards social norms and values postmodernity is presented as an era of indifference i e of interchangeable norms values and perspectives Taking an historical interdisciplinary and intercultural approach that engages with Anglo American and European debates the book describes the transition from late modernist ambivalence to postmodern indifference in the contexts of philosophy literature and sociology This is the ideal guide to the relationship between modernism and postmodernism for students and scholars throughout the humanities
