Poverty and Policy in Latin

America and the Caribbean Quentin Wodon, Robert L. Ayres, 2000 Although the progress toward poverty reduction remains sluggish other dimensions of social welfare in the Latin American and Caribbean LAC region show signs of improvement Adult literacy and school enrollment rates life expectancy at birth and the amount of access to safe water are increasing Nutrition indicators are also improving However other factors demonstrate that many problems persist especially the inequality between rich and poor This report analyzes the evolution of poverty and inequality in the LAC region from 1986 to 1996 with projections to 1998 It reviews the policies which have been advocated or implemented to reduce poverty The report combines the results of new empirical work using household surveys from 12 countries short theoretical developments and a review of the literature on issues related to poverty inequality and social policy in LAC Some of the theoretical developments introduce new research techniques Chapters three to six follow the framework proposed in the forthcoming World Development Report 2000 2001 The framework identifies three essential elements for poverty reduction Those elements include opportunities for the poor and investments in the human capital of the poor security through social safety nets and empowerment

Asian Profile, 2007 *Growth, Poverty, and Inequality* Quentin Wodon, 1999 The Universal Social Safety-Net and the Attack on World Poverty Anthony Clunies-Ross, Mozammel Huq, 2013-10-30 The book is concerned with strategy and tactics for directing that small slice of world income into filling the gap This must be done country by country on the initiative of each country's government with the maximum involvement of its own civil society and with the rich world also making a contribution To add momentum the international community needs to adopt targets far more specific than the fifty percent extreme poverty reduction of the first Millennium Development Goal

Comparative International Perspectives on Education and Social Change in Developing Countries and Indigenous Peoples in Developed Countries Gaëtane Jean-Marie, Steve Sider, Charlene Desir, 2015-07-01 Democratizing educational access and building capacity in developing countries and amongst indigenous peoples in developed countries may be elusive but are hopeful goals Many developing countries are striving to reengineer their incoherent education systems at a time when they are most vulnerable particularly with susceptibility to natural disasters political unrests and economic instabilities UNESCO 2007 Similarly indigenous peoples in developed countries are seeking more control over education as they consider the long term effects of educational policies that have been forced on them Research on education and social change in developing countries has a long history Glewwe 2002 Hanushek 1995 Sider 2011 However there is limited research on educational capacity building in developing countries such as Kenya Honduras Haiti Ghana Hong Kong India Peru China and Thailand Further the educational frameworks by which Indigenous peoples M ori Canada's First Nations and American Indian Alaska Natives have been educated have some significant similarities to those encountered in developing countries The compilation of chapters illuminates research and collaborative initiatives between the authors and local leaders in developing countries and Indigenous peoples in developed countries efforts to solve the complexity of social inequities through educational access

and quality learning The authors draw on theoretical lens knowledge bases and strategies and identify trends and developments to provide the scope of educational improvement in a globalization context Brooks Jean Marie Normore Brooks 2009

African Women in the Fourth Industrial Revolution Tinuade Adekunbi Ojo,Bhaso Ndzendze,2024-12-02 This book investigates how women in Africa are being impacted by the Fourth Industrial Revolution which describes the twenty first century proliferation of mobile internet machine learning and artificial intelligence The move towards digitalization brings fundamental changes in the way people work live and generally relate to each other However in many areas of Africa women face digital inclusion challenges and their lack of access to the internet limits their social political and economic participation in globalization This book considers the different policy approaches taken in African countries and their preparedness for enabling women s participation in the Fourth Industrial Revolution across a range of sectors By diiscussing key topics such as artificial intelligence technological adaptation drones entrepreneurship education and financial inclusion the book identifies positive policy approaches to ensure equitable progress towards the fourth industrial revolution at all structural levels Making a powerful case for the benefits of inclusive digital innovation this book will be of interest to researchers of women and technology in Africa

Growth, Disparities and Inclusive Development in India Rajendra P. Mamgain,2019-04-11 The book critically examines the high growth trajectory in India particularly since the late 1980s a period which is characterized by increasing inequality Through various studies from the Indian state of Uttar Pradesh a state more populous than Brazil and with a GDP comparable to Bangladesh it sheds light on the link between growth and inequality in emerging economies The slow pace of any upward movement in terms of various development indicators in low income Indian states is due to a number of factors including their historical disadvantages Over a period of time this has resulted in widening disparities both between different regions of these states and between these states and other more prosperous Indian states The book provides a holistic yet critical region wise analysis of the achievements of Uttar Pradesh compared to other states and to India as a whole in the context of indicators of inclusive development namely growth employment poverty infrastructure agriculture industry education and health Based on the latest data and sophisticated analysis methods it assesses inequality and development disparities clearly identifying three major challenges that poorer states face in redressing poverty and expanding inclusive growth increasing economic opportunities empowering poor and marginalised groups to avail new opportunities in a rapidly changing world and ensuring an effective safety net to reduce vulnerability The book suggests strategies for promoting high and sustained economic growth and highlights the significance of broadening social inclusiveness through greater and more rapid access to economic and social opportunities and building strong social safety nets to protect the chronically poor and mitigate their risks and vulnerabilities with the help of good governance and institutions With contributions from leading scholars from the region it is a valuable resource for researchers working in the area of growth and inequality as well as for policy makers from developing economies around the globe

Regional Dimensions of Human Development in India and South Africa Utsav Kumar Singh, 2024-07-29 This book offers a comparative study of the progress made by two regional economies with many similarities India and South Africa in pursuit of human development by applying Sustainable Development Goals SDGs In this effort book traverses the stages in public policy from planning to implementation and from reach to range in pursuit of inclusive growth and well being for all The book includes cross national qualitative as well as quantitative studies and deeper analyses of India and South Africa in respect of long term development goals This book attempted to solve the following puzzle despite the stupendous growth rate why is India s performance lower than South Africa s in terms of human development indicators This book addresses this puzzle by drawing attention to welfare approaches These two countries have unique federal structures that uphold the unbalanced states together and this book argues that uneven development challenges need asymmetric strategies contrary to the axiom that the SDGs are indivisible Further advancement of India and South Africa depends on transforming their quantity large youth population into quality human capital Both countries are also striving to create platforms to unleash human potential which is critically examined

World Development Report 2006 Francisco H. G. Ferreira, Michael Walton, 2005-01-01 Inequality of opportunity both within and among nations sustains extreme deprivation results in wasted human potential and often weakens prospects for overall prosperity and economic growth concludes the 2006 World Development Report To correct this situation and reduce poverty more effectively Equity and Development recommends ensuring more equitable access by the poor to health care education jobs capital and secure land rights among others It also calls for greater equality of access to political freedoms and political power breaking down stereotyping and discrimination and improving access by the poor to justice systems and infrastructure To level the playing field among countries and thereby reduce global inequities that hurt the poor in developing countries the report calls for removal of trade barriers in rich countries flexibility to allow greater in migration of lower skilled people from developing countries and increased and more effective development assistance

Comparative Public Budgeting George M. Guess, James D. Savage, 2021-01-07 Every government engages in budgeting and public financial management to run the affairs of state Effective budgeting empowers states to prioritize policies allocate resources and discipline bureaucracies and it contributes to efficacious fiscal and macroeconomic policies Budgeting can be transparent participatory and promote democratic decision making or it can be opaque hierarchical and encourage authoritarian rule This book compares budgetary systems around the world by examining the economic political cultural and institutional contexts in which they are formulated adopted and executed The second edition has been updated with new data to offer a more expansive set of national case studies with examples of budgeting in China India Indonesia Iraq and Nigeria Chapters also discuss Brexit and the European Union s struggle to require balanced budgets during the Euro Debt Crisis Additionally the authors provide a deeper analysis of developments in US budgetary policies from the Revolutionary War through the Trump presidency

Development and Poverty Reduction Yongnian Zheng, Jiwei

Qian,2019-10-28 Although the absolute number of poor people in the world has declined significantly in recent decades poverty reduction continues to be a very important issue There still are very large numbers of poor people relative poverty is an increasingly concerning problem and progress on poverty reduction varies enormously from one part of the world to another Factors contributing to poverty reduction include economic growth economic integration and specific poverty reduction programs which are often initiated by Western countries This book considers poverty reduction from a global perspective Development and Poverty Reduction looks at a wide range of specific subjects across all continents It highlights in particular how the issues are perceived from a non Western perspective and especially how the rise of China is both having a profound impact on poverty reduction globally and also changing the overall way in which development and poverty reduction are approached **Reaching the Rural Poor** ,2003 Despite the fact that three quarters of the world s poor live in rural areas the level of international development aid directed at rural areas has continued to decline over the last decade particularly in terms of the agricultural sector In 2001 lending for agricultural projects was the lowest in the World Bank s history This publication presents the World Bank s new rural development strategy based upon a results oriented approach which stresses practice implementation monitoring and empowerment aspects The strategy seeks to highlight rural development efforts focusing on the needs of the rural poor fostering a broad based economic growth and addressing the impact of global developments on client countries
