Real-Life Science Mysteries Colleen Kessler, 2021-09-09 *Real Life Science Mysteries* puts an exciting new spin on scientific thinking by profiling real life scientists showing students in grades 5-8 ways they can use science in their everyday lives. From a biologist studying the habits of garter snakes in Manitoba, Canada to a landscape designer and greenhouse owner in Ohio, the scientists in this book share information and solutions to the thorniest problems they face in their scientific careers. With the more than 30 activities included in *Real Life Science Mysteries*, students will be required to try their hand at solving common science problems and performing experiments while learning about real people from diverse backgrounds, all of whom share a love for discovering how things work and how they can work better. This book is perfect for any science classroom or young scientists looking to increase their knowledge. Grades 5-8 **Hands-On General**

Science Activities With Real-Life Applications Pam Walker, Elaine Wood, 2008-04-21 In this second edition of *Hands On General Science Activities with Real Life Applications*, Pam Walker and Elaine Wood have completely revised and updated their must-have resource for science teachers of grades 5-12. The book offers a dynamic collection of classroom-ready lessons, projects, and lab activities that encourage students to integrate basic science concepts and skills into everyday life.
