## **Real Pushers:**

*Pushing Cool* Keith Wailoo, 2021-11-02 Spanning a century *Pushing Cool* reveals how the twin deceptions of health and Black affinity for menthol were crafted and how the industry's disturbingly powerful narrative has endured to this day Police put Eric Garner in a fatal chokehold for selling cigarettes on a New York City street corner George Floyd was killed by police outside a store in Minneapolis known as the best place to buy menthols Black smokers overwhelmingly prefer menthol brands such as Kool Salem and Newport All of this is no coincidence The disproportionate Black deaths and cries of I can't breathe that ring out in our era because of police violence COVID 19 or menthol smoking are intimately connected to a post 1960s history of race and exploitation In *Pushing Cool* Keith Wailoo tells the intricate and poignant story of menthol cigarettes for the first time He pulls back the curtain to reveal the hidden persuaders who shaped menthol buying habits and racial markets across America the world of tobacco marketers consultants psychologists and social scientists as well as Black lawmakers and civic groups including the NAACP Today most Black smokers buy menthols and calls to prohibit their circulation hinge on a history of the industry's targeted racial marketing In 2009 when Congress banned flavored cigarettes as criminal enticements to encourage youth smoking menthol cigarettes were also slated to be banned Through a detailed study of internal tobacco industry documents Wailoo exposes why they weren't and how they remain so popular with Black smokers

**Roughnecks, Drillers, and Tool Pushers** Gerald Lynch, 2010-07-22 A working class history of the Texas oil fields as told by one of its workers Oil the black gold of Texas has given rise to many a myth Oil could turn a man overnight into a millionaire and did for some But these myths have obscured what life was really like in the oil patch a place that was neither the El Dorado of legend nor quite the unredeemed den of sin and iniquity that some feared In *Roughnecks Drillers and Tool Pushers* Gerald Lynch provides a much needed insider's view of the oil industry describing life in various oil fields in and around Texas He also chronicles changes in drilling methods and oil field technology and how these changes affected him and his fellow oil field workers No one else has written a working class history of the oil fields as colorful and articulate as this one
