there an Object Oriented Architecture? Joseph Bedford,2020-02-20 Bringing Graham Harman s philosophy into direct confrontation with contemporary architectural theory in new and creative ways *Is There an Object Oriented Architecture* provides a dialogue between Harman and six of the world s leading architectural thinkers Adam Sharr Lorens Holm Jonathan Hale Peg Rawes Patrick Lynch and Peter Carl Harman s object oriented philosophy is one that sees the universe as a carnival of equal objects with no hierarchy between humans and nonhumans In his model unicorns triangles bicycles neutrons and humans are all things with enduring essences that outlast their partial transformations It is a strikingly democratic vision of the universe that knocks humans off their ontological pedestal as arbiters of what is real It also radically challenges the very precepts of architectural theory the structure of which remains stubbornly human centric as it seeks to give form to the human being s place at the centre of the cosmos In this new book each thinker develops the implications of Harman s philosophy for the future of architecture by entering into a direct exchange with the philosopher and his thinking both questioning him and questioning with him *Perceiving the Arts* Dennis J. Sporre,2003 For freshman sophomore level course in Humanities Designed for students who have little or no knowledge of the arts this well illustrated basic handbook of terms and concepts helps develop discriminating artistic perception for approaching analyzing and evaluating works of art

The Humanities Through the Arts F. David Martin, Lee A. Jacobus,1978 *Humanities through the Arts* is intended for introductory level interdisciplinary courses offered across the curriculum in the Humanities Philosophy Art English Music and Education departments Arranged topically by art form from painting sculpture photography and architecture to literature music theater film and dance This beautifully illustrated text helps students learn how to actively engage a work of art The new sixth edition retains the popular focus on the arts as an expression of cultural and personal values **Power Up**

Your Read-Alouds Andrea Paganelli, 2019-07-16 Capture the hearts minds and attention of your digital age listeners using read aloud experiences that engage technology I wish my learners would be as excited about reading as they are about technology is a lament frequently sung by those who seek to support reading development There is no debate that reading is fundamental and that reading aloud strongly supports lifelong reading engagement Technology however is ubiquitous in our society and engagement with it is essential for our success Reading and technology are therefore in competition for learners attention but by combining reading and technology through use of read aloud facilitators can create engaging digital read aloud programs to enhance the learning experience Digital read aloud can be used with multiple age groups in a variety of settings and with differing degrees of expense and technology complexity Understanding that these myriad options can be overwhelming however Andrea Paganelli offers detailed information on the background implementation evaluation and sustainability of technology infused read aloud for reading support persons school librarians public librarians instructional librarians teachers and professors Her ideas span multiple ages and subjects and include practical examples designed to engage both educators and readers
