*Amateurs, Photography, and the Mid-Victorian Imagination* Grace Seiberling, 1986-05 This book results from research which was begun with all the casualness but inherent seriousness of the nineteenth century amateur I had the privilege of frequent access to the archives of the International Museum of Photography at George Eastman House and began to go through the nineteenth century photographs in a systematic way I wanted to go beyond the clichés of the history of photography as a series of often reproduced masterworks and to find out something about the history of seeing or at least of thinking about images in the nineteenth century Preface

**Photography as Activism** Michelle Bogre, 2012-11-12 You want to look through the lens of your camera and change the world You want to capture powerful moments in one click that will impact the minds of other people Photographic images are one of the most popular tools used to advocate for social and environmental awareness This can be as close to home as drug use prostitution or pollution or as far away as famine war and the plight of refugees and migrant workers One well known example of an activist photographer would be landscape photographer Ansel Adams who trudged to Washington with stunning images of the American west to advocate protecting these areas His images and testimony were instrumental in creating the National Park System and garnering specific protection for Yellowstone National Park More recently Robert Glenn Ketchum's images of Alaska's Arctic National Wildlife Refuge raised awareness of why this area should be protected Nigel Barker's seal photographs advocates against seal clubbing What is your cause and how can you use your camera to make the world a better place This book provides a comprehensive theory of and history of photography as activism It also includes interviews with contemporary photographers It is a call to action for young photographers to become activists a primer of sorts with advice for how to work with NGOs and non profits how to work safely in conflict zones and with suggestions for distribution on websites blogs and interactive agencies

Disappearing Witness Gretchen Garner, 2003-07-25 In documenting this transformation in American photography *Disappearing Witness* forcefully rethinks the history of photography itself

Proust Writing Photography Aine Larkin, 2017-07-05 The importance of vision and visual arts such as painting theatre and sculpture in Marcel Proust's *A la recherche du temps perdu* has long been affirmed another significant system of visual representation in the novel is photography Proust appropriated photography as a practice with its own distinctive characteristics which could inform his writing about the processes of perception and memory Through close textual analysis of scenes where photography is

experienced or observed as a practice and scenes where photography is written into the body of the text Aine Larkin offers an invigorating new study that sheds genuinely new light on the presence of photographic motifs in Proust's novel and the subtlety of Proust's engagement with this modern imaging system in his work *John Heartfield and the Agitated Image* Andrés Mario Zervigón, 2012-12-01 Working in Germany between the two world wars John Heartfield born Helmut Herzfeld 1891-1968 developed an innovative method of appropriating and reusing photographs to powerful political effect As a pioneer of modern photomontage he sliced up mass media photos with his iconic scissors and then reassembled the fragments into compositions that utterly transformed the meaning of the originals In *John Heartfield and the Agitated Image* Andrés Mario Zervigón explores this crucial period in the life and work of a brilliant radical artist whose desire to disclose the truth obscured by the mainstream press and imperial propaganda made him a de facto prosecutor of Germany's visual culture Zervigón charts the evolution of Heartfield's photomontage from an act of antiwar resistance into a formalized and widely disseminated political art in the Weimar Republic Appearing on everything from campaign posters to book covers the photomonteur's notorious pictures challenged well worn assumption and correspondingly walked a dangerous tightrope over the political social and cultural cauldron that was interwar Germany Zervigón explains how Heartfield's engagement with montage arose from a broadly shared dissatisfaction with photography's capacity to represent the modern world The result was likely the most important combination of avant garde art and politics in the twentieth century A rare look at Heartfield's early and middle years as an artist and designer this book provides a new understanding of photography's role at this critical juncture in history *Faking Death* Penny Cousineau-Levine, 2003-05-27 *Faking Death* includes 16 colour reproductions and 150 duotones by artists such as Raymonde April Jeff Wall Lynne Cohen Charles Gagnon Evergon Michel Lambeth Thaddeus Holownia Geoffrey James Geneviève Cadieux Shelley Niro Diana Thorneycroft Jinme Yoon Ian Wallace and Ken Lum By bringing together this many Canadian works *Faking Death* provides a compelling visual introduction to one of Canada's most vibrant and internationally recognized artistic media It is an invaluable tool for curators artists teachers students and scholars in art history fine arts Canadian studies film communications literature and cultural studies **Propaganda and Empire** John M. MacKenzie, 2017-03-01 It has been said that the British Empire on which the sun never set meant little to the man in the street Apart from the jingoist eruptions at the death of Gordon or the relief of Mafeking he remained stonily indifferent to the imperial destiny that beckoned his rulers so alluringly Strange then that for three quarters of a century it was scarcely possible to buy a bar of soap or a tin of biscuits without being reminded of the idea of Empire Packaging postcards music hall cinema boys' stories and school books exhibitions and parades all conveyed the message that Empire was an adventure and an ennobling responsibility Army and navy were a sure shield for the mother country and the subject peoples alike Boys' brigades and Scouts stiffened the backbone of youth who flocked to join In this illuminating study John M. Mackenzie explores the manifestations of the imperial idea from the trappings of royalty through writers like G. A. Henty to

the humble cigarette card He shows that it was so powerful and pervasive that it outlived the passing of Empire itself and as events such as the Falklands adventure showed the embers continue to smoulder

**Picturing Empire** James R. Ryan, 2013-06-01 Coinciding with the extraordinary expansion of Britain's overseas empire under Queen Victoria the invention of photography allowed millions to see what they thought were realistic and unbiased pictures of distant peoples and places This supposed accuracy also helped to legitimate Victorian geography's illuminations of the darkest recesses of the globe with the light of scientific mapping techniques But as James R Ryan argues in *Picturing Empire* Victorian photographs reveal as much about the imaginative landscapes of imperial culture as they do about the real subjects captured within their frames Ryan considers the role of photography in the exploration and domestication of foreign landscapes in imperial warfare in the survey and classification of racial types in hunting with the camera and in teaching imperial geography to British schoolchildren Ryan's careful exposure of the reciprocal relation between photographic image and imperial imagination will interest all those concerned with the cultural history of the British Empire

*Victorians at Home and Away* Janet Phillips, Peter Phillips, 2016-07-01 First published in 1978 this book explores everyday Victorian likes and dislikes manners fashions ideals and illusions It discusses their changing attitudes to women children the poor the common soldier and their country It explains the rise and fall of home entertainment the growth of soccer racing and cricket to national sports the rise of public schools and new professions as well as the appeal of missionary work It is argued that all this happened not because the Victorians were fools hypocrites or villains but because they sensibly adapted themselves to peculiar and novel circumstances This title will be of interest to students of history

*War and Photography* Caroline Brothers, 2013-03-07 Drawing on the work of Barthes Eco Foucault Baudrillard Burgin and Tagg and on the historians of mentalities *War and Photography* presents a theoretical approach to the understanding of press photography in its historical and contemporary context Brothers applies her argument with special reference to French and British newspaper images of the Spanish Civil War a selection of which is presented in the book Rejecting analyses based upon the content of the images alone she argues that photographic meaning is largely predetermined by its institutional and cultural context Acting as witnesses despite themselves photographs convey a wealth of information not about any objective reality but about the collective attitudes and beliefs particular to the culture in which they operate

*Protectorate Cyprus* Gail Dallas Hook, 2015-02-17 A strategic outpost in the Eastern Mediterranean Cyprus was vital to British imperial ambitions in the East as the Ottoman Empire grew increasingly fragile in the nineteenth century Here Gail Dallas Hook describes the British occupation of Cyprus from 1878 to 1914 during which British government science and capital investment were installed alongside a new British colonial community building British Cyprus long before the island became a formal part of the British Empire Protectorate Cyprus further demonstrates how the British attempted to bring good government to Cyprus yet failed to resolve the issues of Muslim and Greek Orthodox divisions It is a unique representation of Britain's informal empire before World War I that has been little studied Protectorate Cyprus is a crucial addition to the history of the British Empire
