## **Rear Columns Craig Browns Diary:**

Rear Columns Craig Brown, 1992      **Hello Goodbye Hello** Craig Brown, 2013-08-20 A collection of whimsical true encounters between famous and infamous individuals describes the unlikely meetings of Marilyn Monroe with Frank Lloyd Wright Michael Jackson with Nancy Reagan and Sigmund Freud with Gustav Mahler      Ninety-Nine Glimpses of Princess Margaret Craig Brown, 2018-08-07 Originally published in 2017 by 4th Estate an imprint of HarperCollinsPublishers Great Britain as *Ma am darling 99 glimpses of Princess Margaret* Copyright page      **150 Glimpses of the Beatles** Craig Brown, 2024-03-26 Winner of the 2020 Baillie Gifford Prize for Non Fiction A distinctive portrait of the Fab Four by one of the sharpest and wittiest writers of our time If you want to know what it was like to live those extraordinary Beatles years in real time read this book Alan Johnson The Spectator Though fifty years have passed since the breakup of the Beatles the fab four continue to occupy an utterly unique place in popular culture Their influence extends far beyond music and into realms as diverse as fashion and fine art sexual politics and religion When they appeared on The Ed Sullivan Show in 1964 fresh off the plane from England they provoked an epidemic of hoarse throated fandom that continues to this day Who better then to capture the Beatles phenomenon than Craig Brown the inimitable author of *Ninety Nine Glimpses of Princess Margaret* and master chronicler of the foibles and foppishness of British high society This wide ranging portrait of the four lads from Liverpool rivals the unique spectacle of the band itself by delving into a vast catalog of heretofore unexamined lore When actress Eleanor Bron touched down at Heathrow with the Beatles she thought that a flock of starlings had alighted on the roof of the terminal only to discover that the birds were in fact young women screaming at the top of their lungs One journalist mistaken for Paul McCartney as he trailed the band in his car found himself nearly crushed to death as fans climbed atop the vehicle and pressed their bodies against the windshield Or what about the Baptist preacher who claimed that the Beatles synchronized their songs with the rhythm of an infant s heartbeat so as to induce a hypnotic state in listeners And just how many people have employed the services of a Canadian dentist who bought John Lennon s tooth at auction extracted its DNA and now offers paternity tests to those hoping to sue his estate *150 Glimpses of the Beatles* is above all a distinctively kaleidoscopic examination of the Beatles effect on the world around them and the world they helped bring into being Part anthropology and part memoir and enriched by the recollections of everyone from Tom Hanks to Bruce Springsteen this book is a humorous elegiac and at times madcap take on the Beatles role in the making of the sixties and of music as we know it      **Q** Craig Brown, 2024-10-01 With equal measures of wit and wisdom the author of *99 Glimpses of Princess Margaret* draws a deeply original hilarious and telling portrait of the Queen herself She was the most famous person on earth she first appeared on the cover of Time magazine at the age of three When she died few people were old enough to recall a time when she was not alive Her likeness has been reproduced in photographs on stamps on the notes and coins of thirty different currencies more than any since Jesus It is probable that over the course of her ninety six years she was

introduced to a greater number of different people than anyone else who has ever lived likely well over half a million Yet this most closely observed of all women rarely left any real impression on those she encountered beyond vague notions of her radiance and sense of duty A high proportion of those she met can remember what they said to her but not a word of what she said to them Up until now the curious tactic employed by biographers of the Queen has been to ignore what is interesting and to concentrate on what is not Craig Brown the author of 150 Glimpses of the Beatles and Hello Goodbye Hello rejects this formula bringing his kaleidoscopic approach to the most famous and most guarded woman on earth examining the Queen through a succession of interlocking prisms With Q this fantastically funny marvelously insightful journalist gives us an unforgettable portrait of the omnipresent elusive Queen Elizabeth II Journal of the Royal Army Medical Corps Great Britain.
