*Reasonable Religion* Robert E. Romig,1984      *Ideals, Beliefs, Attitudes, and the Law* Guido Calabresi,1985-06-01

Did You Receive the Holy Spirit When You Believed? (Acts 19:2) Bob McArthur,2011-06-08 Do you know how to lead someone to Christ This book will make you think again Do you know the gospel message Do you know the purpose for church leaders Are you fully birthed into the family of God Did you receive the Holy Spirit when you believed Think again That is what this book will challenge you to do The Rev Paul Hoyt a retired Church of the Nazarene pastor said of the book My mind is being challenged and stretched The question is simply What does the Bible say about how New Testament believers became Christians What were their experiences and what does the Bible say they believed and understood about those experiences This book will challenge you to rethink commonly held positions and universally understood practices and beliefs Dont be alarmed This book is completely Jesus focused The age old biblical truths about Christ are not being challenged Jesus is God the second person of the triune Godhead born of a virgin crucified and resurrected bodily and spiritually to new life His blood cleanses mankind of all sin no one comes to God except through Him and the Bible is the Word of God But the evangelistic message and experiences of the Bible of those early believers about this saving Jesus should correspond to the thought and practice of present day evangelism The disparity however might surprise you This book will help the Church get back to a New Testament evangelism that has somehow been lost along the way      *Religious Humanism* ,1985      **The Common-Sense Philosophy of Religion of Bishop Edward Stillingfleet 1635-1699** Robert Todd Carroll,2012-12-06 I Reason and Religion Si on soumet tout a la raison notre religion n aura rien de mysterieux et de surnaturel si on choque les principes de la raison notre religion sera absurde et ridicule l In this passage from his *Pensees* Pascal summarizes what is perhaps the most basic problem for the defender of the reasonableness of Christianity the necessity of upholding beliefs which Reason is incapable of judging while at the same time claiming that those beliefs are reasonable Pascal does not state the problem in precisely these terms regarding the limits of Reason yet it seems clear that the dilemma he is indicating involves the question of the relation of religious beliefs to the compass of Reason He does not however at least in the passage cited indicate that the problem is a question of either or either Reason and no Religion or Religion and Irrationality Rather he seems to be simply stating what he perceives to be a simple matter of fact If Reason is allowed to be the judge of all Religion then all Religion must abandon any elements that are either contrary to reason or cannot be shown to be in accord with Reason On the other hand if Reason is not allowed to judge Religion at all then Religion will be absurd and ridiculous      *The Oxford Handbook of Philosophical Methodology* Herman Cappelen,Tamar Gendler,John P. Hawthorne,2016 This is the most comprehensive book ever published on philosophical methodology A team of thirty eight of the world s leading philosophers present original essays on various aspects of how philosophy should be and is done The first part is devoted to broad traditions and approaches to philosophical methodology including logical empiricism phenomenology and ordinary language

philosophy The entries in the second part address topics in philosophical methodology such as intuitions conceptual analysis and transcendental arguments The third part of the book is devoted to essays about the interconnections between philosophy and neighbouring fields including those of mathematics psychology literature and film and neuroscience

**About Face** Christopher L. Flanders,2011-03-07 For Thais face is a fact writes Flanders However whether in theology evangelism or issues involving sin salvation or atonement Thai Christians and missionaries alike seem either uninterested in or possibly incapable of addressing issues related to face This glaring incongruity between the value of face for Thais and the lack of intentional engagement within the Thai Christian community is deeply troubling Surely such a lack of careful attention to face is a dangerous posture Uncritical views of face furtively attaching to the theology of the Thai church are potentially detrimental for its life and mission Such seems to be an unavoidable situation without proper attention to face Additionally to ignore face is to run the risk of missing valuable cultural resources implicit in the Thai experience of face for the critical task of authentic Thai theological reflection This lack of engagement with face raises critical issues with which we must wrestle How is it that such a central sociocultural issue has not been a more significant part of the Thai Christian vocabulary or experience How pervasive are these negative attitudes regarding face What lies behind them Might this lack of self conscious engagement with face have any relationship to the persistent Thai perception of Christianity as a foreign Western religion How should Christians understand this notion of face and how it relates to the ways we understand and proclaim the gospel

**Reasonableness and Law** Giorgio Bongiovanni,Giovanni Sartor,Chiara Valentini,2009-08-19 Reasonableness is at the centre of legal debate both in academic circles and in practice This unique reference work adopts an interdisciplinary perspective merging jurisprudence legal theory political philosophy and the different branches of law All aspects relating to reasonableness and law are addressed by the most prominent scholars in the field In the first part of the book the focus is on jurisprudential analyses of the concept of reasonableness and on its moral political and constitutional implications In the second part reasonableness is examined in the different fields of law like Public Private and International Law Here in more detail the practical consequences of reasonableness are worked out making this work of interest to practitioners as well as legal theorists

*Balancing Reasonable Justice* Ville Päävänsalo,2016-04-15 John Rawls s pioneering work of political philosophy A Theory of Justice has had far reaching influence on modern liberal political philosophy Rawls principles of justice as fairness the principle of liberty the principle of fair equality of opportunity and the famous difference principle have been both heavily criticized and incorporated into other political theories In this book Päävänsalo both presents a deep analysis of the whole Rawlsian canon and builds upon and goes beyond Rawls s conception by introducing a fresh theoretical framework to clarify and modify different balances of the elements of Rawlsian justice Justice as fairness is analyzed into its parts and elements critically examined to find the strongest most favourable interpretations of each principle and in this light the principles are reconstructed and rebalanced in such a way as to resist the most significant

criticisms of the Rawlsian project      Gospel Faith Commended to Common Sense John Leighton,1886      Insanity Jonah Haddad,2013-11-01 Have you seen such men peculiar raving foam mouthed and straitjacketed throwing themselves mercilessly at white padded walls Such men are said to be insane But there is more to insanity than the images depicted in film and planted in our minds by popular media Insanity is a condition that affects us all Unsoundness of mind disrupts our ability to think clearly and to form knowledge about the world Our understanding is dangerously incomplete and our minds are corrupt We are all insane How then can we ever hope to know our world Is it possible to form justified true beliefs about anything What possibility if any do we have of escaping this condition of madness that keeps us from the light of knowledge In *Insanity* Jonah Haddad explores these very questions by introducing the main problems of the theory of knowledge and by offering a response to our madness a response grounded in God the ultimate Knower      *FCC Record* United States. Federal Communications Commission,2015      *New Perspectives on Old Princeton, 1812-1929* Kevin DeYoung,Paul Kjos

Helseth,David P. Smith,2024-12-03 This book focuses on Princeton Theological Seminary and the theologians who taught there from the time of its founding in 1812 to the time of its reorganisation in 1929 It confronts the standard assessment of Old Princeton in the historiography of North American evangelicalism and sets out why a new paradigm is needed The volume critically engages with the Ahlstrom thesis and other more recent scholarship concerning Old Princeton s relationship to the Scottish intellectual tradition The contributions seek to move beyond Old Princeton s alleged indebtedness to Enlightenment thought and advance a more constructive reading of the Old Princetonians their theology and their place in the American evangelical experience The book offers a fresh and more accurate assessment of the theological and philosophical assumptions that held sway at Old Princeton and through the seminary to the American continent and beyond It will appeal to scholars interested in theology religious history and intellectual history      **The Methods of Ethics** Henry Sidgwick,1890      Dalhuisen on Transnational and Comparative Commercial, Financial and Trade Law Volume 1 Jan H Dalhuisen,2022-04-21 This is a big book with big themes and an author with the necessary experience to back them up Full of insights as to the theories that underlie the rules governing contract property and security it is an important contribution to the law of international commerce and finance *Law Quarterly Review* Volume 1 of this new edition covers the roots and foundations of private law the different origins structure and orientation of civil and common law and the social and cultural forces behind it It analyses the practical needs and market forces behind the emergence of a new transnational commercial and financial legal order its international finance driven impulses concepts and operation the theoretical basis of the transnationalisation of the law in the professional sphere in that order the autonomous sources of the new law merchant or modern *lex mercatoria* derived from the method of public international law as well as its relationship to domestic and transnational public policy and public order requirements The complete set in this magisterial work is made up of 6 volumes Used independently each volume allows the reader to delve into a particular topic Alternatively all volumes can be read
