Rubian Literature And Psychoanalysis:

Literature in Psychoanalysis Steven Vine, 2017-09-16 This collection of psychoanalytic readings of literary texts and literary readings of psychoanalytic texts has been carefully designed to work as an effective teaching text for introducing students to the complexities of psychoanalytic theory in practice The texts selected are widely studied and map the development of the field from Freud up to the most contemporary work

Discourse in Psychoanalysis and Literature (Routledge Revivals) Shlomith Rimmon-Kenan, 2014-11-13 The essays in this collection first published in 1987 represent a collective attempt to listen with the third ear to the underhand ways the unspoken has of speaking and to speak of these ways By focusing on discourse the volume is distinguished from traditional literature by its emphasis on rhetorical structures and textual strategies and the investment of these structures with desire power and other aspects of subjectivity rather than the personality of the artist or the creative process However in this book the human dimension is not lost By claiming that the structures in question are not merely linguistic semiotic or narratological although they are all of these the human dimension is returned not in the raw as in traditional approaches but through the traces it leaves in the text as activated by its reading This book is ideal for students of literature and psychoanalytical theory

Gender and Modernity in Spanish Literature Elizabeth Smith Rousselle, 2014-10-02 Using each chapter to juxtapose works by one female and one male Spanish writer *Gender and Modernity in Spanish Literature 1789 1920* explores the concept of Spanish modernity Issues explored include the changing roles of women the male hysteric and the mother and Don Juan figure

Literature, Psychoanalysis and the New Sciences of Mind Leonard Jackson, 2014-09-11 At a time when psychoanalysis is attacked by biologists psychologists and literary critics alike this book offers a radical defence *Literature Psychoanalysis and the New Sciences of Mind* gives a clear introduction to the theories of Freud and Jung the strange linguistic rewriting of Freud by Jacques Lacan It explores the extraordinary variety of ways in which these writings have been applied to literature and literary theory But for the first time they are put in the context of recent biological theories of mind and sexuality

Necropolitics Christophe D. Ringer, 2020-11-17 *Necropolitics* The Religious Crisis of Mass Incarceration in America explores the pernicious and persistent presence of mass incarceration in American public life Christophe D Ringer argues that mass incarceration persists largely because the othering and criminalization of Black people in times of crisis is a significant part of the religious meaning of America This book traces representations from the Puritan era to the beginning of the War on Drugs in the 1980s to demonstrate their centrality in this issue revealing how these images have become accepted as fact and used by various aspects of governance to wield the power to punish indiscriminately Ringer demonstrates how these vilifying images contribute to racism and political economy creating a politics of death that uses jails and prisons to conceal social inequalities and political exclusion

The Cambridge Introduction to Literature and Psychoanalysis Jean-Michel Rabaté, 2014-09-22 This volume is an introduction to the relationship between psychoanalysis

and literature Jean Michel Rabat takes Sigmund Freud as his point of departure studying in detail Freud's integration of literature in the training of psychoanalysts and how literature provided crucial terms for his myriad theories such as the Oedipus complex Rabat subsequently surveys other theoreticians such as Wilfred Bion Marie Bonaparte Carl Jung Jacques Lacan and Slavoj Žižek This Introduction is organized thematically examining in detail important terms like deferred action fantasy hysteria paranoia sublimation the uncanny trauma and perversion Using examples from Miguel de Cervantes and William Shakespeare to Sophie Calle and Yann Martel Rabat demonstrates that the psychoanalytic approach to literature despite its erstwhile controversy has recently reemerged as a dynamic method of interpretation *Psychoanalytic Literary Criticism* Maud Ellmann, 2014-01-14 This collection of essays provides students of literary critical theory with an introduction to Freudian methods of interpretation and shows how those methods have been transformed by recent developments in French psychoanalysis particularly by the influence of Jacques Lacan It explains how classical Freudian criticism tended to focus on the thematic content of the literary text whereas Lacanian criticism focuses on its linguistic structure redirecting the reader to the words themselves Concepts and methods are defined by tracing the role played by the drama of Oedipus in the development of psychoanalytic theory and criticism The essays cover a wide generic scope and are divided into three parts drama narrative and poetry Each is accompanied by explanatory headnotes giving clear definitions of complex terms
