Love In The Time Of The Apocalypse:

Love in the Time of the Apocalypse Gregory Blecha, 2005-02-17 Though a dystopian novel hovering over the imminent collapse of American civilization at the hands of a techno authoritarian state *Love in the Time of the Apocalypse* is also a book about the triumph of love and humor over the fatal gravitas of life and death It is part future nightmare part whimsical farce of the present *Love in the Time of the Apocalypse* is a work of playful conspiratorial pop delirium and pastiche full of lovable terrorists state run breeding houses Amish casinos vulgar action scenes the antichrist tongue and cheek hyper masculinity perhaps sit ups can save the world and a bourgeois love story to top it all Readers who love Science Fiction Dystopian Literature and Conspiracy Theory will find this book chock full of fresh and clever fare The speculative details are much more subtle than works on the post apocalypse The reader can feel both drawn into a bit of a future shock while at the same time remain anchored in a familiar albeit terrifying present Blecha has a way of pulling from current trends of government suppression of freedoms and stretching them ever so softly to their possible conclusion Thus rather than a world of utter totalitarianism such as Orwell's 1984 we are presented with a more plausible more friendly fascism that a society founded on consumerism and entertainment might bring about Without coming across as a writer with an agenda Gregory Blecha offers a strong but playful critique of State power the smothering inefficiency and corruption of bureaucracy and the role of the over stimulated under critical herd of middle class consumers and middle managers of a collapsing North America Tramps plague victims nihilists and nymphomaniacs along with the main character a WASP drawn into their exciting world make for the heroes of the story The villains are the lifeless and systematic processes of the Federal Government the Department of Health the Department of Overpopulation and the technological control systems of modern life and yet even these are rendered with an air of playfulness that allows the reader to smile as the world comes crumbling down *Love in the Time of Global Warming* Francesca Lia Block, 2013-08-27 Seventeen year old Penelope Pen has lost everything her home her parents and her ten year old brother Like a female Odysseus in search of home she navigates a dark world full of strange creatures gathers companions and loses them finds love and loses it and faces her mortal enemy In her signature style Francesca Lia Block has created a world that is beautiful in its destruction and as frightening as it is lovely At the helm of *Love in the Time of Global Warming* is Pen a strong heroine who holds hope and love in her hands and refuses to be defeated

Love in the Time of the Apocalypse Rouba Shishakly, 2018-05-04 Love A terrible debilitating thing he mused I've always been so repelled by the prospect of love and death both of which I regard to be inherently mortal afflictions that must plague mankind The clock is ticking to create a cure for the virus that currently grips the world But as the deadline approaches a key mission is sabotaged and Mira Iliev a government scientist finds herself unwittingly allied with the most hated man in Eastern Europe Demir Gudelj turns himself in after a very successful career as an international Drug Lord But when his meticulously planned contract with the government goes awry he finds not only his promised full pardon at risk but

also his lifelong beliefs What follows will test Demir's wits his will to survive and his heart Mira wonders if she could love Demir like she does if they were both on the same side In the meantime the war continues and part of her is glad Maybe he'd been correct Maybe survival in times like these required more than peacetime morals Maybe the meek did not have what it took to inherit the earth A story of corruption repentance and forgiveness *Love in the Time of Global Warming: Chapters 1-5* Francesca Lia Block, 2013-06-18 Download the first five chapters of LOVE IN THE TIME OF GLOBAL WARMING by Francesca Lia Block Seventeen year old Penelope Pen has lost everything her home her parents and her ten year old brother Like a female Odysseus in search of home she navigates a dark world full of strange creatures gathers companions and loses them finds love and loses it and faces her mortal enemy In her signature style Francesca Lia Block has created a world that is beautiful in its destruction and as frightening as it is lovely At the helm is Pen a strong heroine who holds hope and love in her hands and refuses to be defeated LOVE IN THE TIME OF GLOBAL WARMING by Francesca Lia Block is on sale August 27

Love in the Time of the Dead Tera Shanley, 2013-10-22 Laney Landry has been fighting Deads alongside her brother and friends for three years But she has a secret She's immune to Dead bites and has to find the right people to trust with the information Her team rallies around her to find a doctor who can extract a vaccine from Laney which could fight the virus that ended the world Sean Daniels leads a colony that provides her team with much needed shelter and supplies He is obviously interested in Laney The question is whether he's only intrigued by her as a source for the possible vaccine or for something more Tests for the cure might push her body beyond what it can endure and just as she faces a ghost from her past her longtime teammate Derek Mitchell hints at an interest in

more than just her Dead slaying abilities Two honorable and alluring men one colossal decision to make Despite historically bad taste in men can she rise above the chaos of the apocalypse and choose the one who deserves her heart The right choice could mean the difference between surviving and just living *Love in a Time of Loneliness* Paul Verhaeghe,2018-04-17 The first essay The Impossible Couple is both a humorous and razor sharp analysis of the contemporary relationship between man and woman In the second essay Fleeing Fathers the author demonstrates that today the Freudian Oedipus complex has disappeared with a resulting shattering of classic gender roles Post modern morals are strange compared to previous morality because they convey an obligation to enjoy Things become even stranger when one finds that the expected enjoyment fails to come and instead of that we are faced with boredom anxiety and anger The author reconsiders the opposition between Eros and Thanatos as an opposition between two forms of sexual pleasure The fact that this opposition is ever present in heterosexual love demonstrates that gender differentiation goes beyond temporal cultural forms Accessibly written and provocatively argued *Love in a Time of Loneliness* is a polemic whose very informality belies its serious intent In these three fascinating essays The author leaves the ordinary paths of thinking and sets out to discover what drives us in sex and love *Love in the Time of Zombies* Lynn Messina,2014-02-12 It s 2017 and a raging virus has drastically reduced the world s population of men transforming all but a fraction into a race of putrid brain dead zombies So what s single ambitious 23 year old Hattie Cross to do for fun not to mention romance In this hilarious marriage of post apocalyptic fiction and supersmart chick lit with a wry twist novelist Lynn Messina spoofs dating manuals monsters and the superficial media world all the while creating a feisty funny heroine with heart *Love in a Time of Climate Change* Sharon Delgado,2017-06-30 *Love in a Time of Climate Change* challenges readers to develop a loving response to climate change which disproportionately harms the poor threatens future generations and damages God s creation This book creatively adapts John Wesley s theological method by using scripture tradition reason and experience to explore the themes of creation and justice in the context of the earth s changing climate By consciously employing these four sources of authority readers discover a unique way to reflect on planetary warming theologically and to discern a faithful response The book s premise is that love of God and neighbor in this time of climate change requires us to honor creation and establish justice for our human family for future generations and for all creation From the introduction As we entrust our lives to God we are enabled to join with others in the movement for climate justice and to carry a unified message of healing love and solidarity as we live into God s future offering hope in the midst of the climate crisis that another world is possible God is ever present always with us Love never ends *Love in the Time of Contagion* Laura Kipnis,2022-02-08 In this timely insightful and darkly funny investigation the acclaimed author of *Against Love* asks what does living in dystopic times do to our ability to love each other and the world COVID 19 has produced new taxonomies of love intimacy and vulnerability Will its cultural afterlife be as lasting as that of HIV which reshaped consciousness about sex and love even after AIDS itself had been beaten back by medical science

Will COVID end up making us more relationally conservative as some think HIV did within gay culture Will it send us fleeing into emotional silos or coupled cocoons despite the fact that pre COVID domestic coupledom had been steadily losing fans Just as COVID revealed our nation to itself so did it hold a mirror up to our relationships In *Love in the Time of Contagion* Laura Kipnis weaves often hilariously her own ambivalent coupled lockdown experiences together with those of others and sets them against a larger backdrop the politics of the virus economic disparities changing gender relations and the ongoing institutional crack ups prompted by MeToo and Black Lives Matter mapping their effects on the everyday routines and occasional solaces of love and sex

After the Apocalypse Srećko Horvat, 2021-02-11 In this post apocalyptic rollercoaster ride philosopher Srećko Horvat invites us to explore the Apocalypse in terms of revelation rather than as the end itself He argues that the only way to prevent the end i.e. extinction is to engage in a close reading of various interconnected threats such as climate crisis the nuclear age and the ongoing pandemic Drawing on the work of neglected philosopher Günther Anders this book outlines a philosophical approach to deal with what Horvat borrowing a term from climate science and giving it a theological twist calls eschatological tipping points These are no longer just the nuclear age or climate crisis but their collision conjoined with various other major threats not only pandemics but also the viruses of capitalism and fascism In his investigation of the future of places such as Chernobyl the Mediterranean and the Marshall Islands as well as many others affected by COVID 19 Horvat contends that the revelation appears simple and unprecedented the alternatives are no longer socialism or barbarism our only alternatives today are a radical reinvention of the world or mass extinction *After the Apocalypse* is an urgent call not only to mourn tomorrow's dead today but to struggle for our future while we can
