Faridah Abdul Rashid, 2012-11-21 I really applaud your efforts It's really difficult to do a book like that WAZIR Thanks again for your immense work my family and I are indeed extremely grateful AZLAN Your effort in writing about the early Muslim doctors is very commendable and would be good for present and future generations to read about TAHIR You are doing valuable work by filling in the gaps in our history I wish more of our retirees would impart their memories to repositories of knowledge such as the USM TAWFIK

Cinemas Dark and Slow in Digital India Lalitha Gopalan, 2021-02-12 This book provides a sustained engagement with contemporary Indian feature films from outside the mainstream including Aaranaya Kaandam I D Kaul Chauthi Koot Cosmic Sex and Gaali Beeja to undercut the dominance of Bollywood focused film studies Gopalan assembles films from Bangalore Chennai Delhi Kolkata and Trivandrum in addition to independent productions in Bombay cinema as a way of privileging understudied works that deserve critical attention The book uses close readings of films and a deep investigation of film style to draw attention to the advent of digital technologies while remaining fully cognizant of the digital as a cryptic formulation for considering the sea change in the global circulation of film and finance This dual focus on both the techno-material conditions of Indian cinema and the film narrative offers a fulsome picture of changing narratives and shifting genres and styles Seeing Malaysia My Way M. Bakri Musa, 2003 Malaysian born M Bakri Musa a California surgeon writes frequently on issues affecting his native land His credits apart from scientific articles in professional journals have appeared in Far Eastern Economic Review International Herald Tribune Education Quarterly and

New Straits Times His commentary has also aired on National Public Radio's Marketplace He is the author of *The Malay Dilemma Revisited Race Dynamics in Modern Malaysia Malaysia in the Era of Globalization and An Education System Worthy of Malaysia* Safely beyond the reach of Malaysia's censorship laws he writes freely and without restraint save for common courtesy and good taste He spares no individual or institution easily skewering the sacred cows He aims his dart at the most hyper inflated targets easily and effectively puncturing them to reveal their hollowness These range from the obscenely ostentatious Malaysian weddings to special privileges and from Prime Minister Mahathir to youths who do Malaysia proud

Gateway to Malay Culture (2010 Edition - EPUB) Asiapac Editorial,2018-10-10 Have you ever wondered what life was like in a Malay kampong in the old days Or why practically all your Malay friends are Muslims Well the Malay culture is just one of the many cultures that have developed through the centuries Although it originated in Peninsula Malaya it has spread throughout Southeast Asia and beyond Most Malays are Muslims and live their lives guided by teachings found in the Quran the holy book of Islam As part of the Asiapac Culture series this book offers an overall look at the various aspects of this colourful culture It covers topics such as the history of the people their lifestyle religious and cultural activities culinary practices etc Such knowledge is essential in promoting mutual understanding and respect So if you want to learn more about this fascinating culture this is the book to read *St. Louis Clinique* ,1902 *Malaysia & Bengali Doctors 1907-2012 a Personal Perspective* Dr. P. R. Sengupta,2013-03-23 The past century has been an exciting era for the Bengalis in Malaysia attempting to preserve our identity and cultural heritage However with the dilution of the community the radar for the coming years is misty In the course of our efforts to uphold our identity and provide services to the public and be counted we have not lost sight of our primary professional responsibility as doctors Many have contributed towards the advancement of the profession by actively participating in research as well as providing financial grants It is an opportune time to write this

book Our identity might be totally lost in the next 100 years except for the imposing edifice of Bengal House in Port Dickson Negri Sembilan to bear testimony to the once thriving vibrant proud Bengali community The publication would be collecting dust and cobwebs and would be useful only to historians possibly excavating into our possible extinct past Since commencing this book two very prominent senior members have passed away and it is most unfortunate that they have not seen this humble effort We live in a global world transcending geographical boundaries and preservation of the last vestiges of our heritage should be the responsibility of each and every one of us The objectives of undertaking this Herculean task which hopefully have been fulfilled were an attempt to Compile a list of Bengali doctors since their first arrival more than 100 years ago in what was then Malaya together with the subsequent 2nd 3rd generation doctors born here Some names might have been left out inadvertently for which sincere apologies are extended while a handful had not responded to repeated efforts to contact them or their next of kin Explore the reasons for their migration Many who were from the same district of East Bengal as Rai Bahadur Dr Sarojininath Bardhans and were related to him through his marriages were probably influenced by his success Some arrived to avoid political persecutions Global conditions such as World Wars I II and the Great Depression of the 1930s obviously played an important part in the decision making process The Post World War II years witnessed the return of local doctors whose studies were interrupted and a couple had harrowing experiences to narrate Some contract doctors were also recruited directly by private local clinics Highlight the decades of the 50 60s which could be rightly considered as the golden era for the Bengali doctors There were insufficient numbers of local graduates to fill the posts as most of the Chinese doctors went into the vast lucrative private sector while very few Malays had taken up Medicine Although a large number had applied from Bengal only about 35 40 doctors including a few with post graduate qualifications were recruited Some climbed up the ranks and became senior administrative officers appointed not on the basis of availability but because of their capability and proven track records In the 1960s the Medical Faculty of University of Malaya was established in Kuala Lumpur and some Calcutta graduates with post graduate qualifications from the United Kingdom were offered key posts to help jump start certain disciplines This was an excellent testimony of the academic standards of Calcutta University graduates These two decades also witnessed the successes of the 2nd generation Bengalis with a couple completing their post graduate medical studies in double quick time The first Malaysian Radiologist to start Angiographic studies and to be awarded a neuro vascular fellowship in Sweden in 1968 69 was a Bengali In view of the limited number of super scale posts many however were given glorified titles of State Physicians or Surgeons despite being only Clinical Specialists Reiterate the contributions of Bengali doctors towards the Malayanisation of the medical and health services in the two states of Sabah Sarawak in early 1970s The efforts of Dr Rabindranath Roy in unifying
