Paddle-to-the-sea Holling Clancy Holling, American Science and Engineering, Inc, 1974 **Paddle-to-the-Sea** Holling Clancy Holling, 1941 My Paddle to the Sea John Lane, 2012-09-01 Like Huck Finn Lane sees a river journey as a portal to change but unlike Twain's character Lane isn't escaping He's getting intimate with the river that flows right past his home in the Spartanburg suburbs Lane's three hundred mile float trip takes him down the Broad River and into Lake Marion before continuing down the Santee River *Midland* Ross Breithaupt, 2021-06-17 There's a rhythm inside things It is the spring of 1987 and the blackflies are thick in the air Twenty year old Rory Fleck runner bassist ex boyfriend baby of the family joins a tree planting brigade in Northern Ontario camping out in a pup tent and whiling away the evenings writing letters to his dead brother Haunted by dreams and plagued by gruesome visions from the past Rory goes in search of the rhythm in planting and in life that leads to the mindless trance tree planters call Freak Zero He takes comfort in a meaningful mix tape titled VOYAGER 1 ten songs one for each full year his older brother Mike has been gone and he develops a camaraderie with his fellows in the camp timid meticulous planter Eddie gruff Shakespeare spouting camp cook Jerry and kind vibrant tempting Betina But there are others whose motives are less than friendly Crew boss Ty's rampant jealousy threatens Rory

and Betina's budding relationship and the mysterious Mr W's calm detachment conceals a startling connection to Rory's past. When his time as a tree planter comes to an abrupt and painful end, Rory must choose whether to keep running or find out what it means to stop and face the music. *Midland* is a gripping story of trauma, family ghosts, and the healing forces of friendship and music. Paddle-to-the-Sea. Written and Illustrated by H. C. Holling, 1941 **Lake Nipigon** Nancy Scott, 2015-01-03 The natural history of Lake Nipigon, the primary watershed feeding the Great Lakes, is explored as well as the evolving human history of the area from its aboriginal prehistory through first European contact, the fur trade era, resource development, and ultimately to the communities that exist there today. **Great Lakes Chronicle** Wisconsin Coastal Management, 2018-10-02 Lakes Superior and Michigan have long played a vital role in shaping our state's history, culture, and economy. For forty years, the Wisconsin Coastal Management Program has collaborated with governments and nonprofit organizations to preserve and protect this crucial resource, and since 2002 has promoted public awareness of issues affecting the lakes in its annual Wisconsin Great Lakes Chronicle. Great Lakes Chronicle Essays on Coastal Wisconsin brings together more than one hundred articles by coastal management practitioners, providing a broad perspective on issues affecting Wisconsin's Great Lakes shorelines and advocating for the wise and balanced use of our coastal environment for the benefit of people now and in the future. *Ecospatality* Lowell Wyse, 2021-07-15 John Steinbeck's *Salinas Valley* Richard Wright's *Chicago* Leslie Marmon Silko's *New Mexico* Readers often have strong connections with literary places like these. And some works of literature can even change our understanding of the world we live in. But can place also change our view of literature? *Site Reading* advances a place-based approach to literature, reading classic texts through the twin lenses of geographical awareness and environmental thought. This book highlights recent developments in ecocriticism and geocriticism to argue for a theory of ecospatality, with nature, space, and story as the three elements of place. *Site Reading* reconsiders well-known works of twentieth-century American prose and shows how social and environmental issues always overlap. Travel writer William Least Heat Moon, whose work embodies the ecospatial perspective, portrays his experiences with place on the local, regional, and continental scales. Classic novels by Silko, Willa Cather, and Ana Castillo, usually discussed in isolation, converge in a way that maps diverse cultural perspectives and environmental threats onto the shared geography of Central New Mexico. A reading of Steinbeck's *Salinas Valley* texts investigates the impacts of literary tourism in Steinbeck Country, before drilling down into Steinbeck's portrayals of spatial development and environmental history. And an innovative analysis of *Native Son* shows how Richard Wright uses cartographic details to decry the spatial racial politics of South Side Chicago in the 1930s. In this book, Lowell Wyse shows how place provides the grounds for both human experience and critical practice. By bringing together concepts like literary cartography, deep mapping, and bioregionalism in an ecospatial approach, *Site Reading* not only maps new terrain between ecocriticism and geocriticism but also shows why place matters in the world and in the text. Becoming Kin Patty Krawec, 2022-09-27 We find our way forward by going back. The

invented history of the Western world is crumbling fast Anishinaabe writer Patty Krawec says but we can still honor the bonds between us Settlers dominated and divided but Indigenous peoples won't just send them all home Weaving her own story with the story of her ancestors and with the broader themes of creation replacement and disappearance Krawec helps readers see settler colonialism through the eyes of an Indigenous writer Settler colonialism tried to force us into one particular way of living but the old ways of kinship can help us imagine a different future Krawec asks What would it look like to remember that we are all related How might we become better relatives to the land to one another and to Indigenous movements for solidarity Braiding together historical scientific and cultural analysis Indigenous ways of knowing and the vivid threads of communal memory Krawec crafts a stunning forceful call to unforget our history This remarkable sojourn through Native and settler history myth identity and spirituality helps us retrace our steps and pick up what was lost along the way chances to honor rather than violate treaties to see the land as a relative rather than a resource and to unravel the history we have been taught
