Paddlewheels On The Frontier Bc Yukon:

Paddlewheels on the Frontier Art Downs,1972 **Paddlewheels on the Frontier** Art Downs,1967 **British Columbia-Yukon Sternwheel Days** Art Downs,1992 Over 300 sternwheelers plied the BC Yukon waters a record in North America In icy northern lakes rivers and the open sea these flat bottomed steamers served for 100 years Ripped open by rapids gutted by fire crushed by ice they left a memorable wake that altered history forever This book includes portraits of flamboyant captains and crews details on how the vessels were constructed and operated historical background of the communities they served and more Pioneer Days in British Columbia Art Downs,1979-05 Pioneer Days is a blend of words and photos that proves British Columbia s history is as interesting as that recorded anywhere else in North America Every article is true many written or narrated by those who 100 or more years ago lived the experiences they relate Each volume contains 160 pages plus some 60 000 words of text and over 200 historical photos many published for the first time

Wagon Road North Art Downs,2021-06-18 A newly revised and updated edition of the classic pictorial account of the Cariboo Gold Rush trail First published in 1960 Wagon Road North is the quintessential popular history book chronicling gold rush era BC Focusing on the Cariboo Wagon Road the crucial transportation route stretching from Fort Yale to Barkerville that made it possible for tens of thousands of prospectors to make their way to the Cariboo goldfields in the 1860s this newly updated expanded and re designed edition brings to life the adventures hardships and blind ambitions of the men and women who risked everything in the quest for gold Packed with more than one hundred archival photos many of them rarely seen as well as maps and contemporary images of historical sites this fascinating book is a visual celebration of a pivotal chapter in early BC history *Carving the Western Path* R. G. Harvey,2011-06-15 The history of British Columbia s transportation systems north of the Canadian National Railway s mainline may not be well known but it certainly is colourful Continuing the story he began in the first volume of *Carving the Western Path* R G Harvey describes the development of river road and rail routes that crossed the northern two thirds of BC This was a land of dreams and schemes that seemed to feed on each other It started with the Collins Overland Telegraph a communication link that was to connect Europe and America in the 1860s Though this plan collapsed with the success of the trans Atlantic cable the telegraph surveyors established patterns for future roads and settlement They also sparked the Omineca gold rush It was a land full of larger than life characters including Charles Hays who dreamed of a major seaport at Prince Rupert but died on the Titanic before he could realize his vision Charles Bedaux who in the 1930s carved his 416 mile path into the northern Rockies Railway promoters Warburton Pike Sir Edward Phillipps Wolley William Mackenzie and Donald Mann who got gifts of land and money but couldn t always meet their promises Their stories mingle with those of the Grand Trunk Pacific Railway the Alaska Highway the White Pass and Yukon Railway and those of the sternwheelers fur traders gold miners and other adventurers who were drawn to this last frontier The Ladies, the Gwich'in, and the Rat Clara Vyvyan,2015-01-02 In 1926 two British women

came from Cornwall to Edmonton and travelled through northern Alberta the Northwest Territories and the Yukon by rail sternwheeler and canoe For the women it was a liberating experience yet Vyvyan s narrative supported by MacLaren and LaFramboise s insightful editorial work reveals the imperialist attitudes underlying their travels **Unbuilt Environments** Jonathan Peyton,2017-01-27 In the latter half of the twentieth century legions of industrial pioneers came to northwestern British Columbia with grand plans for mines dams and energy development schemes Yet many of their projects failed to materialize or were abandoned midstream Unbuilt Environments reveals that these lapsed resource projects had lasting effects on the natural and human environment Drawing on a range of case studies to analyze the social and environmental impacts of unfinished projects Jonathan Peyton considers development failure a productive concept for northwestern Canada He looks at a closed asbestos mine an abandoned rail grade an imagined series of hydroelectric installations a failed LNG export facility and a transmission line and finds that these unrealized developments continue to shape contemporary resource conflicts **Carving the Western Path** Robert Gourlay Harvey,1998 A century of dealmaking and government misdeeds forms the backdrop of this entertaining account of sternwheelers iron horses and mountain roads Battling factions of rail builders crossed many a line in the sand as they carved up both the land and the spoils of industry Did both federal and provincial politicians wittingly sabotage road construction programs to the benefit of the rail barons Were Cornelius Van Horne Major A B Rogers and Andrew McCulloch fully deserving of the accolades bestowed on them Was railway man J J Hill a genius or an opportunist R G Harvey has applied a keen mind and deft pen to uncover skulduggery in politics and critical routing errors by the early surveyors and engineers who carved their western paths In turn he has exposed new scars and wrinkles to add to historic portraits otherwise untainted *Alex Lord's British Columbia* John Calam,2007-10-01 Alex Lord a pioneer inspector of rural British Columbia schools shares in these recollections his experiences in a province barely out of the stage coach era Travelling through vast northern territory utilizing unreliable transportation and enduring climatic extremes Lord became familiar with the aspirations of remote communities and their faith in the humanizing effects of tiny assisted schools En route he performed in resolute yet imaginative fashion the supervisory functions of a top government educator developing an educational philosophy of his own based on an understanding of the provincial geography a reverence for citizenship and a work ethic tuned to challenge and accomplishment *Passenger and Merchant Ships of the Grand Trunk Pacific and Canadian Northern Railways* David R.P. Guay,2016-07-02 The first detailed account of the rise and fall of the maritime branches of two of Canada s great transcontinental railways of the early twentieth century the Grand Trunk Pacific and Canadian Northern **Stagecoach North** Ken Mather,2020-06-02 An in depth look at the origins and operations of a pioneering transportation company that moved people and goods across the province throughout the late nineteenth and early twentieth centuries At the height of the Cariboo Gold Rush demand for an efficient transportation route to and from the goldfields was reaching a point of desperation With a lack of reliable roads to traverse the vast and rugged

BC landscape delivering food mining equipment and mail to the newly built gold rush towns was a constant challenge not to mention the logistics of transporting people This book tells the fascinating story of one company that attempted to connect the province at an unprecedented time of growth and change Barnard s Express 1862 1878 later known as BX or the British Columbia Express Company 1878 1921 reflects the ingenuity risk and enterprising spirit of the era Focusing on the stagecoach line which ran from Yale to Barkerville from 1864 until 1886 and from Ashcroft to Barkerville after the construction of the CPR historian Ken Mather uncovers new details about the gold rush through the lens of this groundbreaking company s operations Rich in anecdotes and character sketches backed up with extensive research this is the first full length book to cover the history of one of BC s most important early businesses **Alex Lord's British**

Columbia Alexander Russell Lord,1991 Alex Lord a pioneer inspector of rural BC schools shares in these recollections his experiences in a province barely out of the stage coach era Travelling through vast northern territory utilizing unreliable transportation and enduring climatic extremes Lord became familiar with the aspirations of remote communities and their faith in the humanizing effects of tiny assisted schools En route he performed in resolute yet imaginative fashion the supervisory functions of a top government educator developing an educational philosophy of his own based on an understanding of the provincial geography a reverence for citizenship and a work ethic tuned to challenge and accomplishment Although not completed these memoirs invite the reader to experience the British Columbia that Alex Lord knew Through his words we endure the difficulties of travel in this mountainous province We meet many of the unusual characters who inhabited this last frontier and learn of their hopes fears joys sorrows and eccentricities More particularly we are reminded of the historical significance of the one room rural school and its role as an indispensable instrument of community cohesion John Calam has organized the memoirs according to the regions through which Lord travelled He has included in his introduction a biography of Alex Lord a brief description of the British Columbia he knew a sketch of its public education system and an assessment of the place Lord s writing now occupies among other works on education and society
