**Iconotextual Studies in the Muslim Vision of Paradise** Shemuel Tamari, 1999      *Heaven's Purge* Isabel Moreira, 2010-11-17 The doctrine of purgatory the state after death in which Christians undergo punishment by God for unforgiven sins raises many questions What is purgatory like Who experiences it Does purgatory purify souls or punish them or both How painful is it *Heaven's Purge* explores the first posing of these questions in Christianity's early history from the first century to the eighth an era in which the notion that sinful Christians might improve their lot after death was contentious or even heretical Isabel Moreira discusses a wide range of influences at play in purgatory's early formation including ideas about punishment and correction in the Roman world slavery the value of medical purges at the shrines of saints and the authority of visions of the afterlife for informing Christians of the hereafter She also challenges the deeply ingrained supposition that belief in purgatory was a symptom of barbarized Christianity and assesses the extent to which Irish and Germanic views of society and the sources associated with them penitentials and legal tariffs played a role in purgatory's formation Special attention is given to the writings of the last patristic author of antiquity the Northumbrian monk Bede *Heaven's Purge* is the first study to focus on purgatory's history in late antiquity challenging the conclusions of recent scholarship through an examination of the texts communities and cultural ideas that informed purgatory's early history

**W.B. Yeats, Ezra Pound, and the Poetry of Paradise** Sean Pryor, 2016-02-24 Emphasizing the interplay of aesthetic forms and religious modes Sean Pryor's ambitious study takes up the endlessly reiterated longing for paradise that features throughout the works of W B Yeats and Ezra Pound Yeats and Pound define poetry in terms of paradise and paradise in terms of poetry Pryor suggests and these complex interconnections fundamentally shape the development of their art Even as he maps the shared influences and intellectual interests of Yeats and Pound and highlights those moments when their poetic theories converge Pryor's discussion of their poems profound formal and conceptual differences uncovers the distinctive ways each writer imagines the divine the good the beautiful or the satisfaction of desire Throughout his study Pryor argues that Yeats and Pound reconceive the quest for paradise as a quest for a new kind of poetry a journey that Pryor traces by analysing unpublished manuscript drafts and newly published drafts that have received little attention For Yeats and Pound the journey towards a paradisaic poetic becomes a never ending quest at once self defeating and self fulfilling a formulation that has implications not only for the work of these two poets but for the study of modernist literature
