PageMaker? 4 Macintosh Tony Bove, Cheryl Rhodes, 1991-01-22 Written by two leading authors in the field of desktop publishing this authoritative work walks users through over 75 new features of PageMaker 4.0 as well as the basics of the program. Among the features covered are story editor, spell checker, search/replace facility, Pantone color charts, and display of color images and typographical controls. Covers all the features of a program enabling users to be up and running in no time. Basing their treatment on real hands-on applications from actual publications, the authors explain the basic concepts of good layout design and typography to users who need to produce professional-looking business documents but have no training in page make-up design or production. Also includes over 200 screen dumps. *The Macintosh Bible* Arthur Naiman, 1992 Left Brain disk contains practical detail-oriented software for keeping track of names, addresses, appointments, things to do, and the time.
