Musical Theatre Screen Adaptations Dominic McHugh, 2019 The Oxford Handbook of Musical Theatre Screen Adaptations traces how the genre of the stage to screen musical has evolved from *The Jazz Singer* to *The Wizard of Oz* *Roberta* and *Into the Woods* *Music Theory Through Musical Theatre* John Charles Franceschina, 2015 Music Theory through Musical Theatre takes a new and powerful approach to music theory Written specifically for students in music theatre programs it offers music theory by way of musical theatre Not a traditional music theory text Music Theory through Musical Theatre tackles the theoretical foundations of musical theatre and musical theatre literature with an emphasis on what students will need to master in preparation for a professional career as a performer Veteran music theatre musician John Franceschina brings his years of experience to bear in a book that offers musical theatre educators an important tool in equipping students with what is perhaps the most important element of being a performer the ability to understand the language of music in the larger dramatic context to which it contributes The book uses examples exclusively from music theatre repertoire drawing from well known and more obscure shows and songs Musical sight reading is consistently at the forefront of the lessons teaching students to internalize notated music quickly and accurately a particularly necessary skill in a world where songs can be added between performances Franceschina consistently links the concepts of music theory and vocal coaching showing students how identifying the musical structure of and gestures within a piece leads to better use of their time with vocal coaches and ultimately enables better dramatic choices Combining formal theory with practical exercises Music Theory through Musical Theatre will be a lifelong resource for students in musical theatre courses dog eared

Reference Dept,1964 **The Complete Lyrics of Alan Jay Lerner** Dominic McHugh,Amy Asch,2018-02-01 Alan Jay Lerner wrote the lyrics for some of the most beloved musicals in Broadway and Hollywood history Most notably with composer Frederick Loewe he created enduring hits such as My Fair Lady Gigi Camelot and Brigadoon In The Complete Lyrics of Alan

Jay Lerner editors and annotators Dominic McHugh and Amy Asch bring all of Lerner's lyrics together for the first time including numerous draft or alternate versions and songs cut from the shows Compiled from dozens of archival collections this invaluable resource and authoritative reference includes both Lerner's classic works and numerous discoveries including his unproduced MGM movie Huckleberry Finn selections from his college musicals and lyrics from three different versions of Paint Your Wagon This collection also includes extensive material from Lerner's two most ambitious musicals Love Life to music by Kurt Weill and 1600 Pennsylvania Avenue which Lerner wrote with Leonard Bernstein **"Hooray for What"** Harold Arlen, 1937 **Loverly** Dominic McHugh, 2012-06-08 Few musicals have had the impact of Lerner and Loewe's timeless classic My Fair Lady Sitting in the middle of an era dominated by such seminal figures as Rodgers and Hammerstein Frank Loesser and Leonard Bernstein My Fair Lady not only enjoyed critical success similar to that of its rivals but also had by far the longest run of a Broadway musical up to that time From 1956 to 1962 its original production played without a break for 2 717 performances and the show went on to be adapted into one of the most successful movie musicals of all time in 1964 when it won eight Academy Awards Internationally the show also broke records in London and the original production toured to Russia at the height of the Cold War in an attempt to build goodwill It remains a staple of the musical theater canon today an oft staged show in national regional and high school theaters across the country Using previously unpublished documents author Dominic McHugh presents a completely new behind the scenes look at the five year creation of the show revealing the tensions and complex relationships that went into its making McHugh charts the show from the aftermath of the premiere of Shaw's Pygmalion and the playwright's persistent refusal to allow it to be made into a musical through to the quarrel that led lyricist Alan Jay Lerner and composer Frederick Loewe to part ways halfway through writing the show up to opening night and through to the present This book is the first to shed light on the many behind the scenes creative discussions that took place from casting decisions all the way through the final months of frantic preparation leading to the premiere in March 1956 McHugh also traces sketches for the show looking particularly at the lines cut during the rehearsal and tryout periods to demonstrate how Lerner evolved the relationship between Higgins and Eliza in such a way as to maintain the delicate balance of ambiguity that characterizes their association in the published script He looks too at the movie version and how the cast album and subsequent revivals have influenced the way in which the show has been received Overall this book explores why My Fair Lady continues to resonate with audiences worldwide more than fifty years after its premiere
