Paths Of The Heart Prayers Of Medieval Christians:

Paths of the Heart John Blakesley,1993-01-01 Path of the Purified Heart Laura Dunham,2012-02-01 Path of the Purified Heart traces the classic Christian spiritual journey toward transformation into the likeness of Christ in a unique fascinating way Drawing on the voices of wise elders from the past and present Dunham illumines the common path all Christians and spiritual seekers may take toward union with God Through the motifs of the liturgical year and the labyrinth the author weaves in her own journey on this path during her year of purification *Paths To The Heart: Sufism And The Chris* James S. Cutsinger,2010-08-01 Despite the long and well known history of conflict between Christians and Muslims their mystical traditions especially in the Christian East and in Sufism have shared for centuries many of the same spiritual methods and goals The purpose of this book the first major publication of its kind is to promote precisely this more inward kind of ecumenical perspective These essays point to a spiritual heart in which the deeper meaning of Christian and Muslim beliefs and practices come alive and where spiritual pilgrims may discover beyond the level of seemingly contradictory forms an inner commonality with those who follow other paths **The Path of Christianity** John Anthony McGuckin,2017-05-16 John McGuckin a world renowned expert on ancient Christianity has synthesized a lifetime of work to produce the most comprehensive and accessible history of the first millennium of the Christian church This readable account explores the history in chronological order and then examines the same period thematically looking at issues like women war and the Bible *The Complete Book of Christian Prayer* ,1996 This comprehensive collection encompasses a wider and more varied range of Chrisitan prayers than any other anthology of its kind making it an essential handbook for all who want to deepen and enhance their prayer life *Mysticism and Intellect in Medieval Christianity and Buddhism* Yongho Francis Lee,2020-03-09 *Mysticism and Intellect in Medieval Christianity and Buddhism* explores two influential intellectual and religious leaders in Christianity and Buddhism Bonaventure c 1217 74 and Chinul 1158 1210 a Franciscan theologian and a Korean Zen master respectively with respect to their lifelong endeavors to integrate the intellectual and spiritual life so as to achieve the religious aims of their respective religious traditions It also investigates an associated tension between different modes of discourse relating to the divine or the ultimate positive cataphatic discourse and negative apophatic discourse Both of these modes of discourse are closely related to different ways of understanding the immanence and transcendence of the divine or the ultimate Through close studies of Bonaventure and Chinul the book presents a unique dialogue between Christianity and Buddhism and between West and East *The Reformation of Prayer among Sixteenth-Century Lutherans* Mary Jane Haemig,2025-03-22 In sixteenth century Germany Martin Luther and his followers engaged in a thorough reform of beliefs and practices related to prayer a reform rooted in Luther s theological insights Rejecting medieval beliefs that saw prayer as a good work Luther and his followers saw prayer as a human response to God s command to pray and promise to hear It was a good work done freely not to earn salvation but rather to converse with God Luther and his followers taught

prayer in many different ways They used catechisms and catechesis to teach the basics of Christian belief including the Lord's Prayer They emphasized understanding the petitions of prayer not just reciting words They encouraged the use of the psalms as prayers and produced literature designed to make the psalms accessible and understandable They published prayerbooks to instruct in prayer and offer prayers for a variety of vocations and situations Lutheran sermons taught prayer both on particular occasions and on many Sundays of the church year Worship taught prayer and provided models for prayer Literature for those suffering sickness death plague childbirth and war taught prayer as part of its effort to console Literature for theological students and manuals designed to help pastors in their ministries contained instruction in prayer highlighting the importance of prayer in the life and ministry of the pastor and helping them to teach prayer This book gives a comprehensive overview of the theological underpinnings for prayer as well as the strategies and literature used by Luther and his followers as they taught prayer to all people **The Heart of Centering Prayer** Cynthia Bourgeault, 2016-12-27

The best selling author of *The Wisdom Jesus* and *The Meaning of Mary Magdalene* demystifies the popular Christian meditation method rooted in contemplative prayer Centering Prayer is the path to a wonderful and radical new way of seeing the world It is not as is sometimes thought simply an act of devotional piety nor is it simply a Christianized form of other meditation methods Cynthia Bourgeault here cuts through the misconceptions to show that Centering Prayer is in fact a pioneering development within the Christian contemplative tradition She provides a practical complete course in the practice and then goes deeper to analyze what actually happens in Centering Prayer the mind effectively switches to a new operating system that makes possible the perception of nonduality With this understanding in place she then takes us on a journey through one of the sources of the practice the Christian contemplative classic *The Cloud of Unknowing* revealing it to be among the earliest Christian explorations of the phenomenology of consciousness Cynthia Bourgeault's illumination of the Centering Prayer path provides compelling evidence of how important the practice has become in the half century since it first arose among American Trappist monks and of its maturation and refinement over the ensuing years of sincere study and practice It will resonate with beginners on the Centering Prayer path as well as with seasoned practitioners [The Oxford Handbook of Medieval Christianity](#) John H. Arnold, 2014-08-21 *The Oxford Handbook of Medieval Christianity* takes as its subject the beliefs practices and institutions of the Christian Church between 400 and 1500AD It addresses topics ranging from early medieval monasticism to late medieval mysticism from the material wealth of the Church to the spiritual exercises through which certain believers might attempt to improve their souls Each chapter tells a story but seeks also to ask how and why Christianity took particular forms at particular moments in history paying attention to both the spiritual and otherworldly aspects of religion and the material and political contexts in which they were often embedded This Handbook is a landmark academic collection that presents cutting edge interpretive perspectives on medieval religion for a wide academic audience drawing together thirty key scholars in the field from the United States the UK and Europe Notably the Handbook is

arranged thematically and focusses on an analytical rather than narrative approach seeking to demonstrate the variety change and complexity of religion throughout this long period and the numerous different ways in which modern scholarship can approach it While providing a very wide ranging view of the subject it also offers an important agenda for further study in the field The Sufi Book of Life Neil Douglas-Klotz, 2005-02-22 A dervish guide to life and love for the twenty first century Part meditation book part oracle and part collection of Sufi lore poetry and stories this handbook offers a fresh interpretation of the fundamental spiritual practice found in all ancient and modern Sufi schools the meditations on the 99 Qualities of Unity Unlike most books on Sufism which are primarily collections of translated Sufi texts The Sufi Book of Life explains how to apply Sufi principles to modern life Author Neil Douglas Klotz expertly bridges the gap between the Sufi qualities and contemporary concerns such as love work and success and punctuates this all with timeless wisdom from Sufi masters both ancient and modern such as Rumi Hafiz Shabistari Rabia Inayat Khan Indries Shah Irina Tweedie Bawa Muhaiyadden and more On the web <http://sufibookoflife.com>
