Patrick Pearse And The Politics Of Redemption The Mind Of The Easter Rising 1916:

Patrick Pearse and the Politics of Redemption Sean Farrell Moran, 1997-11 Annotation An intriguing analysis of Pearse within the context of contemporary Irish politics and culture *Patrick Pearse and the Politics of Redemption* Seán Farrell Moran, 1984 **Representing the Troubles in Irish Short Fiction** Michael L. Storey, 2004-05 Representing the Troubles in Irish Short Fiction offers a comprehensive examination of Irish short stories written over the last eighty years that have treated the Troubles Ireland's intractable conflict that arose out of its relationship to England *The Journal of Intelligence History*, *Catholics and Political Violence in the Twentieth Century* Lucia Ceci, 2024-10-14 Catholics and Political Violence in the Twentieth Century presents a historical reconstruction of the ways in which Catholics have justified the recourse to political violence during the twentieth century a period marked by major wars nationalisms decolonization ideological clashes and episodes of genocide Legitimation processes are particularly complex when this violence is not endorsed by the state and perhaps used against it Depending on perspective the protagonists of this radical form of collective action may be seen as terrorists or freedom fighters Written by a leading historian of contemporary Catholicism this book examines a series of case studies from different parts of the world selected because of the central role played by the Catholic religion They range from Northern Ireland to the Basque Country from the Philippines to Colombia and from Mexico to Rwanda It highlights how theological sources paradigms of martyrdom and symbols of the Christian tradition have provided a catalogue of reasons to give moral value to violence and promote it in the name of God By looking at the history of Catholicism in global terms and adopting a transnational perspective Catholics and Political Violence in the Twentieth Century sheds a critical light on the themes that are crucial to understanding the relationship between religion and violence It will appeal to scholars and students working and studying in the fields of Modern and Contemporary History Religious Studies Terrorism Studies Cultural and Global Studies Intellectual History and the History of Political Thought **Rebel Women** Stephen Wilmer, John Dillon, 2014-07-04 A collection of essays by many distinguished contributors focused on the portrayal of rebel women in ancient Greek drama Ancient Greek drama provides the modern stage with a host of powerful female characters who stand in opposition to the patriarchal structures that seek to limit and define them For contemporary theatre directors their representation serves as a vehicle for examining and illuminating issues of gender power family and morality as germane today as when the plays were first written Rebel Women brings together essays by leading writers from across different disciplines examining the representation of ancient Greek heroines in their original contexts and on today's stage Divided into three sections it considers in turn international productions Irish versions and studies of the original texts The articles explore how such characters as Iphigenia Medea Antigone and Clytemnestra have been portrayed in recent times and the challenges and provocation they offer to both contemporary audiences and dramatists alike Seamus Heaney and Athol Fugard are brought together as contributors by the inspiration that ancient Greek tragedy has offered to them both There

are offerings here on Iphigenia edea Antigone Clytemnestra film drama Greece Russia and especially Ireland Amidst all this variety the level of interest and of scholarship are consistently high Oliver Taplin Professor of Classical Languages and Literature Oxford University *Borders of Belief* Gregory J. Goalwin, 2022-07-15 Why have modern nationalists built religious identity as the foundational signifier of nationality in an increasingly secular world The cases of 20th century Ireland and Turkey reveal the answer religious nationalism is not a knee jerk reaction to secular modernization but a tool that forges new and independent national identities Shakespeare and Twentieth-Century Irish Drama Rebecca Steinberger, 2017-11-28 Exploring the influence of Shakespeare on drama in Ireland the author examines works by two representative playwrights Sean O Casey 1880 1964 and Brian Friel 1929 Shakespeare s plays grounded in history nationalism and imperialism are resurrected rewritten and reinscribed in twentieth century Irish drama while Irish plays in turn historicize the Subject Object relationship of England and Ireland In particular the author argues Irish dramatists appropriations of Shakespeare were both a reaction to the language of domination and a means to support their revision of the Irish as Subject This study reveals that Shakespeare s plays embody an empathy for the Irish Other As she investigates Shakespeare s commiseration with marginalized peoples and the anticolonial underpinnings in his texts the author situates Shakespeare between the English discourse that claims him and the Irish discourse that assimilates him **Fitness for Freedom** Marion Quirici, 2025-11-01 Fitness for Freedom revises our reading of Ireland s national story by illuminating the central role of fitness and disability in Irish revivalism and modernism While notions of disability have been used to justify the denial of citizenship and rights across cultures Marion Quirici uncovers a history in which an entire nation Ireland was characterized as disabled and therefore not fit for freedom Beyond symbolism the Famine and decades of emigration led to a perception that Ireland s racial stocks were depleted and that those who remained were feeble and few The fraught relationship between disability and Irishness provides context for Quirici s analysis of modernist Irish literature She argues that authors working within Irish historical and cultural contexts reclaim degeneration as a principle of creativity a move that becomes definitive of modernist experimentation Revivalists such as William Butler Yeats Lady Gregory P draic Pearse and the Gaelic Athletic Association created new mythologies of Irish ability to counter imperial stereotypes tacitly reinforcing the idea of disability as a disqualification for sovereignty Certain Irish modernists however James Joyce Edna O Brien Samuel Beckett Brian O Nolan and Christy Brown called the fitness for freedom ideology into question These authors allow us to disentangle disability from unfitness and scrutinize its relationship to liberation Quirici traces how in their work disability becomes an avenue for exploring the human experience and discovering the inherent creativity and collaborative potential of an interdependent life Ireland and Britain, 1798-1922 Dennis Dworkin, 2012-03-01 The clash between Britain and Ireland and between Catholics and Protestants within Ireland is among the oldest and most enduring nationalist ethnic and religious conflicts in the modern world rooted in the colonization of Ireland by English and Scottish Protestants in the sixteenth and

seventeenth centuries Through fifty six original sources many of which have never been reprinted this volume traces the origins and development of the conflict during the years of the legislative union between Britain and Ireland years shaped by the rise of and British and Irish Unionist responses to Irish nationalism Dworkin s Introduction provides both a history of the conflict and a discussion of its causes headnotes and footnotes set each selection in historical political and cultural context and identify those terms and names that may be unfamiliar to modern readers A map a glossary a chronology of events and a select bibliography are included as are an index and several contemporary illustrations
