Pattern Precision And Repetition In Contemporary Drawing:

By Hand Mary-Kay Lombino, 2001 *By Hand* showcases a diverse group of drawings by 26 artists ranging in the stages of their careers from emerging to established who hail from cities around the world including Los Angeles New York Paris Tokyo Dublin and London In contrast to a recent surge of art made with the aid of technology the drawings included in *By Hand* were all created with simple hand held tools This exhibition brings together work that resists the ever present temptation to generate images with a computer even when the artist must laboriously render such minutiae as the pattern of fabric type written passages or pin straight parallel lines Visually prominent in many of the works are the obsessive attention to detail and the painstaking processes required in their making while other works are handmade attempts to recreate an image or a pattern that was originally machinemade thus revealing or concealing the differences between the two
