Patterns Of Dissonance A Study Of Women In Contemporary Philosophy:

Patterns of Dissonance Rosi Braidotti, 2013-05-28 This book is a brilliant and timely analysis of the complex issues raised by the relation between women and philosophy. It offers a critical account of a wide range of contemporary philosophical and feminist texts and it develops this account into an original project of critical feminist thought. Braidotti examines contemporary French philosophy as practised by men such as Foucault and Derrida showing that they rely on a notion of the feminine in order to undermine classical thought which bears no direct relevance to the historical experience of women. Braidotti then looks at the attempts of contemporary feminist thinkers in Europe and the United States to show the gendered nature of discursive power games. She discusses the contributions of Luce Irigaray and many other feminist theorists to the understanding of sexual difference and of its implications for philosophy and politics. This book will be of interest to students and researchers in women's studies, feminist theory, social theory, cultural studies, philosophy and literature and anyone interested in contemporary feminism and the relation between feminist theory, post structuralism and psychoanalysis.

Making the Personal Political Jane Fenoulhet, 2017-12-02 Making the Personal Political is an interdisciplinary account of a now forgotten success story in the history of the society and culture of the Netherlands While Dutch women had apparently retreated into domesticity after gaining the vote in 1919 women writers were out there in the market place selling the inside story of women s lives Eight case studies of women writers between 1919 and 1970 trace the unconscious politics of the personal in narratives of women s identity and experience through close readings of texts located in the culture of the time Jane Fenoulhet whose knowledge of Dutch literature and culture in the twentieth century is unparalleled in the English speaking world tracks the public representation of women s private project of self development to the moment when the personal is finally accepted as politically important in Dutch society **Women in Western and Eastern Manichaeism**
