Crist draws on nearly fifteen years of archival research to offer the most thorough examination to date of this seminal jazz album Supplementing his research with interviews with key individuals including Brubeck's widow Iola and daughter Catherine as well as interviews conducted with Brubeck himself prior to his passing in 2012 Crist paints a complete picture of the album's origins creation and legacy Couching careful

analysis of each of the album's seven tracks within historical and cultural contexts he offers fascinating insights into the composition and development of some of the album's best known tunes From Brubeck's 1958 State Department sponsored tour during which he first encountered the Turkish aksak rhythms that would form the basis of Blue Rondo la Turk to the backstage jam session that planted the seeds for Take Five Crist sheds an exciting new light on one of the most significant albums in jazz history [101 Saxophone Tips](#) Eric J.
